Liverpool was once one of the greatest cities in the British empire but it no longer

feels like it is in England, if it ever did. It had retreated as a significant port after the Second World War and by 1979, it was already on the brink. What it needed was support but instead, a Conservative Party with aggressive new ideas allowed it to slide. Thirty-years after the Toxteth Riots, classified government papers revealed that the prime minister, Margaret Thatcher, was urged to abandon the city and embark on a programme of 'managed decline'. Why did Liverpool's fortunes change so dramatically? Why did it fight back when other cities did not? This is the untold story of what it was like for Liverpool's people and how the period defines who they are.

**This Is Anfield** Carlton Publishing Group Following the success of Simon Hughes' Red Machine and Men in White Suits, books which depicted Liverpool FC's domination during the 1980s and its subsequent fall in the 1990s, Ring of Fire focuses on the 2000s and the primary characters who propelled Liverpool to the forefront of European football once again. With a foreword by Steven Gerrard, this is the third edition in a bestselling series based on revealing interviews with former players, coaches and managers. For Liverpool FC, entry into the 21st century began with modernisation and trophies under manager Gérard Houllier and development was then underpinned by improbable Champions League glory under Rafael Benítez. Yet that is only half of the story. The decade ended with the club being on the verge of administration after the shambolic reign of American owners, Tom Hicks and George Gillett. In Ring of Fire, Hughes' interviewees - including Jamie Carragher, Xabi Alonso and Michael Owen - take you through Melwood's training ground gates and into the inner sanctum, the Liverpool dressing room. Each person delivers fascinating insights into the minds of the players, coaches and boardroom members as they talk frankly about exhilarating highs and excruciating lows, from winning cups in Cardiff and Istanbul to the political infighting that undermined a succession of

managerial reigns. Ring of Fire tells the real stories: those never told before by the key players who lived through it all.

**Liverpool FC Heroes** Melville House In Red Men, a unique and exhaustively researched history of Liverpool Football Club, John Williams explores the origins and divisive politics of football in the city of Liverpool, and profiles the key men behind the emergence of the club and its early successes. The first great Liverpool manager, Tom Watson, piloted the club to its first league championships in 1901 and 1906 before taking the club to the FA Cup final in 1914. Watson and the key members of those early Liverpool teams are analysed in depth, as is the role of the club and its fans in the city as Merseyside balanced self-improvement and cosmopolitanism with almost unimaginable problems of poverty. Liverpool secured consecutive league titles in 1922 and 1923 with the incomparable goalkeeper Elisha Scott as its totemic star and the darling of the Kop. In the '20s, Liverpool was also the first British club to internationalise its playing staff. The club's next league title came in 1947, but, in the bleak '50s, the Liverpool board ruled with an iron fist and controlled the purse strings - until Bill Shankly arrived and won that elusive first FA Cup in 1965. The recent tragedies that have shaped the club's contemporary identity are also covered here, as are the new Continental influences at Liverpool and, of course, the glory of Istanbul in 2005. Red Men is the definitive history of a remarkable football club from its formation in 1892 to the present day, told in the wider context of the social and cultural development of the city of Liverpool and its people.

Picture this: Saturday afternoons at Anfield, orange match balls, passionate

terraces, a sea of red and Liverpool FC rules the world. The Boot Room story starts in 1959 when Bill Shankly arrived and converted a 12 x 12 storage room into a meeting place for him and his coaches, a move that had momentous consequences, both for the Club and British football. Fans on the Kop will remember the heart-stopping extra time of the 1965 FA Cup Final, and the jubilation of winning the treble in 1984. But what was the common thread during Liverpool's glory years? It was the Boot Room. Lifelong Liverpool supporter and editor of legendary fanzine *The End*, Peter Hooton takes us back into that old storage room, where first Shankly, then in succession Paisley, Fagan and Dalglish drank tea, analysed, strategised, selected and deselected, and built the most successful British club in Europe in the 20th Century. Illustrated throughout with over 100 powerful never-before-seen images from the Mirror's forgotten archives, *The Boot Room Boys* captures the story, as it unfolded, of Liverpool's conquering heroes.

If it weren't for John Houlihan Liverpool Football Club would never have been born. But even Houlihan could not have predicted how successful Liverpool FC would become: no English club can match the Reds' roll of honour at home and abroad: Five European Cup/Champions Leagues, three UEFA Cups, 18 Football League championships, seven FA Cups; eight Football League Cups, plus numerous others. The Official Liverpool FC Illustrated History charts rise and rise of Liverpool FC to the very summit of English and European football, from the struggles of the early years in the nineteenth century, through the domination of the late twentieth century, to the great cup successes in the new millennium. 'Immensely readable' Hannah Jane Parkinson, OBSERVER 'Informative and

emotive' THIS IS ANFIELD\*As featured in the Guardian's Biggest Books of Autumn 2020\*In the first book by a British writer about this extraordinary football manager, lifelong Liverpool fan Anthony Quinn has crafted a uniquely revealing love-letter to Jürgen Klopp. In early March 2020 Liverpool were two wins away from an extraordinary achievement, on course for their first league title win in 30 years - since the heady days of Kenny Dalglish - and likely to seal it in the Liverpool derby against their great rivals Everton. And all this an incredible two months before the season was due to end. Then, as we all

know, the season was postponed. The architect of the club's great resurgence - including their 2019 UEFA Champions League win - has been Jürgen Klopp. In his personal love-letter to the man, Anthony Quinn, journalist, novelist and life-long Liverpool fan, has written an inspiring and affectionate portrait of the incredible German manager, who came to Liverpool in late 2015, with a growing reputation from his successes at Borussia Dortmund. Closely following the three month break, as well as the club's title-clinching return, Quinn offers a uniquely revealing and personal take on this long-awaited triumph.
