'Colour my beak blue, that's a risky business if you're not a cockatoo,' squawked Rocky Cockey. 'You'll need a bodyguard.' They trotted and strutted off down the track, round the back of beyong, up the hill and past the black stump, until

they bumped into Joanna Goanna. Early one morning, Blossom Possum gets such a fright she thinks the sky is falling down! She has to tell someone, so she sets off with her news. On the way she meets her bush mates. But she also runs into trouble. This retelling of a favourite folktale has a delightful Aussie twist and a refreshingly positive ending. The author has used typically Australian animals to create a cast of quirky characters. Rocky Cockey is a cheeky cockatoo, Echo Gecko is an old hippie lizard, and Toey Joey is a lively young kangaroo.

The Writing Revolution Simon and Schuster
 Why you need a writing revolution in your classroom and how to lead it *The Writing Revolution* (TWR) provides a clear method of instruction that you can use no matter

what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, The Writing Revolution can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly,

while also learning content.
