Hello, World! Solar System Carson-Dellosa Publishing  
Learn from home and explore the world with these fun and easy board books! Young children love to look at bugs. Here’s a Hello, World! board book that teaches toddlers all about the insects in their backyards—with colors, sounds, sizes, and super-simple facts. Hello, World! is a series designed to introduce first nonfiction concepts to babies and toddlers. Told in clear and easy terms and featuring bright, cheerful illustrations, Hello, World! makes learning fun for young children. And each sturdy page offers helpful prompts for engaging with your child. (“Chomp! A bright red ladybug munches on a leaf. Point to each of its spots.”) It’s a perfect way to bring science and nature into the busy world of a toddler, where learning never stops. Look for all the books in the Hello, World! series: • Solar System • Weather • Backyard Bugs • Birds • Dinosaurs • My Body • How Do Apples Grow? • Ocean Life • Moon Landing • Pets • Arctic Animals • Construction Site • Rainforest Animals • Planet Earth • Reptiles • Cars and Trucks • Music • Baby Animals • On the Farm • Garden Time • Planes and Other Flying Machines • Rocks and Minerals • Snow • Let’s Go Camping • School Day

Hello, World! Moon Landing Doubleday Books for Young Readers  
An adorable (and tactile) take on the traditional color concept book.  
*Hello, World! Birds* Doubleday Books for Young Readers  
The best-selling Hello, World! board book series expands into picture books, for Hello, World! kids who are ready for the next step. Kids who enjoy looking up at space and dreaming of exploring the solar system will love this lively, fact-filled, illustrated tour of our galaxy, with engaging information on every page: • Fascinating details about each of the planets, including up-to-date information such as NASA’s Perseverance rover and Ingenuity helicopter—accompanied by bright illustrations. • Statistics about each planet, with information about the planet’s size, distance from the sun, length of days and years, and more. • A helpful chart that shows each planet’s place in the solar system. • A question that asks the reader to think about the planets in relation to themselves, such as "Would you like to live on a planet with a long winter or a short winter?" and "What would you bring on your Mars rover?" Hello, World! readers who have moved up to picture books and any kids who love science and space will find many captivating hours of learning and inspiration in the launch of this exciting new series.

*Hello, World! Pets* Doubleday Books for Young Readers  
With Little Genius books, curious kids can learn and laugh while being captivated by the world around them. With super-simple concepts about the sun, planets, comets, and more, each spread features the wonderful illustrations of Mattia Cerato along with rhyming text that delights while it instructs. With the sun as your guide, meet Mercury, Venus, Earth, and the rest of the planet gang, as you travel further and further to the outer reaches of the solar system. Each planet has one funny identifying feature that will help kids remember a fascinating fact about it. For instance, Earth is wearing goggles. Why? Because it has lots and lots of water! Little Genius: Solar System reads like a fun story, making it the perfect introduction to our night sky.

[Good Night Solar System](#) Little Genius Books

A dinosaur book with humor and fun facts—perfect for the youngest dino fans! "I'm a T. rex! I ROARRRR and I romp! I GRRROWWLLL and I stomp! I'm a T. rex." In this brand-new Little Golden Book, a T. rex tells all about his great and terrible self. Facts about the T. rex are humorously presented: "Does the T stand for toothy? Does the T stand for tall? Does the T stand for terrible? I am known as them all!" The ending reveals a surprise: the T. rex is still a baby in a nest, watched over lovingly by his "great BIG MAMA T. rex!" This Little Golden Book is illustrated by Brian Biggs, one of today's most in-demand illustrators. He brings to life the popular Shredderman books by Wendelin Van Draanen. Author Dennis Shealy is a children's book editor and the author of the popular Little Golden Book I'm a Truck, illustrated by the award-winning artist Bob Staake.

*Off to School, Baby Duck!* Rodale Kids

In this stellar activity book, kids delve into the rich history of space exploration, where telescopes, satellites, probes, landers, and human missions lead to amazing discoveries. Updated to include the recent discovery of Eris which, along with Pluto, has been newly classified as a "dwarf planet" by the International Astronomical Union, this cosmic adventure challenges kids to explore the planets and other celestial bodies for themselves through activities such as building a model of a comet using soil, molasses, dry ice, and window cleaner; or creating their own reentry vehicle to safely return an egg to Earth's surface. With biographies of more than 20 space pioneers, specific mission details, a 20-page field guide to the solar system, and plenty of suggestions for further research, this is the ultimate guidebook to exploring the solar system.

*Hello, World! Construction Site* Rockridge Press
