In the study

and
appreciation
of American
history, and in
understanding
the crucial
role played by
firearms in
that
extraordinary
saga, one of
the most
famous

gunmakers is
Winchester.
Their products
are so much in
demand that
they
indisputably
hold the title
of the Blue
Chips of gun
collecting. And
while a
notable

amount of literature on these marques has appeared in print, much of it from the period of post-World War II, there are still major categories which demand focused books. Such works are in response not only to the "need to know" from students, historians and collectors, but also are a powerful reflection of the ever-expanding explosion of interest in the magical world of firearms.

The study of arms is a highly visual, and technical, pursuit. Having the objects sitting on a page, as if they are on the reader's desk, is a true delight. Few photographers can equal those images of excellence. And no one today can match his combination of skill, aptitude and artistry at doing both text and photographs
Shooter's Bible and Gun Trader's Guide Box Set Skyhorse Publishing Inc.

If you are seeking a comprehensive reference for collectible gun values, the Gun Trader's Guide is the only book you need. For more than half a century, this guide has been the standard reference for collectors, curators, dealers, shooters, and gun enthusiasts. Updated annually, it remains the definitive source for making informed decisions on used firearms purchases.

Included are extensive listings for handguns, shotguns, and rifles from some of the most popular manufacturers, including Beretta, Browning, Colt, Remington, Savage, Smith & Wesson, Winchester, and many more. This thirty-ninth edition boasts dozens of new entries since last year's edition and includes a complete index and a guide on how to properly and effectively use this book

in order to find the market value for your collectible modern firearm. Determine the new prices for any firearm you want to sell or trade, whether its condition is in box, excellent, or good. With new introductory materials that every gun collector and potential buyer should read, this book is the ultimate guide to purchasing classic or discontinued firearms. No matter what kind of

modern firearm you own or collect, the Gun Trader's Guide should remain close at hand. Gun Trader's Guide Gower Publishing Company, Limited A guide to the identification of 4,400 firearms with current market values. *Journal of the House of Representatives of the United States* Gun Digest Books One of America's foremost experts on gunsmithing, Bryce Towsley

here provides the definitive guide for anyone interested in building or maintaining guns. He gives detailed explanations and color illustrations for just about every aspect of gun repair. Featured tutorials include: stock modifications, accuracy enhancement, weather preparation, a total rifle makeover, and much more. Beginning with shop design and maintenance, Towsley builds

on the knowledge he provides until ending with directions on rifle building from scratch. For anyone interested in fixing or building guns, Towsley's book is a complete education from A to Z. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun

collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a

national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home. "United States Code Simon and Schuster "The American sniper could be regarded as the greatest all-around rifleman the world has ever known. . . ." At the start of the war in Vietnam, the United States

had no snipers; by the end of the war, Marine and army precision marksmen had killed more than 10,000 NVA and VC soldiers--the equivalent of an entire division--at the cost of under 20,000 bullets, proving that long-range shooters still had a place in the battlefield. Now noted military historian Michael Lee Lanning shows how U.S. snipers in Vietnam--combining

modern technology in weapons, ammunition, and telescopes--used the experience and traditions of centuries of expert shooters to perfect their craft. To provide insight into the use of American snipers in Vietnam, Lanning interviewed men with combat trigger time, as well as their instructors, the founders of the Marine and U.S. Army sniper

programs, and the generals to whom they reported. Backed by hard information and firsthand accounts, the author demonstrates how the skills these one-shot killers honed in the jungles of Vietnam provided an indelible legacy that helped save American lives in Grenada, the Gulf War, and Somalia and continues to this day with American troops in Bosnia. *Field & Stream* Simon and Schuster Some vols. include supplemental journals of "such proceedings of the sessions, as, during the time they were depending, were ordered to be kept secret, and respecting which the injunction of secrecy was afterwards taken off by the order of the House." *Gun Trader's Guide - Forty-Fourth Edition* DIANE Publishing If you are seeking a comprehensive reference for collectible gun values, the *Gun Trader's Guide* is the only book you need.
