BEATRICE ALANI

The Ballad of Songbirds and Snakes (A Hunger Games Novel) HarperCollins
Now in one stunning collection, four of Stephen King's most well-loved horror stories: *The Mist*, *Apt Pupil*, *The Body*, and *The Sun Dog*. Each standalone story is a riveting master class in short fiction from "the reigning King of American popular literature" (*Los Angeles Daily News*). In *The Mist*, terror descends in the wake of a summer storm. David Drayton, his son Billy, and their neighbor Brent Norton join dozens of others and head to the local grocery store to replenish supplies and become trapped by a strange mist that has

enveloped the town. As the confinement takes its toll on the group's nerves, staying in the store may prove fatal—so, the Draytons, Brent, and a handful of other survivors attempt their escape. But what's out there may be worse than what they left behind. *Apt Pupil* follows Todd Bowden, a top-performing student and all around "good kid" who learns his teacher, Mr. Dussander, is more than he seems. Turns out, Mr. Dussander is the target of a decades-old manhunt. He's never been caught, and Todd doesn't want to be the one to turn him in. Instead, Todd will face his fears and learn the real meaning of power—and the seductive lure of evil. In *The Body*, it's 1960 in the fictional town of Castle Rock, Maine, and a boy from a neighboring

town has vanished. Twelve-year-old Gordie Lachance and his three friends set out on a quest to find his body along the railroad tracks. During the course of their journey, Gordie, Chris Chambers, Teddy Duchamp, and Vern Tessio come to terms with death and the harsh truths of growing up in this iconic, unforgettable, coming-of-age story that was also adapted in the 1986 film classic *Stand by Me*. In *The Sun Dog*, Kevin Delevan receives the perfect gift for his fifteenth birthday: a Polaroid Sun 660. But no matter where Kevin Delevan aims the camera, it produces a photograph of an enormous, vicious dog. In each successive picture, the menacing creature draws nearer to the flat surface of the

Polaroid film. When old Pop Merrill, the town's sharpest trader, gets wind of this phenomenon, he envisions a way to profit from it. But the Sun Dog, a beast that shouldn't exist at all, is a dangerous investment... This beautiful boxed set makes the perfect gift for seasoned King fans and newcomers alike—and features impeccably crafted, page-turning stories you'll return to again and again.

The survivors who remain are scared, bewildered, and in need of a leader. Two emerge--Mother Abigail, the benevolent 108-year-old woman who urges them to build a peaceful community in Boulder, Colorado; and Randall Flagg, the nefarious "Dark Man," who delights in chaos and violence. As the dark man and the

peaceful woman gather power, the survivors will have to choose between them--and ultimately decide the fate of all humanity.

Battle Notes Simon and

Sally Gilmartin can't
escape her past. Living in
the idyllic English

countryside in 1976, Sally is haunted by her experiences during the Second World War. She also suspects someone is trying to kill her. With mounting fear, Sally confides with her daughter Ruth; a woman struggling with her own past. Sally drops a bombshell. She is actually Eva Delectorskaya, a Russian émigré recruited as a spy by the British prior to the Second World War. For the past thirty years, Eva has led a second life hiding from the ghosts of her past. Eva reveals her secret to her daughter through a series of written chapters for a planned book. As Ruth delves into her mother's writing, she learns the shocking truth. Eva was recruited in Paris prior to the Second World War, following the death of her brother Kolia; also a British spy. Taught by an enigmatic spymaster named Lucas Romer, Eva learned the art of espionage and was made part of a unit specializing in media manipulation. Above all, she was taught 'Rule Number One' of spying: trust no one — a rule broken when she and Romer began a dangerous love affair. The affair had tragic consequences. In 1941, Eva and Romer

were assigned to the United States. They were given the task of manipulating the American media into motivating the public to support entry into the war on the Allied side. While in New York, Eva's affair with Romer set in motion events that culminated in her betrayal and her flight from the British Secret Services. She found eventual refuge in a new life as Sally Gilmartin. Thirty years later, Eva's identity unravels with her confession to her daughter. Ruth struggles with the truth, and her own recent past fills her with self-doubt and insecurity. A failed relationship in Germany resulted in a son and an eventual return to England. Her mother's confession leads Ruth to the realization that her mother is entangling her in one final mission — a showdown with Eva's past betrayer. Restless twists and turns through the double life of one remarkable woman. Through Eva's life, William Boyd asks the intriguing question — How well do we truly know someone? **The Sun Dog** Scholastic Inc. The Green Mile, Stephen King's #1 New York Times bestselling novel, was first

published twenty years ago in six original paperback installments. Inspiration for the Oscar-nominated film starring Tom Hanks about an innocent man on death row, *The Green Mile* is now available for the first time in e-serial form. *Coffey on the Mile* is Volume Six. *Cold Mountain Penitentiary* has seen its share of men drawing their last breaths, with many of them claiming to be innocent until the very end. In this final chapter of the six-part novel, we learn both John Coffey's fate and the terrible truth Paul Edgecombe discovers about him. The story also brings us farther into the present as Paul recounts the events of his life after *Cold Mountain*—and the lives of all he encountered there. The gentle giant with healing hands. The little mouse that softened a murderer's heart. The corrupt man capable of more evil than any of those he guarded. And all the wonderful and horrible men and moments in that place of ultimate retribution, the well-worn stretch of linoleum they called the Green Mile. **The Forager's Guide to Wild Foods** Simon and Schuster A gripping and wholly

original account of the epic human tragedy that was the great Klondike Gold Rush of 1897-98. One hundred thousand men and women rushed heedlessly north to make their fortunes; very few did, but many thousands of them (and their pack animals) died in the attempt. The electrifying announcement in 1897 that gold was to be found in wildly enriching quantities in the Klondike River region in remote Alaska was demonically well-timed to attract an exodus of economically desperate Americans. Within weeks, tens of thousands of them were embarking from western ports to throw themselves at some of the harshest terrain on the planet--in winter, yet--woefully unprepared, with no experience at all in mining or mountaineering. It was a mass delusion that quickly proved deadly. Brian Castner tells the unvarnished yet always striking and often amazing truth of this greed-fuelled migration.

Stampede Claude Davis
A young woman's impassioned pursuit of a sealed cache of T. S. Eliot's letters lies at the heart of this emotionally charged novel -- a story of marriage and madness, of

faith and desire, of jazz-age New York and Europe in the shadow of the Holocaust. The Archivist was a word-of-mouth bestseller and one of the most jubilantly acclaimed first novels of recent years.

Judas Coyne is a collector of the macabre: a cookbook for cannibals . . . a used hangman's noose . . . a snuff film. An aging death-metal rock god, his taste for the unnatural is as widely known to his legions of fans as the notorious excesses of his youth. But nothing he possesses is as unlikely or as dreadful as his latest purchase, an item he discovered on the Internet: I will sell my stepfather's ghost to the highest bidder . . . For a thousand dollars, Jude has become the owner of a dead man's suit, said to be haunted by a restless spirit. But what UPS delivers to his door in a black heart-shaped box is no metaphorical ghost, no benign conversation piece. The Dark Tower Boxed Set Harper Collins
 "A surreal excursion into heartache and horror narrated by a man undone by grief . . . Along with allusions to Rod Serling and The Exorcist, there are shades of H. P. Lovecraft, Stephen King,

zombie literature and, at least once, A Hitchhiker's Guide to the Galaxy . . . You don't want to read this book right before bed." —Sarah Lyall, The New York Times Book Review "This intense cosmic horror with a touch of Mexican American folklore is incredibly creepy and moving." —Margaret Kingsbury, BuzzFeed It was Vera's idea to buy the Itza. The "world's most advanced smart speaker!" didn't interest Thiago, but Vera thought it would be a bit of fun for them amidst all the strange occurrences happening in the condo. It made things worse. The cold spots and scratching in the walls were weird enough, but peculiar packages started showing up at the house—who ordered industrial lye? Then there was the eerie music at odd hours, Thiago waking up to Itza projecting light shows in an empty room. It was funny and strange right up until Vera was killed, and Thiago's world became unbearable. Pundits and politicians all looking to turn his wife's death into a symbol for their own agendas. A barrage of texts from her well-meaning friends about letting go and moving on. Waking to the

sound of Itza talking softly to someone in the living room . . . The only thing left to do was get far away from Chicago. Away from everything and everyone. A secluded cabin in Colorado seemed like the perfect place to hole up with his crushing grief. But soon Thiago realizes there is no escape—not from his guilt, not from his simmering rage, and not from the evil hunting him, feeding on his grief, determined to make its way into this world. A bold, original horror novel about grief, loneliness and the oppressive intimacy of technology, This Thing Between Us marks the arrival of a spectacular new talent.

After Dark Coronet King mesmerizes readers with fiction deeply rooted in the sixties, exploring in five interconnected narratives, spanning 1960 to 1999, the haunting legacy of the Vietnam War. "Engaging . . . King's gift of storytelling is rich". -"The Los Angeles Times Book Review".
