Serial Killers Scribner

Legendary FBI profiling pioneer John Douglas's theory is that once you figure out the motivating force driving a perpetrator, you've got a good chance of cracking the case. In THE ANATOMY OF MOTIVE he uses cases from his own career to illustrate his argument. He takes us further than ever before into the dark corners of the minds of arsonists, hijackers, serial and spree killers and mass murderers. THE ANATOMY OF MOTIVE analyses such diverse killers as Lee Harvey Oswald and Timothy McVeigh - and helps us learn to anticipate potential violent behaviour before it's too late.

Murder in the Bayou Little, Brown Books for Young Readers

Includes material on "the Trailside Killer in San Francisco, the Atlanta child murderer, the Tylenol poisoner, the man who hunted prostitutes for sport in the woods of Alaska, and Seattle's Green River killer ..."

[The Cases That Haunt Us](#) Tor Teen

A dramatic and compelling true-crime psychological thriller This incredible story shows how John Douglas tracked and participated in the hunt for one of the most notorious serial killers in U.S. history. For 31 years a man who called himself BTK (Bind, Torture, Kill) terrorized the city of Wichita, Kansas, sexually assaulting and strangling a series of women, taunting the police with frequent communications, and bragging about his crimes to local newspapers and TV stations. After disappearing for nine years, he suddenly reappeared, complaining that no one was paying enough attention to him and claiming that he had committed other crimes for which he had not been given credit. When he was ultimately captured, BTK was shockingly revealed to be Dennis Rader, a 61-year-old married man with two children.

The Killer Inside Me Simon and Schuster

The author of this book played a major part in the FBI's development of psychological profiles for serial killers, he even invented the term serial killer. Whilst Thomas Harris made Ressler's work famous in fiction, Ressler did it for real.

[The Lying Wife](#) Routledge

From New York Times bestselling author Pete Earley—the strange but true story of how a young man’s devastating brain injury gave him the unique ability to connect with the world’s most terrifying criminals. Fifteen-year-old Tony Ciaglia had everything a teenager could want until he suffered a horrific head injury at summer camp. When he emerged from a coma, his right side was paralyzed, he had to relearn how to walk and talk, and he needed countless pills to control his emotions. Abandoned and shunned by his friends, he began writing to serial killers on a whim and discovered that the same traumatic brain injury that made him an outcast to his peers now enabled him to connect emotionally with notorious murderers. Soon many of America’s most dangerous psychopaths were revealing to him heinous details about their crimes—even those they’d never been convicted of. Tony despaired as he found himself inescapably drawn into their violent worlds of murder, rape, and torture—until he found a way to use his gift. Asked by investigators from the National Center for Missing and Exploited Children to aid in solving a murder, Tony launched his own searches for forgotten victims with clues provided by the killers themselves. The Serial Killer Whisperer takes readers into the minds of murderers like never before, but it also tells the inspiring tale of a struggling American family and a tormented young man who found healing and closure in the most unlikely way—by connecting with monsters.

Journey Into Darkness Thorndike Press

Now the subject of the Discovery+ series Children of the Snow, a cold case murder investigation is cracked open by “a powerful, confident voice in the new true crime memoir genre” (James Renner, author of True Crime Addict). Four children were abducted and murdered outside of Detroit during the winters of 1976 and 1977, their bodies eventually dumped in snow banks around the city. J. Reuben Appelman was only six years old when the murders began and even evaded an abduction attempt during that same period, fueling a lifelong obsession with what became known as the Oakland County Child Killings. Autopsies showed that the victims had been fed while in captivity, reportedly held with care. And yet, with equal care, their bodies had allegedly been groomed post-mortem, scrubbed-free of evidence that might link to a killer. There were few credible leads, and equally few credible suspects. That’s what the cops had passed down to the press, and that’s what the city of Detroit, and Appelman, had come to believe. When the abductions mysteriously stopped, a task force operating on one of the largest manhunt budgets in history shut down without an arrest. Although no more murders occurred, Detroit remained haunted. Eerily overlaid upon the author’s own decades-old history with violence, The Kill Jar tells the gripping story of Appelman’s ten-year investigation into buried leads, apparent police cover-ups, con men, child pornography rings, and high-level corruption saturating Detroit’s most notorious serial killer case. “Always deft, often sublime, Appelman uses his investigation to draw us into his personal journey through darkness, to light and life” (Chip Johannessen, producer of Dexter).

When a Killer Calls St. Martin’s Press

Soon to be a Showtime documentary, Murder in the Bayou is a New York Times bestselling chronicle of a high-stakes investigation into the murders of

eight women in a troubled Southern parish that is “part murder case, part corruption exposé, and part Louisiana noir” (New York magazine). Between 2005 and 2009, the bodies of eight women were discovered in Jennings, Louisiana, a bayou town of 10,000 in the Jefferson Davis parish. The women came to be known as the Jeff Davis 8, and local law enforcement officials were quick to pursue a serial killer theory, stirring a wave of panic across Jennings’ class-divided neighborhoods. The Jeff Davis 8 had been among society’s most vulnerable—impoverished, abused, and mired with mental illness. They engaged in sex work as a means of survival. And their underworld activity frequently occurred at a decrepit motel called the Boudreaux Inn. As the cases went unsolved, the community began to look inward. Rumors of police corruption and evidence tampering, of collusion between street and shield, cast the serial killer theory into doubt. But what was really going on in the humid rooms of the Boudreaux Inn? Why were crimes going unsolved and police officers being indicted? What had the eight women known? And could anything be done do stop the bloodshed? Mixing muckraking research and immersive journalism over the course of a five-year investigation, Ethan Brown reviewed thousands of pages of previously unseen homicide files to posit what happened during each woman’s final hours delivering a true crime tale that is “mesmerizing” (Rolling Stone) and “explosive” (Huffington Post). “Brown is a man on a mission...he gives the victims more respectful attention than they probably got in real life” (The New York Times). “A must-read for true-crime fans” (Publishers Weekly, starred review), with a new afterword, Murder in the Bayou is the story of an American town buckling under the dark forces of poverty, race, and class division—and a lightning rod for justice for the daughters it lost.

[Mindhunter](#) John Wiley & Sons

In Obsession, John Douglas once again takes us fascinatingly behind the scenes, focusing his expertise on predatory crimes, primarily against women. With a deep sense of compassion for the victims and an uncanny understanding of the perpetrators, Douglas looks at the obsessions that lead to rape, stalking, and sexual murder through such cases as Ronnie Shelton, the serial rapist who terrorized Cleveland; and New York’s notorious "Preppie Murder." But Douglas also looks at obsession on the other side of the moral spectrum: his own career-long obsession with hunting these predators. Douglas shows us how we can all fight back and protect ourselves, our families, and loved ones against the scourge of the violent predators in our midst. The first step is insight and understanding, and no one is better qualified to penetrate Obsession than John Douglas.

The Killer's Shadow HarperCollins UK

Over the course of his nearly forty-year career, John Douglas has pursued, studied, and interviewed criminals including Charles Manson, James Earl Ray, Dennis Rader, and David Berkowitz - a veritable Who's Who of violent predators. But he has also devoted extensive energies to helping the wrongfully accused and convicted, including several inmates of death row. Now, with longtime collaborator Mark Olshaker, Douglas addresses every law enforcement professional's worst nightmare: cases in which justice was delayed, or even denied. Book jacket.

The Killer Across the Table: From the authors of Mindhunter Feral House

The man convicted of the vicious murders of five college students in Gainesville, Florida, discusses his motivations and actions in committing the crimes, reflects on what made him into a killer, and his struggle to come to terms with what he did. Original. IP.

Language, Ideology and Identity in Serial Killer Narratives Simon and Schuster

Bring your love of true crime into the kitchen with meals ranging from the bizarre (a single unpitted black olive) to the gluttonous (a dozen deep-fried shrimp, a bucket of fried chicken, French fries, and a pound of strawberries), inspired by Ted Bundy, John Wayne Gacy, and other notorious death row inmates. The perfect gift for murderinos and true crime fans, The Serial Killer Cookbook: Last Meals pairs serial killer trivia with the recipes of the meals these killers ate during their final hours. With full-color photos, chilling true crime facts, and easy-to-follow steps, you’ll be cooking up killer meals in no time. This collection of recipes is both delicious and surprising, and spans breakfast staples to indulgent desserts, including: Seared Steak, Hash Browns, Toast, and Fried Eggs (given to but not eaten by Ted Bundy, serial killer) Chicken Parmesan and Alfredo Pasta (eaten by Ruth Snyder, murderer) Justice, Equality, and World Peace (eaten by Odell Barnes, murderer) Mac and Cheese (eaten by Gustavo Julian Garcia, murderer) And much more!

Profiling Violent Crimes Hachette Books

New York Times bestselling author of Mindhunter John Douglas reveals more unique cases from his time as head of the FBI's elite Investigative Support Unit. In the #1 New York Times bestseller Mindhunter, John Douglas, who headed the FBI's elite Investigative Support Unit, told the story of his brilliant and terrifying career tracking down some of the most heinous criminals in history. Now, in Journey into Darkness, Douglas profiles vicious serial killers, rapists, and child molesters. He is straightforward, blunt, often irreverent, and outspoken, but takes pains not to glorify any of these murderers. Some of the unique cases Douglas discusses include: -The Clairemont killer -The schoolgirl murders -Richmond's First Serial Murderer -The brutal and sadistic murder of Suzanne Marie Collins -Polly Klaas' abduction and murder by Richard Allen Davis, -The tragedy that lead to the creation of Megan's Law With Journey into Darkness, Douglas provides more than a glimpse into the minds of serial killers; he demonstrates what a powerful weapon behavioral science has become. Profiling criminals helps not only to capture them, but also helps society understand how these predators work and what can be done to prevent them from striking again. Douglas focuses especially on pedophiles and child abductors, fully explaining what drives them, and how to keep children away from them. As he points out, "The best way to protect your children is to know your enemy." He includes

eight rules for safety, a list of steps parents can take to prevent child abduction and exploitation, tips on how to detect sexual exploitation, basic rules of safety for children, and a chart, based on age, which details the safety skills children should have to protect themselves. In his review for *Mindhunter* in The New York Times Book Review, Dean Koontz said, "Because of his insights and the power of the material, he leaves us shaken, gripped by a quiet grief for the innocent victims and anguished by the human condition." *Journey into Darkness* continues this perilous trip into the psyche of the serial killer, but also offers a glimmer of hope that profiling may enable law enforcement to see the indicators of a serial killer's mind and intervene before he kills, or kills again.

Whoever Fights Monsters Penguin

The *Killer Book of Serial Killers* is the ultimate resource (and gift) for any true crime fan and student of the bizarre world of serial killers. Filled with stories, trivia, quizzes, quotes, photos, and odd facts about the world's most notorious murderers, this is the perfect bathroom reader for anyone fascinated with serial killers. The *Killer Book* series brings this format to the rabid true crime audience. Including more than 40 black & white photos, this is a must for true crime fans.

The Making of a Serial Killer Vintage

In this provocative cultural study, the serial killer emerges as a central figure in what Mark Seltzer calls 'America's wound culture'. From the traumas displayed by talk show guests and political candidates, to the violent entertainment of *Crash* or *The Alienist*, to the latest terrible report of mass murder, we are surrounded by the accident from which we cannot avert our eyes. Bringing depth and shadow to our collective portrait of what a serial killer must be, Mark Seltzer draws upon popular sources, scholarly analyses, and the language of psychoanalysis to explore the genesis of this uniquely modern phenomenon. Revealed is a fascination with machines and technological reproduction, with the singular and the mass, with definitions of self, other, and intimacy. What emerges is a disturbing picture of how contemporary culture is haunted by technology and the instability of identity.

Why So Slow? HarperCollins

The legendary FBI criminal profiler, number-one New York Times bestselling author, and inspiration for the hit Netflix show *Mindhunter* delves deep into the lives and crimes of four of the most disturbing and complex predatory killers, offering never-before-revealed details about his profiling process, and divulging the strategies used to crack some of America's most challenging cases. The FBI's pioneer of criminal profiling, former special agent John Douglas, has studied and interviewed many of America's most notorious killers—including Charles Manson, "Son of Sam Killer" David Berkowitz and "BTK Strangler" Dennis Rader—trained FBI agents and investigators around and the world, and helped educate the country about these deadly predators and how they operate, and has become a legend in popular culture, fictionalized in *The Silence of the Lambs* and the hit television shows *Criminal Minds* and *Mindhunter*. Twenty years after his famous memoir, the man who literally wrote the book on FBI criminal profiling opens his case files once again. In this riveting work of true crime, he spotlights four of the most diabolical criminals he's confronted, interviewed and learned from. Going deep into each man's life and crimes, he outlines the factors that led them to murder and how he used his interrogation skills to expose their means, motives, and true evil. Like the hit Netflix show, *The Killer Across the Table* is centered around Douglas' unique interrogation and profiling process. With his longtime collaborator Mark Olshaker, Douglas recounts the chilling encounters with these four killers as he experienced them—revealing for the first time his profile methods in detail. Going step by step through his interviews, Douglas explains how he connects each killer's crimes to the specific conversation, and contrasts these encounters with those of other deadly criminals to show what he learns from each one. In the process, he returns to other famous cases, killers and interviews that have shaped his career, describing how the knowledge he gained from those exchanges helped prepare him for these. A glimpse into the mind of a man who has pierced the heart of human darkness, *The Killer Across the Table* unlocks the ultimate mystery of depravity and the techniques and approaches that have countered evil in the name of justice.

Killers of a Certain Age MIT Press

Continuing Einstein's work in the unified field theory, MIT physicist Paul Garrett pursues the possibility of new and limitless sources of energy, and his progress is closely scrutinized by several mysterious organizations--Novelist.

Inside the Mind of a Teen Killer Simon and Schuster

Older women often feel invisible, but sometimes that's their secret weapon. They've spent their lives as the deadliest assassins in a clandestine international organization, but now that they're sixty years old, four women friends can't just retire—it's kill or be killed in this action-packed thriller

by New York Times bestselling and Edgar Award-nominated author Deanna Raybourn. Billie, Mary Alice, Helen, and Natalie have worked for the Museum, an elite network of assassins, for forty years. Now their talents are considered old-school and no one appreciates what they have to offer in an age that relies more on technology than people skills. When the foursome is sent on an all-expenses paid vacation to mark their retirement, they are targeted by one of their own. Only the Board, the top-level members of the Museum, can order the termination of field agents, and the women realize they've been marked for death. Now to get out alive they have to turn against their own organization, relying on experience and each other to get the job done, knowing that working together is the secret to their survival. They're about to teach the Board what it really means to be a woman—and a killer—of a certain age.

Serial Killer Trivia HarperCollins

G.J. Schaefer, described as "a textbook case of the classic serial killer", gives clues to his personality in this chilling selection of writings, which are from before and during his prison term. They include stories, fantasies, "plans", and poetry. Perverted, horrifying, filled with hatred and violence, they clearly reveal both Schaefer's own pathology and that of various prison inmates with whom he was on intimate terms. Not for the faint of heart, *Killer Fiction* will appeal to fans of true crime and those interested in criminal psychology. Photos and illustrations.

Einstein's Brain Penguin

A vivid behind-the-scenes look into the creation of the FBI's Behavioral Science Unit and the evolution of criminal profiling, written by the pioneering forensic nurse who transformed the way the FBI studies, profiles, and catches serial killers. Lurking beneath the progressive activism and sex positivity in the 1970-80s, a dark undercurrent of violence rippled across the American landscape. With reported cases of sexual assault and homicide on the rise, the FBI created a specialized team—the "Mindhunters" better known as the Behavioral Science Unit—to track down the country's most dangerous criminals. And yet narrowing down a seemingly infinite list of potential suspects seemed daunting at best and impossible at worst—until Dr. Ann Wolbert Burgess stepped on the scene. In *A Killer By Design*, Burgess reveals how her pioneering research on sexual assault and trauma caught the attention of the FBI, and steered her right into the middle of a chilling serial murder investigation in Nebraska. Over the course of the next two decades, she helped the budding unit identify, interview, and track down dozens of notoriously violent offenders, including Ed Kemper ("The Co-Ed Killer"), Dennis Rader ("BTK"), Henry Wallace ("The Taco Bell Strangler"), Jon Barry Simonis ("The Ski-Mask Rapist"), and many others. As one of the first women trailblazers within the FBI's hallowed halls, Burgess knew many were expecting her to crack under pressure and recoil in horror—but she was determined to protect future victims at any cost. This book pulls us directly into the investigations as she experienced them, interweaving never-before-seen interview transcripts and crime scene drawings alongside her own vivid recollections to provide unprecedented insight into the minds of deranged criminals and the victims they left behind. Along the way, Burgess also paints a revealing portrait of a formidable institution on the brink of a seismic scientific and cultural reckoning—and the men forced to reconsider everything they thought they knew about crime. Haunting, heartfelt, and deeply human, *A Killer By Design* forces us to confront the age-old question that has long plagued our criminal justice system: "What drives someone to kill, and how can we stop them?" The Killer Across the Table Ulysses Press

#1 NEW YORK TIMES BESTSELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—"in losing her mother and cooking to bring her back to life, Zauner became herself" (NPR). • CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BESTSELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.
