This book is a masterpiece of fantasy artwork and writing and comprised of a number of tantalizing nordic fairytales written by Asbjornsen in the early 19th century. They just don't make storybooks like this anymore, and could easily be appreciated by young readers and adults alike. The work is illustrated with forty six stunning images produced by the brilliant Kay Nielsen, and some of his life's best work can be seen in this book, now available in convenient epub3 format for view on your smartphone, tablet or

computer. Nielsen dedicated years into turning these old wives tales and stories of old into an amazing visual journey. Children these days don't get to see sensational pieces of writing and illustration like this, however, back in its day, this book would have been the worlds greatest achievement in illustrated childrens' fantasy. The stories in this book contain heroic journeys, the grotesque and the supernatural, and for those reasons, adults can also enjoy going through this amazing piece of literature. Resurrected from antiquity, the stunning 'East of the Sun and West of the Moon' is now conveniently available for you to read on your device.

Descubra todo un mundo de amantes desventurados, vientos mágicos, gigantes y troles traviesos y algunas de las ilustraciones más exquisitas de la historia de la edición. En esta maravillosa edición abreviada, TASCHEN recupera la publicación más ambiciosa del admirado artista danés Kay Nielsen, uno de los dibujantes de libros infantiles más famosos de todos los tiempos. Publicada por primera vez en 1914, *East of the Sun and West of the Moon* es una famosa colección de cuentos de hadas reunidos por los legendarios folcloristas noruegos

Peter Christen Asbjørnsen y Jørgen Engebretsen Moe durante sus viajes por Noruega a mediados del siglo XIX. La edición ilustrada de Nielsen de los cuentos de hadas de Asbjørnsen y Moe se considera una joya de la literatura infantil de principios del siglo XX, muy codiciada por los coleccionistas de obras de arte y libros de todo el mundo. En 2008, un ejemplar original firmado de la obra se convirtió en el libro ilustrado infantil mejor pagado en una subasta. Este extraordinario volumen presenta 10 de los cuentos originales y devuelve a su esplendor inicial los detalles y la calidad artística fuera de serie de las creaciones de Nielsen. Con 41 de sus ilustraciones y muchas ampliaciones de fragmentos de sus raras acuarelas originales, el libro se completa con tres textos, ilustrados con docenas de obras raras e inéditas del autor, que analizan la historia de los cuentos nórdicos, la vida y trabajo de

Nielsen y los orígenes de esta obra maestra.
