A little squirrel announces that he was once very, very, scared and finds out that he is not alone. Lots of little animals went through scary experiences, but they react in different ways. Turtle hides and gets a

tummy ache, monkey clings, dog barks, and elephant doesn't like to talk about it. They need help, and they get help from grown-ups who help them feel safe and learn ways to cope with difficult feelings. This story was written to help children and grown-ups understand how stress can affect children and ways to help them.

"Freddy Fumple and the Mindmonsters is most highly recommended.

Marvelous " - Readers' Favorite (5/5 STAR

REVIEW) Freddy Fumple's world is about to turn upside down, in this nail-biting, thought-bursting, hilarious and spectacular adventure that will enthrall you from beginning to end. Freddy

Fumple is not like most other people. For one, he sees things that others can't see. What is more, he likes to ponder upon a very special question: How far is infinity? When he and the rest of his family move to an old house out in the country, everything is about to change. Soon Freddy is on the verge of discovering a world beyond his wildest dreams. A world that desperately needs his

help. An adventurous place where he finally can get an answer to his giant question. Providing, of course, his neighbor doesn't make stew out of him first. And that he manages to help the confused ghost which is poltergeisting his new room. And avoids being devoured by the terrifying mindmonsters.

Freddy Fumple and the Mindmonsters

Is it a bird? Is it a plane?

And what's that smell? Amelia is just a regular kid. That is until a chance encounter with a strange looking bug that grants her super powers- super farty powers! A hilarious story full of farting and flying that children of all ages (and their parents) will love! A beautifully illustrated childrens book that is both perfect for reading to your little ones, but also great for those that can read themselves.
