New York Times-bestselling October Daye series • Hugo Award-winning author Seanan McGuire • "Top of my urban-paranormal series list!" —Felicia Day Things are looking up. For the first time in what feels like years, October "Toby" Daye has been able to pause long enough to take a breath and look at her life -- and she likes what she sees. She has friends. She has allies. She has a squire to train and a King of Cats to love, and maybe, just maybe, she can let her guard down for a change. Or not. When Queen Windermere's seneschal is elf-shot and thrown into an enchanted sleep by agents from the neighboring Kingdom of Silences, Toby finds herself in a role she never expected to play: that of a diplomat. She must travel to Portland, Oregon, to convince King Rhys of Silences not to go to war against the Mists. But nothing is that simple, and what October finds in Silences is worse than she would ever have imagined. How far will Toby go when lives are

on the line, and when allies both old and new are threatened by a force she had never expected to face again? How much is October willing to give up, and how much is she willing to change? In *Faerie*, what's past is never really gone. It's just waiting for an opportunity to pounce.

Seanan McGuire's New York Times-bestselling and Hugo Award-nominated urban fantasy *InCryptid* series continues with the twelfth book following the Price family, cryptozoologists who study and protect the creatures living in secret all around us. Reunion, noun: 1. The state of being united again. Reconciliation, noun: 1. An act of reconciling, as when former enemies agree to an amiable truce. 2. The process of making consistent or compatible. 3. See also "impossible." Alice Price-Healy gave up her life for fifty years to focus completely on the search for her missing husband. The danger of focus like that is that it leaves little room for thinking about what happens after...and now that she's finally managed to find Thomas, she has no idea what she's supposed to do next. The fact that he comes with a surrogate

daughter who may or may not have some connection to Alice's recently adopted grandson is just icing on the complicated cake. So the three of them are heading for the most complicated place in the universe: they're going home. But things on Earth have changed while Alice, Thomas, and Sally have been away. The Covenant of St. George, antagonized by Verity's declaration of war and Sarah's temporary relocation of an entire college campus, is trying to retake North America from the cryptids and cryptozoologists who've been keeping the peace for the past hundred years. And they're starting in New York. Alice and company have barely been back for an hour before the Ocean Lady and the Queen of the Routewitches are sending them to New York to help, and they find themselves embroiled in the politics of dragons, kidnappings, and of course, the most dangerous people of all: family. Getting "back to normal" may be the hardest task Alice has undertaken yet.

"As the youngest of the three Price children, Antimony is used to people not expecting much from her. Annie's expectations keep getting shattered. She didn't expect Verity to declare war on the

The Winter Long Astra Publishing House

New York Times-bestselling October Daye series • Hugo Award-winning author Seanan McGuire • "Top of my urban-paranormal series list!" —Felicia Day Meet Quentin Sollys. Squire. Hockey fan. Canadian. And Crown Prince to the entire continent of North America, known as "the Westlands" to the fae, currently ruled by his parents, High King Aethlin and High Queen Maida. Not that most people know that, since he's a blind foster squired to a changeling—not exactly something that screams "hidden royalty." But with a new Queen on the throne in the Mists, his parents have finally come to town to see how he's doing...and to take him home with them. That's going to be a problem, since Quentin doesn't particularly want to leave, and his knight, Sir October Daye, doesn't particularly want to let him go. Set after Chimes at Midnight and before The Winter Long, it's finally time to meet the parents in our first-ever story narrated by Quentin himself.

There's always something needing October "Toby" Daye's attention, and her own desires tend to fall by the wayside in favor of solving the Kingdom's problems. And that's why her closest friends have taken the choice out of her hands, ambushing her with a court wedding at the High Court in Toronto. Once the High King gets involved,

Can Toby save the Westlands and make it to her own wedding on time? Or is she going to have to choose one over the other? Includes an all-new bonus novella!

Spelunking Through Hell National Geographic Books

The third book in New York Times-bestselling Seanan McGuire's witty urban fantasy InCryptid series about a family of cryptozoologists who act as a buffer between humans and the magical creatures living in secret around us. "The only thing more fun than an October Daye book is an InCryptid book." —Charlaine Harris, #1 New York Times-bestselling author of Sookie Stackhouse series Cryptid, noun: Any creature whose existence has not yet been proven by science. See also "monster." Cryptozoologist, noun: Any person who thinks hunting for cryptids is a good idea. See also "idiot." What do gorgons, basilisks, and frogs with feathers all have in common? They're all considered mythological by modern science, and some people are working very hard to keep them that way. Alexander Price is a member of a cryptozoological lineage that spans generations, and it's his job to act as a buffer between the human and cryptid worlds—not an easy task when you're dealing with women who has snakes in place of hair, little girls who may actually be cobras, and brilliant, beautiful Australian zookeepers. And then there's the matter of the murders... Alex thought he was choosing the easier career when he decided to specialize in non-urban cryptids, leaving the cities to his little sister, Verity. He had no idea what he was

letting himself in for. It's a family affair, and everyone—from his reanimated grandfather to his slightly broken telepathic cousin—is going to find themselves drawn in before things get any better.

The fourth book in New York Times-bestselling Seanan McGuire's witty urban fantasy InCryptid series about a family of cryptozoologists who act as a buffer between humans and the magical creatures living in secret around us. "The only thing more fun than an October Daye book is an InCryptid book." —Charlaine Harris, #1 New York Times-bestselling author of Sookie Stackhouse series Endangered, adjective: Threatened with extinction or immediate harm. Australia, noun: A good place to become endangered. Alexander Price has survived gorgons, basilisks, and his own family—no small feat, considering that his family includes two telepaths, a reanimated corpse, and a colony of talking, pantheistic mice. Still, he's starting to feel like he's got the hang of things...at least until his girlfriend, Shelby Tanner, shows up, asking pointed questions about werewolves and the state of his passport. From there, it's just a hop, skip, and a jump to Australia, a continent filled with new challenges, new dangers, and yes, rival cryptozoologists who don't like their "visiting expert" very much. Australia is a cryptozoologist's dream, filled with unique species and unique challenges. Unfortunately, it's also filled with Shelby's family, who aren't delighted by the length of her stay in America. And then there are the werewolves to consider: infected killing machines who would like nothing more than to claim the continent as their own. The continent which currently includes Alex. Survival is hard enough when you're on

familiar ground. Alex Price is very far from home, but there's one thing he knows for sure: he's not going down without a fight.

The fifth book in New York Times-bestselling Seanan McGuire's witty urban fantasy InCryptid series about a family of cryptozoologists who act as a buffer between humans and the magical creatures living in secret around us. "The only thing more fun than an October Daye book is an InCryptid book." —Charlaine Harris, #1 New York Times-bestselling author of Sookie Stackhouse series *Destiny*, Noun: 1. The inevitable or irresistible course of events. 2. The inescapable future. 3. See also "Screwed." Verity Price is back on the West Coast and getting back into the swing of the family business: cryptozoology. She's rescuing cryptids from bad situations, protecting them from monster-hunters, and generally risking life and limb for the greater good, with her ex-Covenant partner/husband, Dominic, by her side. Her ballroom dance career is behind her...or so she thinks. When Verity gets the call from the producers of *Dance or Die*, the reality show she almost won several years before, she finds the lure of a comeback impossible to resist, and she and Dominic are off to L.A. for one last shot at the big time. Of course, nothing is that simple. When two of her fellow contestants turn up dead, Verity will need every ally she can find—and a couple she wasn't looking for—in order to navigate the complicated steps of both the tango and a murder investigation without blowing her cover. It doesn't help that her official family backup is her grandmother, Alice Price-Healy, who thinks "subtle" is something that happens to other people. Winning this competition may have just become a matter of life and death.

Chaos Choreography National Geographic Books

Now in a new redesigned edition, featuring an updated introduction from the author and songs! Rose Marshall died in 1952 in Buckley Township, Michigan, run off the road by a man named Bobby Cross—a man who had sold his soul to live forever, and intended to use her death to pay the price of his immortality. Trouble was, he didn't ask Rose what she thought of the idea. It's been more than sixty years since that night, and she's still sixteen, and she's still running. They have names for her all over the country: the Girl in the Diner. The Phantom Prom Date. The Girl in the Green Silk Gown. Mostly she just goes by "Rose," a hitchhiking ghost girl with her thumb out and her eyes fixed on the horizon, trying to outrace a man who never sleeps, never stops, and never gives up on the idea of claiming what's his. She's the angel of the overpass, she's the darling of the truck stops, and she's going to figure out a way to win her freedom. After all, it's not like it can kill her. You can't kill what's already dead.
