"In this splendid book, David Roediger shows the need for political activism aimed at transforming the social and political meaning of race.... No other writer on whiteness can match Roediger's historical breadth and depth: his grasp of the formative role played by race in the making of the nineteenth century working class, in defining the contours of twentieth-century U.S. citizenship and social membership, and in shaping the meaning of emerging social identities and cultural practices in the twenty-first century."—George Lipsitz, author of *The Possessive Investment in Whiteness* "David Roediger has been showing us all for years how whiteness is a marked and not a neutral color in the history of the United States. *Colored White*, with its synthetic sweep and new historical investigations, marks

yet another advance. In the burgeoning literature on whiteness, this book stands out for its lucid, unjargonridden, lively prose, its groundedness, its analytic clarity, and its scope."—Michael Rogin, author of *Blackface, White Noise*

Now Betsy must wring the truth from a bevy of colorful suspects. Because what she knows just might mean the difference between living—and dyeing... Included free in this edition: a never-before-published *Needlecraft Mystery* story and a counted cross-stitch pattern

Island Boy Meets Island Girl: Expanded Color Edition

Thomas Nelson

One day in the life of Christ. Call it a tapestry of turmoil: A noisy pictorial in which the golden threads of triumph knot against the black, frazzled strings of tragedy. Call it a symphony of emotions: A sunrise-to-sunset orchestration of extremes. One score is brassy with exuberance -- the next moans with sorrow. Whatever you call it -- call it real. Author Max Lucado calls it "the second most stressful day in the life of our Savior." Before the morning becomes evening Jesus has reason to weep, then run, then shout, the curse, then praise, then doubt. Within a matter of moments his world is turned upside down. Sound familiar? The pink slip comes. The doctor calls. The divorce papers arrive. The check bounces. The life that had been calm is now chaotic. The world that had been serene is now stormy. Assailed by doubts. Pummeled by demands. If you've ever wondered if God in heaven can relate to you on earth, then read and re-read this pressure-packed day in the life of Christ. It is the only day, aside from the crucifixion, that all four gospels recorded. Lucado has interwoven their accounts in such a way that you will be assured that God knows how you feel. And you will be assured that within every torrent there is a calm center -- a place you can stand when your world gets windy. The Eye of the Storm.

To those very few people who know Paul Trenton, he is a nice, quiet, hardworking young artist who, despite his extreme shyness, seems well adjusted. For Paul, nothing could be farther from the truth. His inner reality is a violent storm of fear, anguish,

and severe self-loathing. He is a man plagued by the noise of a past he cannot quiet and enslaved to the self-hating monster that seethes within, a monster spawned by the beast that calls itself his father and the ghost that calls itself his mother. When Paul loses his position as a graphic artist in a New York advertising agency, the one job he believed would help him climb from the morass of his mediocre life, the blow proves to be too much. Thrown into deep despair, he turns to the only companions he believes he has ever had—a tiny cigarette lighter and a straight razor. Fire and steel, for the monster covets pain above all things. The monster's ritual is interrupted by Paul's neighbor Eddie, an eighteen-year-old walking hormone, who invites Paul to a new nightclub in the city. He agrees to tag along because he knows that at the club, he can have another date with the only mistress he has ever known: alcohol. The nightclub will be the perfect place for him to drink himself into oblivion, and that is exactly what he plans to do. Until the girl with the sapphire eyes comes dancing into his life. Mesmerized by her incredible beauty, alluring grace, and their fateful stare, Paul abandons his suicidal intention but finds himself in mortal peril anyway. But he is rescued! After his rescue, life for him becomes very surreal. He learns that this beautiful lady and her two male companions aren't from our neck of the woods. In fact, they aren't from our galaxy! Who are they? What do they want? Why are they here on Earth? He can hardly believe their outlandish plan and their intention for Paul to help. Yet the girl with the sapphire eyes wants to help Paul first. Thus begins Paul's quest to escape the conflicted monster he believes he has become, which takes him from a dark alleyway to the height of the fashion world, to a

showdown with the beast that calls himself his father, and the ultimate, bloody confrontation with himself, then onto the most profound event in human history. All That Noise is a deeply introspective, emotionally-honest journey through one man's pain that is sometimes quirky but is a serious exploration into the tragic effects of child abuse on the human psyche. This story confronts the permanence of pain, mourns the loss of self, and poignantly reminds us of what could have been, yet ultimately reveals the responsibility of choice, the necessity of forgiveness, and the liberating power of love.

This new AFI Film Reader is the first comprehensive collection of original essays on the use of color in film. Contributors from diverse film studies backgrounds consider the importance of color throughout the history of the medium, assessing not only the theoretical implications of color on the screen, but also the ways in which developments in cinematographic technologies transformed the aesthetics of color and the nature of film archiving and restoration. *Color and the Moving Image* includes new writing on key directors whose work is already associated with color—such as Hitchcock, Jarman and Sirk—as well as others whose use of color has not yet been explored in such detail—including Eric Rohmer and the Coen Brothers. This volume is an excellent resource for a variety of film studies courses and the global film archiving community at large.

Get ready to be transported to another time in familiar and unfamiliar places. Turn of the century Southern California was a tumultuous vibrant place jumping to live every minute like it was the last. Lone prospectors crisscrossed the hills and vales of what

was then San Diego County, but not all were searching for gold. Some sought precious gems: vibrantly colored tourmaline, beryl and Kunzite. Even a few legendary figures such as Wyatt Earp and his companion, Josephine Marcus, lived in San Diego during these times where many others heroes, villains and plain ordinary citizens filled this by gone world. Like many an old sourdough, grab the tail of the elephant and be taken for a wild ride. Excerpt: The transaction was all cash and handled by Mr. Fano. Actually, the truth be known, I am a little uncomfortable in this monkey suit, he said glancing in Christina's direction, a little concerned for her reaction to his comment. She, however, was concentrating on Earp's face, trying to see in his expression or his eyes what he was thinking. Just to err on the side of caution, she reached into her purse and withdrew the Smith and Wesson 44 she had taken from Ramon. E.A., his alarm bells ringing, prepared his matched derringers in case gun-play happened, although he really didn't want to draw down on the famous Wyatt Earp. Well, you know, hoss, said Earp, his eyes starting to squint down real thin like a man gazing across the distance of a bright prairie. That hat you're wearing looks a lot like the one I never received from that lyin', stealing, son-of-a-bitch tailor, Lautrec. He claimed the hat had been stolen out of his transom on the way to deliver it to me. Now Wyatt... started Josie. Don't 'now Wyatt' me. I never forget a hat, and I remember that one, said Earp, a deadly tone creeping into his voice.
