We always

want to believe history happened to those in the past. Many aspects of historical events were unforeseen. However, not this one. Warnings had been issued, yet the world was unprepared for the invisible enemy that threatened to kill us all. WELCOME TO THE NEXT GLOBAL WAR From the imaginative mind of international bestselling author, Bobby Akart, comes a series ripped

from today's headlines. Meet the Virus Hunters, the disease detectives on the front line of a never-ending battle to save humanity from viruses one-billionth our size. "Scientifically accurate, top notch entertainment and electrifying excitement ..." Deadly outbreaks of diseases make headlines, but not at the start. Every pandemic begins small, subtle, and in faraway places. When

it arrives, it spreads across oceans and continents, like the sweep of nightfall, killing millions, or even billions. The hunt for a silent killer continues in this heart-pounding, page-turning thriller. Not even a doctor's white coat is protection from this virus that's one-billionth our size. Dr. Harper Randolph searches for evidence and her gut tells her the answers lie in

one of the most secretive places on the planet - China. "Characters are well developed, a plot that is intriguing and a novel that educates the reader at the same time. Most highly recommended!" Amazon Hall of Fame Reviewer With the help of a new partner, she follows the clues and enters the mysterious world of China's underground where both allies and enemies await. The stakes get

higher the closer she gets to Patient Zero. Will she find the origin of this novel virus threatening the planet? Will she be silenced by those whose secrets resulted in a global pandemic in the recent past? Bobby Akart has delivered up-all-night thrillers to readers in 245 countries and territories worldwide. His new Virus Hunters novels will give you pause and remind you

that we're in a global war for survival against an unseen foe. "Bobby Akart writes a scientific thriller better than anyone else." SPECIAL DEDICATION: Finally, this series is dedicated to the Virus Hunters - the disease detectives, shoe-leather epidemiologists of the CDC's Epidemic Intelligence Service who work tirelessly to keep these deadly infectious diseases from killing us all. Thank you!

A war is coming, a battle that will stretch from the prehistoric

forests of the ancient past to the cutting-edge research labs of today, all to reveal a true mystery buried deep within our DNA, a mystery that will leave readers changed forever . . . In this groundbreaking masterpiece of ingenuity and intrigue that spans 50,000 years in human history, New York Times bestselling author James Rollins takes us to mankind's next great leap. But will it

mark a new chapter in our development . . . or our extinction? In the remote mountains of Croatia, an archaeologist makes a strange discovery: a subterranean Catholic chapel, hidden for centuries, holds the bones of a Neanderthal woman. In the same cavern system, elaborate primitive paintings tell the story of an immense battle between tribes of Neanderthals and

monstrous shadowy figures. Who is this mysterious enemy depicted in these ancient drawings and what do the paintings mean? Before any answers could be made, the investigative team is attacked, while at the same time, a bloody assault is made upon a primate research center outside of Atlanta. How are these events connected? Who is behind these attacks? The search for

the truth will take Commander Gray Pierce of Sigma Force 50,000 years into the past. As he and Sigma trace the evolution of human intelligence to its true source, they will be plunged into a cataclysmic battle for the future of humanity that stretches across the globe . . . and beyond. With the fate of our future at stake, Sigma embarks on its most harrowing odyssey ever—a

breathhtaking quest that will take them from ancient tunnels in Ecuador that span the breadth of South America to a millennia-old necropolis holding the bones of our ancestors. Along the way, revelations involving the lost continent of Atlantis will reveal true mysteries tied to mankind's first steps on the moon. In the end, Gray Pierce and his team will face to their greatest threat: an ancient evil,

resurrected by modern genetic science, strong enough to bring about the end of man's dominance on this planet. Only this time, Sigma will falter—and the world we know will change forever.

The second installment of the phenomenal Russian quartet *The Night Watch* vampire novels set in a richly realized post-Soviet

Moscow. The second book in the internationally bestselling fantasy series, *The Day Watch* begins where *The Night Watch* left off, set in a modern-day Moscow where the 1,000-year-old treaty between Light and Dark maintains its uneasy balance through careful vigilance from the Others. The forces of darkness keep an eye during the day, the *Day Watch*, while the agents of

Light monitor the nighttime. Very senior Others called the Inquisitors are the impartial judges insisting on the essential compact. When a very potent artifact is stolen from them, the consequences are dire and drastic for all sides. *The Day Watch* introduces the perspective of the *Dark Ones*, told in part by a young witch who bolsters her evil power by leeching fear from children's nightmares as

a counselor at a girls' summer camp. When she falls in love with a handsome young Light One, the balance is threatened and a death must be avenged. The Day Watch is replete with the thrilling action and intricate plotting of the first tale, fuelled by cunning, cruelty, violence, and magic. It is a fast paced, darkly humorous, haunting world that will take root in

the shadows of your mind and live there forever.

In a suspenseful espionage thriller that combines geopolitical intrigue with a full-blown international medical crisis, an American virologist must work with his Russian colleagues to stop the spread of a global pandemic. When Chinese-backed forces kick off a war through biological

weapons, including a genetically modified ancient Mongolian super-virus, doctors from all over the world must work together to find a way to stop it. In a race against a secret political group using the virus as a means to establish a new world order, old enemies from America and Russia work to contain the virus. If they're unable to succeed, countless numbers will die, and the geopolitical

landscape will be changed forever. Inspired by real-life events and packed with suspense, K-666: BRUTUS features an unlikely pairing of forces tasked with finding the cure for a killer virus that is bringing the world to its knees. This extraordinary thriller will leave readers breathless until the very end.

In Sheep's Clothing

One man holds the reins of power. One man vows to

protect him. One man vows to destroy him. Caught in a game of chess he didn't know he was playing until it was too late, the President makes the only move he can, plunging Washington and the nation into chaos. Stunned and reeling, Vice President David Kendall takes the oath of office and tries to heal a nation in mourning. But what the new president doesn't realize is that things in the White House aren't

always what they appear to be, and sometimes what looks like the best option may turn out to be the worst. When one fatal decision triggers consequences he never envisioned, President Kendall finds himself caught up in the same game that cost his predecessor his life. Although there was nothing he could have done, Secret Service Agent Matthew Richter is haunted by

the death of the man he had vowed to protect. When his girlfriend dumps him and his boss tells him that his job is on the line, he thinks his life cannot get any worse. He soon realizes how wrong he is when he finds himself fighting to save another president from the deadly forces that he has unwittingly unleashed."A fast-paced, action-packed political thriller that will leave you on the edge of your seat."

Our population is facing a global health crisis at the hands of rising obesity rates. But fortunately, Alessandro Boccaletti, BS, MBA, is here to show you how you can take responsibility for your health in Big, Fat American Lion Book. Let the comical Big Fat Lion be your guide as you look for simple ways to improve your health. Together, you will learn the factors driving up obesity

rates through plenty of eye-opening US and world statistics. Boccaletti not only investigates the concerns surrounding obesity, but he also outlines the ways overweight or obese individuals can still live healthy lives. The best part? Boccaletti is on your side. Everything here is easy to read and lighthearted—highlighting the importance of the issue without scaring you

away with too much jargon. As the saying goes, knowing is half the battle. Let this book arm you with everything you need to know to understand obesity and take control of your life. *BIG, FAT AMERICAN LION BOOK* Spike, K'Shaar, Thorkan, Mei et Djaizii sont tous de courageux héros du mouvement insurrectionnel nommé la Résilience. Ils luttent depuis des années contre

l'implacable Hégémonie odysienne, une dictature humaine xénophobe menée par le terrifiant Haegemon et soutenue par les mégacorporations les plus crapuleuses des Trois Galaxies. Les cinq agents spéciaux sont ainsi envoyés en mission d'espionnage sur la lune d'Ornmanium IV, le cœur des trafics illégaux les plus lucratifs des galaxies civilisées. Les Kobs, d'ignobles ophiomorphes

mégalomanes, y règnent en maîtres incontestés en défiant l'autorité de l'Hégémonie depuis des années. Certains d'eux soutiennent même secrètement la Résilience. Plongés dans les entrailles ultra-urbanisées d'Ornmanium IV, nos cinq héros vont récupérer des informations cruciales concernant une opération d'extermination de grande envergure que l'ignoble Empereur Haegemon

s'apprête à lancer. Seront-ils capables de s'interposer face à cette menace imminente ? Vous le saurez en lisant ce livre. Ce roman de science-fiction place le lecteur au coeur des Trois Galaxies où des peuples se battent désespérément contre la tyrannie d'une Hégémonie humaine raciste, soutenue par les corporations les plus immorales. Ce livre où s'enchaînent combats

spatiaux, rixes aux pistolasers, et trahisons insidieuses et orchestrées devrait plaire aux amateurs de space opera.

**K-666**  
The phenomenal Russian bestseller. A vampire novel set in a richly realized post-Soviet Moscow, *The Night Watch* has sold across Europe and to 20th Century Fox for huge advances. In *The Night Watch*, the first of a trilogy, and reminiscent of

Philip Pullman's *His Dark Materials* in its ambitions and achievement, the setting is contemporary Moscow. A small number of Muscovites with supernatural powers — those who are Other, owing allegiance either to the Dark or the Light — co-exist in an uneasy truce, each side keeping a close eye on the other's activities around the city. Anton, an Other on the side of the Light, is a

night-watchman, patrolling the streets and Metro of the city as he protects ordinary people from the vampires of the Dark. On his rounds, Anton comes across a young woman, Svetlana, whom he realizes is under a curse that threatens the entire city, and a boy, Igor, a young Other, as yet unaware of his own enormous power. Partnered by Olga, an Other who is in the form of an owl, he

struggles to remove the curse and thereby save the city, while at the same time prevent Igor from falling into the clutches of the Dark. The Night Watch explores the nature of good and evil and the tensions between the individual and the collective in a gripping narrative that owes as much to The Master and Margarita as it does to the richly realized worlds of Philip Pullman and Tolkien. The fight to

defeat new, deadly pathogens never ends. Each time we achieve a victory, the battleground shifts. There is a new outbreak, a new virus, a new enigma. The microbes are not lurking in search of human prey. We find them. From the imaginative mind of international bestselling author, Bobby Akart, comes a series ripped from today's headlines. Meet the Virus Hunters, the disease detectives on

the front line of a never-ending battle to save humanity from viruses one-billionth our size. "Akart is a master of suspense, keeping us on the edge of our seats. But, he does it with fact-based fiction that would scare even the most hardened readers." The hunt for Patient Zero sends Dr. Harper Randolph to a faraway land. As she presses forward to discovering the truth, she's chased

by a government trying to hide the truth. She follows the evidence to the first kill, but are all the answers there? "There are very few authors who consistently deliver novels that I simply have to finish within 48 hours of their release, but Bobby Akart is one of those authors." From Beijing to Tibet to Kathmandu, the Virus Hunters draw closer to revealing the origin of the mysterious, deadly

disease. Dr. Harper Randolph and her new partner, Dr. Li Kwon will soon learn the dead keep their secrets. Secrets that should remain buried as deep as possible. "Bobby Akart has a knack for making you want to keep turning those pages to see what happens next, right to the end of the book!"
