“Reggae got soul,’ Toots Hibbert sang in one of his best-known songs, and Kim Gottlieb-Walker’s remarkable photographs coax that soul out of shadow and light. Her images from Jamaica capture the rough environment that shaped and challenged these artists, and the unquenchable joy that filled their music. They’re

the next-best thing to listening.” — Richard Cromelin During 1975 and 1976, renowned underground photo-journalist Kim Gottlieb, and her husband, Island publicity head Jeff Walker, documented what is now widely recognized as the Golden Age of reggae. Over two years of historic trips to Jamaica and exclusive meetings in Los Angeles, Kim took iconic photographs of the artists who would go on to define the genre and captivate a generation. Bob Marley and the Golden Age of Reggae features candid and intimate photographs of all of the musicians, artists and producers who brought the reggae sound to the international stage, including Peter Tosh, Bunny Wailer, Toots Hibbert, Burning Spear, Jacob Miller, Third World, Lee “Scratch” Perry and, of course, Bob Marley.

Kim’s photographs include never-before-seen performance shots, candid behind-the-scenes footage of Bob’s home in Jamaica, and exclusive records of key moments in reggae history, such as Bob’s first US television appearance, the historical Dream Concert with Stevie Wonder in Jamaica, and Bob meeting George Harrison backstage at the Roxy in 1975. Acclaimed rock journalist and director Cameron Crowe (Almost Famous) introduces this volume with a rousing foreword describing the time he accompanied Jeff and Kim to Jamaica to witness the burgeoning music scene there. Reggae historian Roger Steffens writes lucidly about the significance of those early years in reggae, and describes the pivotal moments documented in Kim’s photographs, many

of which have not been seen in over 30 years, and many more of which have never been released to the public. Intimate and revealing, Bob Marley and the Golden Age of Reggae is a rare and beautiful record of one of the most exciting moments in music history, told through the photographs of a true artist.

 What do such artists as Bob Marley, Fela Anikulapo Kuti, Nina Simone, and Sun Ra have in common? All created uniquely powerful musical art that had a profound effect on their audiences.  Burnett was one of the few Westerners to stay and document the sudden fall of the Shah of Iran in 1978. "44 Days" re-creates the coup that led to a long hostage crisis, President Jimmy Carter's political demise, and an enmity still blazing after 30 years.

 Mangkunagara I (1726-95) was one of the most flamboyant figures of 18th-century Java. A charismatic rebel from 1740 to 1757 and one of the foremost military commanders of his age, he won the loyalty of many followers. He was also a devout Muslim of the Mystic Synthesis style, a devotee of Javanese culture and a lover of

beautiful women and Dutch gin. His enemies—the Surakarta court, his uncle the rebel and later Sultan Mangkubumi of Yogyakarta and the Dutch East India

Company—were unable to subdue him, even when they united against him. In 1757 he settled as a semi-independent prince in Surakarta, pursuing his objective of as much independence as possible by means other than war, a frustrating time for a man who was a fighter to his fingertips. Professor Ricklefs here employs an extraordinary range of sources in Dutch and Javanese—among them Mangkunagara I's voluminous autobiographical account of his years at war, the earliest autobiography in Javanese so far known—to bring this important figure to life. As he does so, our understanding of Java's devastating civil war of the mid-18th century is transformed and much light is shed on Islam and culture in Java.

 Jay Griffiths is a tour guide for anyone who has ever wished to commune with the side of our human psyche that remains in touch with the wild.

Equally at home among the "sea gypsy" Bajo people who live off the coast of Thailand and forage their food from the ocean floor, drinking the psychedelic ayahuasca plant with Amazonian shamans, or joining an Inuit whale hunt at the northern tip of Canada, Griffiths takes readers on an adventure both charted and un-chartable. She divides her meditations on these travels into sections named after the ancient elemental properties of the universe—Earth, Air, Fire, Ice, and Water—because her subject matter is not merely the places traveled to but the depths of mind and the cultural narratives revealed by place. It is a universal story told of far-flung groups of humans, with vastly different ways of life, connected through the varied wilderness that sustains them. By describing the ways in which human societies and the human mind have developed in response to the wilder elements of our homelands, *Savage Grace* reveals itself as a benediction for the emotional, intellectual, and physical nourishment that people continue to draw from the natural

world. Under the sway of Griffiths' charisma, her poetic prose, and her deeply learned and persuasive case for the wild roots of our shared human being, we learn that we are all, each and every one of us, a force of nature.

Bill Clegg had a thriving business as a literary agent, a supportive partner, trusting colleagues, and loving friends when he walked away from his world and embarked on a two-month crack binge. He had been released from rehab nine months earlier, and his relapse would cost him his home, his money, his career, and very nearly his life. What is it that leads an exceptional young mind want to disappear? Clegg makes stunningly clear the attraction of the drug that had him in its thrall, capturing in scene after scene the drama, tension, and paranoid nightmare of a secret life--and the exhilarating bliss that came again and again until it was eclipsed almost entirely by doom. He also explores the shape of addiction, how its pattern--not its cause--can be traced to the past. Portrait of an Addict as a Young Man is an utterly compelling narrative--

lyrical, irresistible, harsh, honest, and beautifully written--from which you simply cannot look away.

Rebel Soul isn't so much a "follow-up" to Bebe Buell's New York Times best-selling memoir *Rebel Heart*, but more of an impressionistic scrapbook about becoming and being Bebe Buell, her trajectory from being a rock "It Girl" to a pop culture icon, through a collection of essays that explore what it was like to be at the center of the pop universe during a golden era, and how she invented herself as a muse and a musician. In this book, Bebe recollects, in vivid and previously unexplored detail, the people and places of her past, from her well-known romances with members of rock royalty, to her influences and friendships, her family and her career (and how they came into conflict), her reflections and observations of the cultural and sexual climate of the '70s. Twenty years after the publication of *Rebel*

Heart, Bebe looks back from a different perspective, with candor, humor and wisdom. Some of the chapters will be portraits of the people who had a profound impact on her life, some will visit a specific place and time. It isn't a straight-forward autobiographical narrative: it's as though Bebe has taken a large box off her shelf, filled with ticket stubs, backstage passes, magazine clippings (from publications as different as CREEM and Playboy) and gig flyers, each one triggering memories of who she was at the time. The book will be illustrated with photos from Bebe's personal archives, going back to her early days as a top fashion model, through her whirlwind years in New York and Los Angeles, times spent in London, Woodstock and now Nashville, where she makes her home.

#1 NEW YORK TIMES BESTSELLER • Pulitzer Prize-winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope

overcame division and fear. ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Christian Science Monitor • Southern Living Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the "better angels of our nature" have repeatedly won the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First

World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women's rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson's crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, "The good news is that we have come through such darkness before"—as, time and again, Lincoln's better angels have found a way to prevail. Praise for *The Soul of America* "Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom for our own time."—Walter Isaacson

 The Godly Man's Picture, Drawn with a Scripture Pencil, or, Some Characteristic Marks of a Man who is Going to Heaven. The soul being so precious, and salvation so glorious—it is the highest point of prudence to make preparations for the eternal world. It is beyond all dispute, that there is an inheritance in light; and it is most strenuously asserted in Holy Scripture that there must be a fitness and suitability for it (Col. 1:12). If anyone asks, “Who shall ascend into the hill of the Lord?” the answer is, “He who has clean hands, and a pure heart” (Psalm 24:4). To describe such a person is the work of this ensuing treatise.  Rose Pastor arrived in

New York City in 1903, a Jewish refugee from Russia who had worked in cigar factories since the age of eleven. Two years later, she captured headlines across the globe when she married James Graham Phelps Stokes, scion of one of the legendary 400 families of New York high society. Together, this unusual couple joined the burgeoning Socialist Party and, over the next dozen years, moved among the liveliest group of activists and dreamers this country has ever seen. Their friends and houseguests included Emma Goldman, Big Bill Haywood, Eugene V. Debs, John Reed, Margaret Sanger, Jack London, and W.E.B. Du Bois. Rose stirred audiences to tears and led strikes of restaurant waiters and garment workers. She campaigned alongside the country's earliest feminists to publicly defy laws against distributing information about birth control, earning her notoriety as “one of the dangerous influences of the country” from President Woodrow Wilson. But in a way no one foresaw, her too-short life would end in the same abject poverty with which it began.
