Scroll Saw Pattern Fox Chapel Publishing
Company Incorporated

Renowned woodworking artisan and best-selling author Patrick Spielman presents an incredible collection of more than 235 decorative and functional

patterns and more than 100 projects. Many of these projects are ideal for the beginning scroller and can be completed in an hour or less. Most do not require expert sawing skills or fancy equipment. Work with a variety of materials other than wood, including paper, plastic, and metal, and try your hand at using interesting finishes that make wood look like polished metal or an aged turquoise patina. Make key-chains, bookmarks, objects d'art, holiday ornaments, crosses, fretwork shelves, clocks, candlesticks, boxes, name signs, dimensional scenes, trivets, and more. The motifs used range from animals and people to Celtic designs to sports and holiday themes. A review of basic techniques and illustrated instructions help you complete these fun and easy

projects!

Scrollsaw Patterns Fox Chapel Publishing
20 Multilayered Scroll saw projects;
ready-to-cut Patterns. Imagine how you would feel after creating beautiful art to decorate your home! Imagine the look in the eyes of your beloved ones when they see the art you made! With the help of the ready-to-cut templates in this book, you can create multilayered art or lighted shadow boxes. Some projects might be easy to do but most projects will be very challenging. Please, note that the book is Not a teaching book. There are NO tutorials; NO detailed instructions on the scroll saw operations or any tools. There are NO tips or tricks on choosing wood or blades. There are NO recommendation or how-to of any techniques. There are NO tools included.

It is purely printed paper patterns to make multilayered art using a scroll saw. How to use the patterns in this book? The patterns are ready to use with single side printed pages so you can easily cut out the page and paste it on a suitable piece of wood. The project layers are from 3 layers to 7 layers. The size ranges from 7.5 x 7.5 inches (19x19 cm) to 7.25 x10 inches (18.41x 25.4 cm) Of course, you can photocopy, scale and alter the patterns according to your convenience. Some patterns have details that might be challenging to cut on a smaller scale, so we recommend using paint to add the tiny details. Some projects might be easy to do but most projects will be very challenging. The outcome of the project will depend on your choice of materials and how far can

you challenge your creativity and skills. There are two options for the end product; The first option cut out all the layers and glue them directly on top of each other to create a 3d layered in-depth art. Second option build a shadow box frame with spaced grooves in the frame walls. The cutout layers or panels can then be fitted inside the grooves of the frame. A light String might be added inside the frame to create a lighted shadow box. There are very few and basic general instruction on how to build a frame inside the book, and few general tips that you probably knew. Features The book is large size with printed softcover, and paperback binding. The templates are printed on a single side to allow the use of the patterns. The size of the patterns ranges from 7.5 x 7.5

inches (19x19 cm) to 7.25 x10 inches (18.41x 25.4 cm) Please kindly note that the pages are not perforated, and tools are not included. Please note that the book has only patterns, no tutorials, no detailed instructions, no tips on choosing wood or blades. Ready-to-cut Patterns of 20 Multilayered Scroll saw projects to make your own art!
