Award-winning director and author Makoto Shinkai offers a romantic sci-fi tale about young

love and space adventure, based on his animated film. This new novel gives readers more insight into Mikako and Noboru's relationship. Fans of the original series will again be immersed in the beautiful world of Shinkai. The word, "world"... I vaguely thought it meant anywhere there was cell phone reception. It's the year 2046. Mikako Nagamine and Noboru Terao are middle school classmates, tentatively sharing an unspoken first love—but unbeknownst to him, Mikako has been

recruited into the UN Space Force, and instead of going on to high school, will join the spacecraft Lysithea to search for alien Tarsians. As she travels further and further to the outer reaches of the solar system, the time it takes for a text message to reach the Earth grows longer and longer. Back on Earth, time passes normally for Noboru, but as the years pass he still can't forget the voice on the other side of the cell phone... Steeped in nostalgia and memory, Arata Kanoh

brings to the page the award-winning OVA by acclaimed filmmaker Makoto Shinkai, director of *She and Her Cat*, *The Place Promised in Our Early Days*, *Garden of Words*, *5 Centimeters per Second*, and the highest-grossing anime film of all time, *Your Name*. Arata Kanoh is a writer who has produced novelizations of Makoto Shinkai's other works, including *5 Centimeters Per Second* (also available from Vertical).

They grow closer to each other due to similar interests and attitudes; for instance, they both prefer to stay inside during recess due to their constitutions. As a

result, they form a strong bond. Upon ending their school year, Akari moves to Tochigi, due to her parents' jobs. The two keep in contact by writing letters, but eventually begin to drift apart. SEE LESS

Whether you long for the partner who broke up with you, or the one you dream of meeting; whether you hunger for the happy childhood you'll never have, or for the divine; whether you yearn for a lost person, an unborn child, the fountain of youth, or unconditional love- These are all manifestations of the same great ache... In this inspiring masterpiece, Susan Cain - author of the international bestseller *Quiet* - shows us the power of a "bittersweet" outlook- the dramatically

overlooked tendency to states of longing and poignancy, and a curiously piercing joy at the beauty of the world. Embracing the bittersweet means understanding that light and dark, birth and death - bitter and sweet - are forever paired, and that only by recognising this can we be fully whole. Bringing to light the ideas of artists, writers and thinkers from all over the world, and her own quest for answers over the course of a lifetime, Susan Cain shifts our understanding of the

world by teaching us how to transform pain and sorrow into creativity and love - and therefore how to turn our sadness into an enriching superpower.

"...a truly great poet, one in whom the lyrical image-maker and the critical human intelligence dealing with the tragic twentieth century are utterly fused, as they so rarely are . . . The quality of the translation is such that it is hard to

remember the poems were not first written in English, even though one is always aware of Radnóti's vision as European and of his locus as Hungary."—Denise Levertov The Hungarian Jewish poet Miklós Radnóti (1909-1944) was also a prolific translator and editor who wrote some of his greatest poems in the labor camps and copper mines of Yugoslavia before being killed by the Nazis. Leaving behind a body of work that ranks with the classics of Hungarian verse, his

influence is now being felt among a younger generation. In 1946, Radnóti's body was exhumed from a mass grave by his wife who found a notebook of his poems (many of which were addressed to her) in his coat pocket.

In the first two decades of his career, filmmaker Hayao Miyazaki laid the groundwork for his legendary movies. Starting Point is a collection of essays, interviews, and memoirs that go back to the roots of Miyazaki's childhood, the formulation of his theories of animation, and the founding of Studio Ghibli. Before directing such acclaimed films as

Spirited Away, Miyazaki was just another salaried animator, but with a vision of his own. Follow him as he takes his first steps on the road to success, experience his frustrations with the manga and animation industries that often suffocate creativity, and realize the importance of bringing the childhood dreams of the world to life. Starting Point: 1979-1996 is not just a chronicle of the life of a man whose own dreams have come true, it is a tribute to the power of the

“A satire of writerly ambition wrapped in a psychological thriller . . .

An homage to Patricia Highsmith, Oscar Wilde and Edgar Allan Poe, but its execution is entirely Boyne’s own.”—Ron Charles, The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR

BY THE WASHINGTON POST AND MINNEAPOLIS STAR TRIBUNE Maurice Swift is handsome, charming, and hungry for fame. The one thing he doesn't have is talent—but he's not about to let a detail like that stand in his way. After all, a would-be writer can find stories anywhere. They don't need to be his own. Working as a waiter in a West Berlin hotel in 1988, Maurice engineers the perfect opportunity: a chance encounter with celebrated novelist Erich Ackermann. He quickly

ingratiates himself with the powerful – but desperately lonely – older man, teasing out of Erich a terrible, long-held secret about his activities during the war. Perfect material for Maurice's first novel. Once Maurice has had a taste of literary fame, he knows he can stop at nothing in pursuit of that high. Moving from the Amalfi Coast, where he matches wits with Gore Vidal, to Manhattan and London, Maurice hones his talent for deceit and manipulation, preying on the talented and

vulnerable in his cold-blooded climb to the top. But the higher he climbs, the further he has to fall. . . . Sweeping across the late twentieth century, *A Ladder to the Sky* is a fascinating portrait of a relentlessly immoral man, a tour de force of storytelling, and the next great novel from an acclaimed literary virtuoso. Praise for *A Ladder to the Sky* "Boyne's mastery of perspective, last seen in *The Heart's Invisible Furies*, works beautifully here. . . . Boyne

understands that it's far more interesting and satisfying for a reader to see that narcissist in action than to be told a catchall phrase. Each step Maurice Swift takes skyward reveals a new layer of calumny he's willing to engage in, and the desperation behind it . . . so dark it seems almost impossible to enjoy reading *A Ladder to the Sky* as much as you definitely will enjoy reading it."—NPR  
 "Delicious . . . spins out over several decades with thrilling unpredictability,

following Maurice as he masters the art of co-opting the stories of others in increasingly dubious ways. And while the book reads as a thriller with a body count that would make Highsmith proud, it is also an exploration of morality and art: Where is the line between inspiration and thievery? To whom does a story belong?"—Vanity Fair

A book without words, recounting a day in the life of an office worker,

told completely in the symbols, icons, and logos of modern life. Twenty years ago I made *Book from the Sky*, a book of illegible Chinese characters that no one could read. Now I have created *Book from the Ground*, a book that anyone can read. —Xu Bing  
 Following his classic work *Book from the Sky*, the Chinese artist Xu Bing presents a new graphic novel—one composed entirely of symbols and icons that are universally understood. Xu Bing spent seven years gathering

materials, experimenting, revising, and arranging thousands of pictograms to construct the narrative of *Book from the Ground*. The result is a readable story without words, an account of twenty-four hours in the life of “Mr. Black,” a typical urban white-collar worker. Our protagonist's day begins with wake-up calls from a nearby bird and his bedside alarm clock; it continues through tooth-brushing, coffee-making, TV-watching, and cat-feeding. He commutes to his job on the subway,

works in his office, ponders various fast-food options for lunch, waits in line for the bathroom, daydreams, sends flowers, socializes after work, goes home, kills a mosquito, goes to bed, sleeps, and gets up the next morning to do it all over again. His day is recounted with meticulous and intimate detail, and reads like a postmodern, post-textual riff on James Joyce's account of Bloom's peregrinations in *Ulysses*. But Xu Bing's narrative, using an exclusively visual language, could be

published anywhere, without translation or explication; anyone with experience in contemporary life—anyone who has internalized the icons and logos of modernity, from smiley faces to transit maps to menus—can understand it.
