An ambitious, lavishly illustrated survey of one of the world's most valuable precious gems Ruby is a fascinating exploration of this precious stone, taking the reader on a journey from the ancient mines of Burma, along the harsh terrain of the Silk Trading routes of China, to European courts and palaces, where rubies have been sourced and bought from intrepid gem-stone dealers to decorate royalty, dignitaries, and the social elite. This major illustrated book will showcase more than sixty of the world's significant, notable, and famous rubies, ruby jewels, and ruby artifacts, including many previously unseen pieces from private and royal collections. Author Joanna Hardy was granted exclusive access to all the modern and iconic jewelry houses, including Cartier, Boucheron, Van Cleef & Arpels, Chaumet, Harry Winston, Graff, and many more. From emperors and empresses, kings and queens, maharanis and Hollywood royalty, tales of love, passion, and romance are here alongside historical and social context that reveal why rubies are so greatly revered. Additionally, Ruby looks

at the various ruby deposits in the world and offers practical guidance on what to look for in a quality ruby.

Jewelry & Gems, the Buying Guide Rizzoli Publications

From the dawn of time, ruby and sapphire have both attracted and fascinated humans in ways that few other items could. While objects of desire are found

throughout the natural world, physical beauty is too often ephemeral. From the allure of a man, woman, flower or butterfly, through the fleeting moments of a sunset, there is little that lasts and practically nothing that can be passed down to our descendants. The exception is precious stones. Not only are they the most durable creations of mother nature, but their visual splendor is truly eternal. In this companion to his 2013 book, *Ruby & Sapphire--A Collector's Guide*, Richard Hughes examines these gems from the gemological standpoint, delving into these gems not just from the aesthetic, but also from the scientific point of view. The product of nearly 40 years of firsthand experience, it covers every aspect of the subject from A-Z. History, sources, prices, quality analysis, synthetics and treatments, everything is here. *Ruby & Sapphire--A Gemologist's Guide* represents the most comprehensive book ever written on a single precious stone. With over 1000 photos, maps and illustrations and 3500 references, it is nothing less than a tour-de-force of gemological scholarship.

Rarely has a book about advertising created such a commotion as this brilliant account of the principles of successful advertising. Published in 1961, *Reality in Advertising* was listed for weeks on the general best-seller lists, and is today acknowledged to be advertising's greatest classic. It has been translated into twelve languages and has been published in twenty-one separate editions in fifteen countries. Leading business executives, and the advertising cognoscenti, hail it as "the best book for professionals that has ever come out of Madison Avenue." Rosser Reeves says: "The book attempts to formulate certain theories of advertising, many quite new, and all based on 30 years of intensive research." These theories, whose value has been proved in the marketplace, all revolve around the central concept that success in selling a product is the key criterion of advertising. Get Your Copy Now

- Impressive history of one of the oldest gemstone traders of Idar-Oberstein, the German center of lapidary art - Overview about the variety of colorful gemstones, their origins, the trade and the highly

professional cutting - For gemstone and high end jewelry lovers Founded in Idar-Oberstein in 1847, the company Constantin Wild has left its mark on the world of gemstones like barely any other enterprise. For its 175th anniversary, Constantin Wild, great-grandson of the company's founder, has been out on the trail of history. He now takes us back to the beginnings of the Wild family, which looks back on a tradition of 400 years of artistic stonecutting and also in the trading of one-of-a-kind gemstones. Travel with him around the globe on the quest for the most beautiful and rarest stones. Discover sublime items of jewelry -- a selection of the very best, the zenith of international haute joaillerie. Their beauty begins with the stone, and often enough this begins chez Constantin Wild: without that fine cut, by adept craftsmen and artists, the expressive color of the gemstone fails to come into its own. Only once it has been subjected to these processes can the gemstone unfold its true character, to reach its final fiery, vivacious brilliance. The opulently designed publication *Gems, Colours & Wild Stories* is an homage to and an affirmation

of love for the irrepressible diversity of these extremely valuable gemstones.

That's what they say instead of I love you." When Ruby King's mother is found murdered in their home in Chicago's South Side, the police dismiss it as another act of violence in a black neighborhood. But for Ruby, it's a devastating loss that leaves her on her own with her violent father. While she receives many condolences, her best friend, Layla, is the only one who understands how this puts Ruby in jeopardy. Their closeness is tested when Layla's father, the pastor of their church, demands that Layla stay away. But what is the price for turning a blind eye? In a relentless quest to save Ruby, Layla uncovers the murky loyalties and dangerous secrets that have bound their families together for generations. Only by facing this legacy of trauma head-on will

Ruby be able to break free. An unforgettable debut novel, *Saving Ruby King* is a powerful testament that history doesn't determine the present and the bonds of friendship can forever shape the future.

From the internationally acclaimed and bestselling historians William Dalrymple and Anita Anand, the first comprehensive and authoritative history of the Koh-i-Noor diamond, arguably the most celebrated jewel in the world. On March 29, 1849, the ten-year-old leader of the Sikh kingdom of the Punjab was ushered into the magnificent Mirrored Hall at the center of the British fort in Lahore, India. There, in a formal Act of Submission, the frightened

but dignified child handed over to the British East India Company swathes of the richest land in India and the single most valuable object in the subcontinent: the celebrated Koh-i-Noor diamond, otherwise known as the Mountain of Light. To celebrate the acquisition, the British East India Company commissioned a history of the diamond woven together from the gossip of the Delhi Bazaars. From that moment forward, the Koh-i-Noor became the most famous and mythological diamond in history, with thousands of people coming to see it at the 1851 Great Exhibition and still more thousands repeating the largely fictitious account of its passage through history. Using original eyewitness accounts and chronicles never before translated into English, Dalrymple and Anand trace the true history of the diamond and disperse the myths and fantastic tales that have long surrounded this awe-inspiring jewel. The resulting history of south and central Asia tells a true tale of greed, conquest, murder, torture, colonialism, and appropriation that shaped a continent and the Koh-i-Noor

itself.

The scandals, mysteries, and human stories behind the world's greatest gems are brought to life by the curator of the Smithsonian's National Gem Collection Dr. Jeffrey E. Post, curator of the National Gem Collection for more than 25 years, separates fact from fiction in an all-new and original book, revealing fresh information and regaling the reader with anecdotes and tales of some of the world's greatest and most famous gemstones. Dr. Post is the author of the now out-of-print book *The National Gem Collection* (Abrams, 1997), which has sold more than 50,000 copies. In this brand-new book, he tells the stories of the Smithsonian's most famous gems, including the Hope Diamond, Star of Asia Sapphire, Carmen Lucia Ruby, Hooker Emerald, and Blue Heart Diamond—and also presents the tales, details, and fascinating facts surrounding rarely displayed gems from the Smithsonian vault and additions made to the collection since 1997. Not only a

resource for learning about rare and beautiful gems, the book also presents the stories of the people who once owned or were associated with these jewels—from ordinary people to kings, emperors, maharajas, celebrities, and captains of industry.
