New York, Chicago, and Los Angeles -- for all their differences, they are quintessentially American cities. They are also among the handful of cities on the earth that can be called "global". Janet L. Abu-Lughod's book is the first to compare them in an ambitious in-depth study that takes into account each city's unique history, following their development from their earliest days to their current status as players on the global stage.

The history of Chicago can be told through its neighborhoods, and perhaps none is more telling than Douglas/Grand Boulevard on the city's south side. The future site of the neighborhood remained a sparsely settled prairie until the early 1850s, when Stephen A. Douglas purchased a large tract of land and

began developing a residential subdivision for the wealthy.

Douglas/Grand Boulevard: A Chicago Neighborhood explores the development of this distinctive community and the many obstacles its residents encountered. Originally a predominately white neighborhood, Douglas/Grand Boulevard became an African-American community during the Great Migration when thousands of Southern blacks moved north seeking greater opportunities. After the 1919 Race Riot, an increasing number of white residents moved away from the neighborhood, and the community became a national model of black achievement.

*Streetwise Chicago* Arcadia Publishing  
Welcome to the fascinating world of Chicago street names! Did you know that Ainslie Street was named after a real estate developer whose widow, in 1848, left for California to pan for gold with a new husband? Or did you know that Crandon Avenue was named for a prohibitionist congressional candidate who lost to his opponent in 1882 by a vote of 11,686 to 663?

### **Privacy Act Issuances** Arcadia Publishing

This is the long-awaited second volume on Chicago Heights in the Images of America series. Chicago Heights Revisited expands on the popular first volume, as the authors cover the period from 1930-1970 in greater detail. What emerges from this wonderful collection of images is a multi-layered portrait of a lively city striving as one to assist in a World War II Allied victory, even while supporting a large spectrum of differing religious, social, and ethnic institutions. When residents remember Chicago Heights, they remember downtown. Images of the Liberty Restaurant, Nick Guzzino's Barbershop, and Rau's Toyland

will evoke fond memories for past and present Chicago Heights residents. The various industries of the city are captured in historic photographs, reminding us all of the hard working residents that created the thriving community of Chicago Heights. Images of the World War II era capture the contributions that the people of Chicago Heights made for their nation and community.

*Supplement to Employment and Earnings, Revised Establishment Data*  
"Chicago: A Geography of the City and Its Region is the first geography of the Windy City to appear in more than thirty years. Through its topical and chronological presentation and its innovative analysis and interpretation, we learn why the geography of Chicago is central to understanding Chicago's

history and its success as the nation's third-largest metropolitan area."--BOOK JACKET.

Code of Federal Regulations

With its extraordinary uniform street grid, its magnificent lake-side park, and innovative architecture and public sculpture, Chicago is one of the most planned cities of the modern era. Yet over the past few decades Chicago has come to epitomize some of the worst evils of urban decay: widespread graft and corruption, political stalemates, troubled race relations, and economic decline. Broad-shouldered boosterism can no longer disguise the city's failure to keep pace with others, its failure to attract new "sunrise" industries and world-class events. For Chicago, as for other rust-belt cities, new ways of planning and managing the urban environment are now much more than civic beautification; they are the means to survival. Gerald D. Suttles here offers an irreverent, highly critical guide to both the realities and myths of land-use planning and development in Chicago from 1976 through 1987.
