Un espion aux charmes vénéneux Pékin. 1964, Bernard Boursicot, jeune comptable fraîchement engagé à l'ambassade de France, voit ses rêves d'aventure et d'exotisme freinés par la méfiance des Chinois à l'égard des Occidentaux... Jusqu'à

ce qu'il rencontre Shi Pei Pu, ancien acteur et dramaturge à l'Opéra de Pékin. Fasciné par cet homme raffiné, il se lie d'une profonde amitié avec lui.

Lorsque Shi dévoile, à la veille d'une nouvelle mutation de Bernard, qu'il est en réalité une femme dissimulant depuis toujours sa véritable identité pour protéger l'honneur de sa famille, l'amitié devient un amour dangereux, rapidement entravé par la révolution culturelle et les soupçons de trahison pesant sur quiconque se lie avec un étranger. Pour préserver sa relation avec sa bien-aimée et leur enfant, et espérer pouvoir un jour les ramener avec lui en France, Bernard devient espion pour le compte de la Chine de

Mao, sans soupçonner que Shi a encore pour lui bien des secrets, dont certains mêlent les services secrets chinois...

Despite an often unfair reputation as being less popular, less successful, or less refined than their bona-fide Broadway counterparts, Off Broadway musicals

deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever-popular *A Chorus Line* and *Rent* to more off-beat productions like *Avenue Q* and *Little Shop of Horrors*. And while it remains to be seen if other popular Off Broadway shows like *Stomp*, *Blue Man Group*, and *Altar Boyz* will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of

Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters; the opening date and number of performances; the production's cast and creative team; a list of songs; a brief plot synopsis; and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices including a discography,

filmography, a list of published scripts, and lists of musicals categorized by topic and composer.

The control of cameras is as important in games as it is in cinema. How the camera tracks and moves determines our point of view and influences our attitude towards the content. A poorly designed camera system in a game can disrupt a users experience, while a well-designed one can make a good game into a great one. The challenge in games is that th

Qui se cache derrière l'espionne mythique ?  
Depuis plus d'un siècle, Mata Hari incarne dans

l'imaginaire occidental la manipulatrice sans morale, l'espionne cynique naviguant entre les services secrets allemands et français sans l'once d'un remord, se jouant des uns et des autres grâce à ses courbes envoûtantes. Mais qui était-elle réellement ? Était-elle vraiment cette redoutable espionne à la solde de l'Allemagne comme il fut dit dans les journaux de 1917 annonçant son exécution pour trahison ? Ou n'était-elle en fin de compte qu'une courtisane d'opérette dont la naïveté fut broyée sur l'autel de l'Histoire ? De la petite hollandaise désœuvrée à la redoutable agent double allemande, nom de code « H21 », les vies réelles ou rêvées

de Margaretha Zelle alimentent le dossier de cette affabulatrice de génie. Si la danseuse érotique orientale devant laquelle le Tout-Paris de la Belle Epoque se pâme laisse bientôt place à la mondaine cosmopolite qui collectionne les amants et vit grand train, cette femme hors norme va peu à peu perdre sa liberté dans les méandres de la Grande Guerre tout en y gagnant une étrange immortalité... Le dossier de Rendez-vous avec X consacré à Mata Hari se propose d'aller à la rencontre de cette femme qui voulait vivre sa vie comme un conte et qui, malgré elle, devint l'un des plus grands mythes du XXe siècle. *Catalog of Copyright Entries* Les Editions du

In Paris in the Dark Eric Smoodin takes readers on a journey through the streets, cinemas, and theaters of Paris to sketch a comprehensive picture of French film culture during the 1930s and 1940s. Drawing on a wealth of journalistic sources, Smoodin recounts the ways films moved through the city, the favored stars, and what it was like to go to the movies in a city with hundreds of cinemas. In a single week in the early 1930s, moviegoers might see Hollywood features like King Kong and Frankenstein, the new Marlene Dietrich and Maurice Chevalier movies, and any number of films from Italy, Germany, and Russia. Or they could frequent the city's

ciné-clubs, which were hosts to the cinéophile subcultures of Paris. At other times, a night at the movies might result in an evening of fascist violence, even before the German Occupation of Paris, while after the war the city's cinemas formed the space for reconsolidating French film culture. In mapping the cinematic geography of Paris, Smoodin expands understandings of local film exhibition and the relationships of movies to urban space.

Horace G. Danner's *A Thesaurus of English Word Roots* is a compendium of the most-used word roots of the English language. As Timothy B. Noone notes in his

foreword: "Dr.

Danner's book allows you not only to build up your passive English vocabulary, resulting in word recognition knowledge, but also gives you the rudiments for developing your active English vocabulary, making it possible to infer the meaning of words with which you are not yet acquainted. Your knowledge can now expand and will do so exponentially as your awareness of the roots in English words and your corresponding ability to decode unfamiliar words grows apace.

This is the beginning of a fine mental linguistic library: so enjoy!" In *A Thesaurus of English Word Roots*, all word roots are listed alphabetically, along with the Greek or Latin

words from which they derive, together with the roots' original meanings. If the current meaning of an individual root differs from the original meaning, that is listed in a separate column. In the examples column, the words which contain the root are then listed, starting with their prefixes, for example, dysacusia, hyperacusia. These root-starting terms then are followed by terms where the root falls behind the word, e.g., acouesthesia and acoumeter. These words are followed by words where the root falls in the middle or the end, as in such terms as bradyacusia and odynacusis.. In this manner, A Thesaurus

of English Word Roots places the word in as many word families as there are elements in the word. This work will interest linguists and philologists and anyone interested in the etymological aspects of English language.
