"This timely volume chronicles and analyses the intersection of rice policies and the pandemic through case studies of a diverse range of Southeast Asian countries: rice exporters, rice importers and city-states. There is no group of eminent researchers better suited to carrying out this work, and they conduct the analysis by illuminating the historical context that is essential to an understanding of rice policies in the region. This volume is a must-read for anyone interested in rice policies and politics in contemporary Southeast Asia."--David Dawe, Former Senior Economist with the International Rice Research Institute and the Food and Agricultural Organization. "This is highly recommended reading for those interested in an up-to-date and in-depth treatment of the political economy of rice policies in five major ASEAN countries, one chapter per country. While the book title indicates a topical focus on the impact of the COVID-19 pandemic on Southeast Asia's rice sector, these chapters are much more than this, giving considerable historical context leading up to the outbreak of the pandemic and looking forward after the pandemic."--Howarth Bouis, Laureate, World Food Prize; Emeritus Fellow, International Food Policy Research Institute

85 authentic recipes and 100 stunning photographs that capture the cultural and cooking traditions of the Italian South, from the mountains to the coast. In most cultures, exploring food means exploring history—and the Italian south has plenty of both to offer. The pasta-heavy, tomato-forward “Italian food” the world knows and loves does not actually represent the entire country; rather, these beloved and widespread culinary traditions hail from the regional cuisines of the south. Acclaimed author and food journalist Katie Parla takes you on a tour through these vibrant

destinations so you can sink your teeth into the secrets of their rustic, romantic dishes. Parla shares rich recipes, both original and reimagined, along with historical and cultural insights that encapsulate the miles of rugged beaches, sheep-dotted mountains, meditatively quiet towns, and, most important, culinary traditions unique to this precious piece of Italy. With just a bite of the Involchini alla Piazzetta from farm-rich Campania, a taste of Giurgiulena from the sugar-happy kitchens of Calabria, a forkful of ‘U Pan’ Cuott’ from mountainous Basilicata, a morsel of Focaccia from coastal Puglia, or a mouthful of Pizz e Foje from quaint Molise, you’ll discover what makes the food of the Italian south unique. Praise for Food of the Italian South “Parla clearly crafted every recipe with reverence and restraint, balancing authenticity with accessibility for the modern home cook.”—Fine Cooking “Parla’s knowledge and voice shine in this outstanding meditation on the food of South Italy from the Molise, Campania, Puglia, Basilicata, and Calabria regions. . . . This excellent volume proves that no matter how well-trodden the Italian cookbook path is, an expert with genuine curiosity and a well-developed voice can still find new material.”—Publishers Weekly (starred review) “There’s There’s Italian food, and then there’s there’s Italian food. Not just pizza, pasta, and prosciutto, but obscure recipes that have been passed down through generations and are only found in Italy... . . . and in this book.”—Woman’s Day (Best Cookbooks Coming Out in 2019) “[With] Food of the Italian South, Parla wanted to branch out from Rome and celebrate the lower half of the country.”—Punch “Acclaimed culinary journalist Katie Parla takes cookbook readers and home cooks on a culinary journey.”—The Parkersburg News and Sentinel

The Routledge History of Loneliness takes a multidisciplinary approach to the history of a modern emotion, exploring its form and development across cultures from the seventeenth century to the present. Bringing together thirty scholars from various disciplines, including history, anthropology, philosophy, literature and art history, the volume considers how loneliness was represented in art and literature, conceptualised by philosophers and writers and described by people in their personal narratives. It considers loneliness as a feeling so often defined in contrast to sociability and affective connections, particularly attending to loneliness in relation to the family, household and community. Acknowledging that loneliness is a relatively novel term in English, the book explores its precedents in ideas about solitude, melancholy and nostalgia, as well as how it might be considered in cross-cultural perspectives. With wide appeal to students and researchers in a variety of subjects, including the history of emotions, social sciences and literature, this volume brings a critical historical perspective to an emotion with contemporary significance.

Lonely Planet Pocket Rome Greystone Books Ltd

The riveting narrative of an honorable Irish priest who finds the church collapsing around him at a pivotal moment in its history Propelled into the priesthood by a family tragedy, Odran Yates is full of hope and ambition. When he arrives at Clonliffe Seminary in the 1970s, it is a time in Ireland when priests are highly respected, and Odran believes that he is pledging his life to "the good." Forty years later, Odran's devotion is caught in revelations that shatter the Irish people's faith in the Catholic Church. He sees his friends stand trial, colleagues jailed, the lives of young parishioners destroyed, and grows nervous of venturing out in public for fear of disapproving stares and insults.

At one point, he is even arrested when he takes the hand of a young boy and leads him out of a department store looking for the boy's mother. But when a family event opens wounds from his past, he is forced to confront the demons that have raged within the church, and to recognize his own complicity in their propagation, within both the institution and his own family. A novel as intimate as it is universal, *A History of Loneliness* is about the stories we tell ourselves to make peace with our lives. It confirms Boyne as one of the most searching storytellers of his generation.

China New York Review of Books

From the #1 New York Times bestselling author of *Beautiful Ruins* and *The Cold Millions* comes a stunning collection about those moments when everything changes—for the better, for the worse, for the outrageous—as a diverse cast of characters bounces from Italy to Idaho, questioning their

roles in life and finding inspiration in the unlikeliest places. We all live like we're famous now, curating our social media presences, performing our identities, withholding those parts of ourselves we don't want others to see. In this riveting collection of stories from acclaimed author Jess Walter, a teenage girl tries to live up to the image of her beautiful, missing mother. An elderly couple confronts the fiction writer eavesdropping on their conversation. A son must repeatedly come out to his senile father while looking for a place to care for the old man. A famous actor in recovery has a one-night stand with the world's most surprising film critic. And in the romantic title story, a shy twenty-one-year-old studying Latin in Rome during "the year of my reinvention" finds himself face-to-face with the Italian actress of his adolescent dreams. Funny, poignant, and redemptive, this collection of short fiction offers a dazzling range of voices, backdrops, and situations. With his signature wit and bighearted approach to the darkest parts of humanity, Walter tackles the modern condition with a timeless touch, once again "solidifying his place in the contemporary canon as one of our most gifted builders of fictional worlds" (*Esquire*).
