Only the Best Roofers Are Born in May

In this all-new novella, New York Times bestselling author Juliet Blackwell's popular characters from

her Witchcraft Mysteries and Haunted Home Renovation Mysteries find themselves joining forces to solve a supernatural dilemma... When Mel Turner is hired to rehab an old Victorian mansion to act as the eerie setting for a Halloween bash, she's expecting the normal challenges—old wiring, bad plumbing, maybe a ghostly specter or two. But when a young man is killed after spending the night in the house, and the mannequins in the attic start to come to life, it's clear that this is serious paranormal activity. Maybe this time, a real witch is needed. Recommended by a mutual friend, vintage clothes expert Lily Ivory arrives to offer her help with the mannequins. Armed with Lily's spells and Mel's know-how, the two women must figure out the cause of all of the ghostly commotion—before Mel's renovation project turns into even more of a deadly haunt... Includes previews of Keeper of the Castle: A Haunted Home Renovation Mystery and Spellcasting in Silk: A Witchcraft Mystery. #### *Open House*

Take a town over two hundred years old, with a population whose roots are nearly as ancient. Move new people in as the old guard dies out and there is bound to be a clash under the best of circumstances. Especially, when the new people come with "new" money and change the city building permits to follow Historic Preservation guidelines. Then, they vote in tax abatements for themselves for renovating their vintage homes. It doesn't take long for a couple of senior ladies to protest the preferential property taxes for the wealthy "newbies" and new rules for home repairs which are costly on senior incomes. Someone soon takes revenge on the new people. Is it because these new people have given themselves tax breaks? Or, could a hometown citizen resent the new residents having romantic liaisons with children of longtime locals? Love, money, or both; someone has caused the welcome mat to be a tripping hazard.
