"A riveting adventure for the soul . . . just the kind of evocative historical fiction I love."—Sara Gruen, author of *At the Water's Edge* and *Water for Elephants* An epic, inspiring novel about one woman's survival in the hardscrabble Italian countryside and her determination to protect her family throughout the Second World War—by any means possible Maria Vittoria is twenty-five when her father brings home the man who will become her husband. It is 1923 in the austere Italian mountain village where her family has lived for generations, and the man she sees is tall and handsome and has survived the First World War without any noticeable scars. Taking just the linens she has sewn that make up her dowry and a statue of the Madonna that sits by her bedside, Maria leaves the only life she has ever known to begin a family. But her future will not be what she imagines. The *Madonna of the Mountains* follows Maria over the next three decades, as she moves to the town where she and her husband become shopkeepers, through the birth of their five children, through the hardships and cruelties of the National Fascist Party Rule and the Second World War. Struggling with the cost of survival at a time when food is scarce and allegiances are questioned, Maria trusts no one and fears everyone—her Fascist cousin, the madwoman from her childhood, her watchful neighbors, the Nazis and the Partisans who show up hungry at her door. As Maria's children grow up and her marriage endures its own hardships, she must hold her family together with resilience, love, and faith, until she makes a fateful decision that will change the course of all their lives. A sweeping saga about womanhood, loyalty, war, religion, family, food, motherhood, and marriage, *The Madonna of the Mountains* is a poignant look at the span of one woman's life as the rules change and her world becomes unrecognizable. In depicting the

great cost of war and the ineluctable power of time on a life, Elise Valmorbida has created an unforgettable portrait of a woman navigating both the unforeseen and the inevitable. Advance praise for *Madonna of the Mountains* "The moral and ethical questions raised propel the story beyond the particulars into the universal."—Kirkus Reviews "It is a bewitching but entirely unsentimental portrait of one woman's attempt to keep her family safe in turbulent times."—The Times (UK), Book of the Month "A solid choice for readers who appreciate layered family sagas."—Library Journal *DK Eyewitness Travel Guide: Italy* New Holland Publishers

This is the story of the criminal epic of the "Mala del Brenta", the criminal organization led by Felice Maniero, The Godfather with angel face and devil heart who for twenty years bloodied Venezia and Veneto Region. They were "the Versace boys sprayed by Van Cleef". They were country boys who didn't want a job and a normal life. They wanted everything and they wanted it right away. They preferred the gun to the shovel, the Ferrari to the pick up. They were country boys and Felice Maniero was their guide. Angel Face pushed them beyond all limits and perhaps even further. He has opened the door for them to worlds and riches that they could not even have imagined. He took them up to heaven and then, one day, he abandoned them to plunge them straight into hell with a one-way ticket ... DK Eyewitness Top 10 Venice Penguin Venice is a city like no other — swimming in history, culture and art, and famous for its array of remarkable architecture, palaces and festivals. Introducing Italy's best kept secret. the cuisine of the Veneto. Food-writer, cook and photographer Valeria Necchio shares the food and flavours at the heart of the Veneto region in North Eastern Italy. Veneto includes lovingly written recipes that capture the spirit of this beautiful and often unexplored region, and Valeria's memories of the people and places that make the Veneto so special. Packed with fresh ingredients and lively flavours, the recipes range from the dramatic black cuttlefish stew, through soups, pastas and risottos, a mouthwatering selection of Italian sweet treats, and sweet and savoury preserves for your pantry to ensure year-round deliciousness.

DK Eyewitness Travel Guide Venice and the Veneto Penguin

Learn how to cook traditional Italian dishes as well as reinvented favorites, and bring Venice to life in your kitchen with these 100 Northern Italian recipes. Traveling by gondola, enjoying creamy risi e bisì for lunch, splashing through streets that flood when the tide is high—this is everyday life for Skye McAlpine. She has lived in Venice for most of her life, moving there from London when she was six years old, and she's learned from years of sharing meals

with family and neighbors how to cook the Venetian way. Try your hand at Bigoli with Creamy Walnut Sauce, Scallops on the Shell with Pistachio Gratin, Grilled Radicchio with Pomegranate, and Chocolate and Amaretto Custard.

Venice & the Veneto Springer
An inspector rages against the announcement that police HQ is to relocate – the way so many of the city’s residents already have – to the mainland... An aspiring author struggles with the inexorable creep of rentalisation that has forced him to share his apartment, and life, with ‘global pilgrims’... An ageing painter rails against the liberties taken by tourists, but finds his anger undermined by his own childhood memories of the place... The Venice presented in these stories is a far cry from the ‘impossibly beautiful’, frozen-in-time city so familiar to the thousands who flock there every year – a city about which, Henry James once wrote, ‘there is nothing new to be said.’ Instead, they represent the other Venice, the one tourists rarely see: the real, everyday city that Venetians have to live and work in. Rather than a city in stasis, we see it at a crossroads, fighting to regain its radical, working-class soul, regretting the policies that have seen it turn slowly into a theme park, and taking the pandemic as an opportunity to rethink what kind of city it wants to be.

The Gardens of Venice and the Veneto

visual narration of literary tales. In addition to these renowned artists, the book reveals the extraordinary achievements of many lesser-known painters, among them Giambattista Zelorri, Giovanni Antonio Fasolo, and Ludovico Pozzoserrato in the sixteenth century; Luca Ferrari da Reggio, Giovanni Antonio Pellegrini, and Nicolo Bambini in the seventeenth; and Jacopo Guarana, Antonio Balestra, and Giambattista Crosato in the eighteenth." "Distinguished Venetian art historians Filippo Pedrocco, Massimo Favilla, and Ruggero Rugolo skillfully interweave the explanation of the frescoes' iconography with a lively account of the families who commissioned these monumental art works. The Venetian nobility was inordinately proud of its distinguished lineage and frequently directed the artists to paint subject matter that exalted the family name, such as key episodes from Roman mythology, or alternatively incorporate sly visual digs at particular members of the family.

Memorably, the patrons --

Family Guide Venice and Northeast Italy Createspace Independent Publishing Platform

The Veneto region offers travelers all manner of adventures from the cultural, intellectual sort right down to the seat-of-your-pants thrilling variety. Whether planning your itinerary entirely around a particular activity like a week-long cycling holiday or a language immersion course, or if you're trying to offset your museum and church-heavy itinerary with some off-the-beaten track activities, there are a tremendous number of opportunities to help you broaden your experiences, live the culture and acquaint yourself with the locals. This book focuses on exploring the Veneto's wine zones while highlighting cultural adventures, sports adventures, adventures for the soul, family adventures, driving adventures and many other types of activities to help you discover more about the land, and about yourself. Writers, painters, historians and philosophers have long been inspired by the dramatic landscapes of the Veneto Region and, by translating astute observations on canvas or in print, have captured the beauty of a land and a people that have evolved over many centuries. Situated in Italy's northernmost zone, few other regions boast such diverse landscapes. From the low sandy coastline where the Veneto meets the Adriatic Sea, to the mighty Alpine peaks, rolling hills, thermal springs and lagoon systems, the varied landscape makes for lively getaways any season of the year. Veneto, a name that derives from Veneti, a pre-Roman people who once inhabited the area, is divided into seven provinces: Belluno, Padua, Rovigo, Treviso, Venice, Verona and Vicenza. During Venice's golden age, aristocrats brought their wealth to the Veneto countryside and commissioned architects to build agricultural estates and country homes. Today, more than 4,000 villas remind us of that period, the most famous of which were designed by 16th-century architect Andrea Palladio. The Veneto's depth, however, extends far beyond its artistic treasures. Vineyard-clad hills throughout the Veneto produce internationally acclaimed wines including Valpolicella, Soave, Bardolino and Custoza. From grappa, Bassano del Grappa's distilled liquor, and Valdobbiadene's sparkling Prosecco wine, to Asiago's cheese from mountain dairies, and seafood from the lagoon, the Veneto is a food- and wine-lovers' delight. This guide tells you about the wine-growing regions especially: the Euganean Hills, Prosecco, Soave, Cistoza,

Bardolino, Valpolicella, Bassano del Grappa - how to visit the vineyards, taste the wines, trying the best restaurants, and the best places to stay in each region. All of the details you need to know are here so your trip will be unforgettable.

Veneto Fodor's Travel

"A beautifully told story about one woman's determination to exorcise the sorrows of her family's past. It brought tears to my eyes more than once—always a good sign. I look forward to reading more novels by Sara Alexander." —Holly Chamberlin, author of *Home for the Summer* Set against the beautiful backdrop of post-World War II Sardinia, Sara Alexander's evocative novel is a sweeping story of star-crossed romance between an American lieutenant and a local girl. Sometimes a family's deepest silences hide the most important secrets. For Mina, a London-based travel writer, the enigmatic silence surrounding her aunt Carmela has become a personal obsession. Carmela disappeared from her Italian hometown long ago and is mentioned only in fragments and whispers. Mina has resisted prying, respectful of her family's Sardinian reserve. But now, with her mother battling cancer, it's time to learn the truth. In 1952, Simius is a busy Sardinian town surrounded by fertile farms and orchards. Carmela Chirigoni, a farmer's daughter and talented seamstress, is engaged to Franco, son of the area's wealthiest family. Everyone agrees it's a good match. But Carmela's growing doubts about Franco's possessiveness are magnified when she meets Captain Joe Kavanagh. Joe, an American officer stationed at a local army base, is charismatic, intelligent, and married. Hired as his interpreter, Carmela resolves to ignore her feelings, knowing that any future together must bring upheaval and heartache to both families. As Mina follows the threads of Carmela's life to uncover her fate, she will discover a past still deeply alive in the present, revealing a story of hope, sacrifice, and extraordinary love. "Like Sardinia's Emerald Coast, Sara Alexander's *Under A Sardinian Sky* will dazzle you with its glittering descriptions of the Mediterranean island, its exquisite culinary treasures, and authentic, beautiful people. But it is the heroine Carmela's courage and heartbreaking choices that will leave you the most enchanted and racing through the novel to learn her extraordinary fate." —Rosanna Chiofalo, author of *Rosalia's Bittersweet Pastry Shop*

Hugo's Pocket Dictionary Hunter Publishing, Inc

Venice is one of the most enchanting destinations in the world. With its winding canals, colorful buildings and delicious cuisine, Venice is a place every traveler should explore as it is packed with history and incredible things to do. At the same time, all of this can make visiting here a little overwhelming. This guide will help to ensure that you're able to experience Venice to the fullest so that you have a carefree and enjoyable trip to the "City of Canals." Venice is situated in northeastern Italy and is the capital of the Veneto region, which is one of the largest regions in this country. Venice is part of a lagoon that is made up of 118 tiny islands scattered around the Adriatic Sea. The city is believed to have been founded around 400 A.D. when people were fleeing invasions after the collapse of the Roman Empire. They started to build homes and bridges and created the city that we in modern times now know of as Venice. It is home to approximately 55,000 people. Along with its rich history, Venice also has, and continues to undergo, many difficult circumstances. It has seen its share of wars, such as the Ottoman-Venetian War and World War II, and is currently facing a major problem of sinking. The rising canals and heavy tourism have both contributed to this "floating city" slowly sinking back into the sea. However, science has helped to slow this rapid submergence by removing and replacing the old wells around the city with newer ones.

Felice Maniero and the Venetian Mafia Viella Libreria Editrice

Get inspired and plan your next trip with Fodor's ebook travel guide to Venice and Northern Italy. Intelligent Planning: Discover all of the essential, up-to-date details you expect in a Fodor's guide, including Fodor's Choice dining and lodging, top experiences and attractions, and suggested itineraries. Venice is a rare jewel of a city, and Milan and Turin are centers of commerce and style. Along the country's northern border, the mountain peaks of the Dolomites and Valle d'Aosta attract skiers in winter and hikers in summer, while the Lake District and the coastline of the Ligurian Riviera are classic summertime playgrounds. Note: This ebook edition includes photographs and maps that will appear on black-and-white devices but are optimized for devices that support full-color images.

A Table in Venice Frances Lincoln

This title covers Venice and the major centres of northeastern Italy - the wealthiest region of the country and the fastest growing industrial district. It has become one of Europe's most successful post-industrial experiments; a fascinating place to visit, but also a wonderful place to live. Centres covered include (as well as Venice) Trieste, Udine, the Dolomiti Bellunesi Nature Reserve, Padua, Vicenza, Verona, Lake Garda, Trento and Bolzano. The guide offers a selection of 30 cities, towns and varied region. Venice is most thoroughly explored, but is also the starting point for excursions to the east, south, north and west. Written in a relaxed manner, this guide aims to be an entertaining companion to the region.

Italy: Friuli Venezia Giulia Faber & Faber

This new title continues Bradt's coverage of lesser-known but increasingly popular Italian regions and is the only guide available to Friuli Venezia Giulia, a region which forms the major part of the hinterland of Venice (but does not - despite the name - include Venice itself), and which is a convenient and fascinating place to spend time on the beach, in the Alps or relaxing in the country. It is notable also for its wines and distinctive cuisine which, with touches of neighbouring Austria and Slovenia stirred in, are starting to attract attention around the world. Written by long-time travel authors and Italy specialists Dana Facaros and Michael Pauls, background and practical information are complemented by six easy-to-follow chapters, from Trieste to the coast, Gorizia and the Borderlands, Udine, Pordenone and Western Friuli, and The Mountains: Carnia and the Julian Alps. Set in Italy's

northeastern corner, Friuli Venezia Giulia is one of the most ethnically and culturally diverse parts of the country - and also one of the least known. With Bradt's Friuli Venezia Giulia, explore this small but varied region in detail, from the Alps of the north to the coastal resorts, unspoiled wetlands and lagoons, and from medieval towns like Cividale to the strange desert steppe called the Magredi and the lovely wine region of Il Collio. Discover the regional capital, caffeine-mad Trieste, where there are 67 different ways of ordering a cup of coffee, and Gorizia, one of the biggest battle fronts of World War I, which survives almost intact, with miles of trenches and fortifications open for exploration. Bradt's Friuli Venezia Giulia offers everything you need for a successful trip.

Under a Sardinian Sky Penguin

Relates how an American couple became the custodians of the Villa Cornaro, a sixteenth-century Palladian villa in Italy's Veneto region, describing how they learned to live in and care for the great Renaissance palace and its many treasures.

In Venice and in the Veneto with Ezra Pound B. T. Batsford Limited

While the themes, sources, and materials of The Palladian Landscape span a range of disciplinary interests from art and architectural studies, economic, social, and environmental history, to philosophy and Renaissance humanism, Denis Cosgrove seeks to provide a geographical interpretation of a region of northern Italy in the specific period of the late Renaissance. However, he goes much further, using the thoughts, designs, and commissions of the architect Palladio as the central thread to weave a picture of a place, Venice, that is in a period of crisis as it seeks to survive a transition from a maritime power hinterland to a new land-based terraferma. As a cultural geographer, he seeks to understand how groups come to terms with and transform their material environments, and he therefore pays special attention to the intellectual forces and spiritual sensibilities that empower those groups as well as to the economic, social, and environmental constraints with which they have to contend. Although these two broad realms of human experience are often studied separately, Cosgrove brings them together in this study. He uses the leitmotif of architecture, and specifically the work of Andrea Palladio, to describe a localized transformation of the natural world into a landscape of expression of cultural meaning. Beyond this leitmotif, the work adopts an essay structure in which each

chapter stands somewhat separately as a spatial narrative. It moves from the imperial city of Venice into its Italian territories, and thence from city to rural landscape to specific country estates. Having described localized transformations of urban and rural landscapes, Cosgrove then expands the scale again to consider hydrological engineering in the Venetian territories and some of the techniques involved in surveying and mapping the landscape. These return the reader to the more global view of a Venetian mentalite coming to terms with a changing geographical and historical world map.

Villas of the Veneto LA CASE Books

DK Eyewitness Travel Family Guide Italy: Venice & Northeast Italy, from the groundbreaking family travel series, is written by parents and guarantees the entire family will enjoy their trip to Italy. This thorough guide covers Venice, the Grand Canal, the Basilica di San Marco, Campo Santa Margherita, Arsenale and Museo Storico Navale, the Veneto and Friuli-Venezia Giulia, the Verona Arena, Lake Garda, Riviera del Brenta, Padua, Treviso, Trieste, Trentino-Alto Adige, Bolzano, and Merano. Special Report: Veneto-Italy Vendome Press

Venice and its environment are perceived to be in peril due to rising sea levels, tourism, and modern development. Are these threats myths or reality? This book explores Venice's environmental risks based on interviews with Venetian environmental campaigners and draws on the mythology of the Venetian Republic. Campaigners' opinions about the mobile dams nearing completion to protect the city reveal that Venice now represents an environmentally-threatened retreat from modernity. This reputation has been established as sustainable development and climate change policies have risen to the top of political agendas in many cities and countries. The book investigates how environmentalism has been transformed

from a theory underpinning counter-cultural movements to part of a dominant holistic culture in Western societies. Rather than constraining Venice in search of a mythical harmony with nature, this book offers a ten-point proposal to modernize the city while preserving its ancient heritage.

The Republic of Venice in the 18th Century Random House

This book traces the last century of life of the Republic of Venice. It aims to show why the "Serenissima", unlike large countries such as France or England, was not on the way to becoming a modern nation. Until its end, the city of Venice never took the shape of a real national capital, but remained the dominant centre linking wide-ranging and diverse territories around the Adriatic. The particularism, or rather polycentrism, of its state apparatus is the key to understanding its limitations, as well as the legacy left in Venice's vast domains, reaching from Corfu to Lombardy. In the 18th century the Republic was weak compared to the great European states. Its institutions and leadership had been frozen for two centuries and there was no political reform, although Enlightenment culture diffused widely over the century. On the economic level, however, there was little sign of "decay": merchant traffic continued to prosper and there were a number of new developments in the manufacturing sphere.
