Provide quality nursing care for adults with medical-surgical and psychiatric disorders! Building upon the fundamentals of nursing, *Medical-Surgical Nursing*, 8th Edition helps you master the role and responsibilities of the LPN/LVN in medical-surgical care. The text addresses the special problems of older adult patients, then covers each major disorder by body system, presenting patient problems, goals, outcome criteria, and nursing interventions. Written by noted educators Adrienne Dill Linton and Mary Ann Matteson, this text helps you build the clinical judgment skills you need to succeed on the Next-Generation NCLEX-PN® examination and in nursing practice.
