A comprehensive historical survey of the Jewish presence in Central Europe from the seventeenth century to the Holocaust, *German-Jewish History in Modern Times* is a four-volume collective project by a team of leading scholars, offering a vivid portrait of Jewish history. The series is sponsored by the Leo Baeck Institute, established in 1955 in Jerusalem, London, and New York for the purpose of advancing scholarship on the Jews in German-speaking lands. *Renewal and Destruction, 1918-1945* comprises the final volume and focuses on a period of intense change for European Jewry, culminating with the Holocaust. The first portion of Volume 4 explores the ambivalence experienced by Jews in the Weimar Republic, where political,

economic, and cultural equality induced a profound sense of being German at the same time that a resurgent anti-Semitism, which associated Jews with the despised postwar order, helped to maintain Jewish consciousness. German Jews, though divided by differing political preferences, religious orientations, and social status, upheld a sense of their own identity even as they participated to an unprecedented degree in the intellectual and cultural life of the Republic, in its belles lettres, film, music, and theatre. This volume also traces the extraordinary flowering of German-Jewish communal, religious, and cultural life in Germany during a period of upheaval and experimentation. This "renaissance of Judaism" persisted and became more tenacious in the face of National Socialist moves to reverse emancipation and "ghettoize" Jewish culture. The institutions and ideas of the 1920s helped Jews to resist Nazi isolation and tyranny through a remarkable commitment to their own communal organizations as well as to the values of both German and Jewish culture. Yet, finally, the process of economic impoverishment, forced emigration, and physical violence during the Nazi era put an end to the rich historical experience of German Jewry. Carefully researched and accessible to general readers, this fourth volume of German-Jewish History in Modern Times is an indispensable resource for understanding the complex and immensely fruitful role that German Jews played in the history of Central Europe.

Black Robe, an account of the 17th-century encounter between the Huron and Iroquois the French called "Les Sauvages" and the French Jesuit

missionaries the native people called "Blackrobes," is Brian Moore's most striking book. No other novel has so well captured both the intense--and disastrous--strangeness of each culture to one another, and their equal strangeness to our own much later understanding.

In the spring of 1945, Fuhrer and Reich Chancellor Adolf Hitler, President Edvard Benes, and Marshal Josip Broz Tito stood as examples of the complete rupture between the Germans and Austrians on the one hand, and the Czechs, Slovaks, Slovenes, Croats, Serbs, and Bosniaks on the other. The total break that occurred in World War II with war crimes, crimes against humanity, and even genocides (particularly against the Jews and "Gypsies") had a long pre-history, beginning with violent nationalist clashes in the Habsburg Monarchy during the revolutions of 1848/49. Therefore, this monograph - based on a broad range of international primary and secondary sources - explores the development of the political, legal, economic, social, and cultural "communities of conflict" within Austria-Hungary, especially in the Bohemian and South Slavic countries, the making of the Paris Peace Treaties in 1919/20 by violating President Wilson's principle of self-determination, particularly in drawing new borders and creating new economic units, and the perpetuated ethnic-national conflicts between Czechs and Germans, Slovaks and Magyars, Slovenes and Germans, Croats and Serbs as well as Serbs and Germans in the successor states, deepening the differences between the nations of East-Central Europe. Although many kings, presidents, chancellors, ministers, governors, diplomats,

business tycoons, generals, Nazi-Gauleiter, higher SS and police leaders, and Communist functionaries have appeared as historical actors in the 170 years of East-Central and Southeastern European history, Hitler, Benes, and Tito remain especially present in historical memory at the beginning of the twenty-first century.

Most early Western perceptions of the Holocaust were based on newsreels filmed during the Allied liberation of Germany in 1945. Little, however, was reported of the initial wave of material from Soviet filmmakers, who were in fact the first to document these horrors. In *First Films of the Holocaust*, Jeremy Hicks presents a pioneering study of Soviet contributions to the growing public awareness of the horrors of Nazi rule. Even before the war, the Soviet film *Professor Mamlock*, which premiered in the United States in 1938 and coincided with the Kristallnacht pogrom, helped reinforce anti-Nazi sentiment. Yet, Soviet films were often dismissed or even banned in the West as Communist propaganda. Ironically, in the brief 1939–1941 period of Nazi and Soviet alliance, such films were also banned in the Soviet Union, only to be reclaimed after the Nazi attack on the Soviet Union in 1941, and suppressed yet again during the Cold War. Jeremy Hicks recovers much of the major film work in Soviet depictions of the Holocaust and views them within their political context, both locally and internationally. Overwhelmingly, wartime films were skewed to depict Soviet resistance, “Red funerals,” and calls for vengeance,

rather than the singling out of Jewish victims by the Nazis. Almost no personal testimony of victims or synchronous sound was recorded, furthering the disconnection of the viewer to the victims. Hicks examines correspondence, scripts, reviews, and compares edited with unedited film to unearth the deliberately hidden Jewish aspects of Soviet depictions of the German invasion and occupation. To Hicks, it’s in the silences, gaps, and ellipses that the films speak most clearly. Additionally, he details the reasons why Soviet Holocaust films have been subsequently erased from collective memory in the West and the Soviet Union: their graphic horror, their use as propaganda tools, and the postwar rise of the Red Scare in the United States and anti-Semitic campaigns in the Soviet Union.
