È nei giorni dell'emozione della scomparsa di Jacqueline Risset che è nata l'idea di rendere omaggio alla sua figura di scrittrice, poeta, traduttrice, saggista. Il convegno internazionale Jacqueline Risset "Une certaine joie" è stato anzitutto un gesto di

amicizia: la risposta di quanti l'hanno conosciuta, letta, amata. Nel contempo il convegno ha voluto essere la messa in contatto di studiosi di ambiti culturali molteplici. Gli Atti ne riuniscono i contributi e interrogano, nelle cinque sezioni in cui si articolano, i vari campi del percorso intellettuale della studiosa: letteratura, filosofia, psicanalisi, poesia, traduzione, cinema, teatro, facendo emergere a partire dalle esperienze fondatrici di Tel Quel e della traduzione di Dante la postura innovativa di un pensiero sempre attento alle radici profonde dell'Europa e alle grandi questioni politiche del nostro tempo. Filo conduttore, l'istante. "Brusca" illuminazione sfrondata da ogni trascendenza, l'istante interrompe il continuum della durata e la rinnova facendosi portatore, come scrive Proust - autore tra i

più centrali per la studiosa, - di "cette crête qu'ont les idées à certains jours" e di "une certaine joie".

Una ragazza, terminati gli studi, decide di intraprendere un viaggio intorno al mondo, un viaggio di scoperta di altre culture, di altri modi di vivere, di altre realtà che la toccano nel profondo e la arricchiscono di emozioni ed esperienze. In pochi mesi attraversa cinque continenti, fermando istantanee di vita sul proprio blog e nella fidata macchina fotografica. L'incontro con persone di ogni età e di ogni ceto sociale la rendono via via più forte, più consapevole, più matura di quando il viaggio era cominciato. *Traveler of the Century* U of Nebraska Press

rivista internazionale illustrata Holiday House Using original sources-- such as newspaper articles, silent movies, letters, autobiographies, and interviews--Ilaria Serra depicts a large tapestry of images that accompanied mass Italian migration to the U.S. at the turn of the twentieth century. She chooses to translate the Italian concept of *immaginario* with the Latin *imago* that felicitously blends the double English translation of the word as "imagery" and "imaginary." *Imago* is a complex knot of collective representations of the immigrant subject, a mental production that finds concrete expression; impalpable, yet real. The "imagined immigrant" walks alongside the real one in flesh and rags. Jacqueline Risset: "Une certaine joie". Percorsi di scrittura dal Trecento al Novecento EDT srl From one of Latin America's finest writers comes a mesmerizing novel about life of the legendary Eva Peron, the famed wife of an Argentine dictator, told backwards from death to childhood. • Now a 7-part Limited Series on Hulu. Bigger than fiction, Eva Peron was the poor-trash girl who reinvented

herself as a beauty, snared Argentina's dictator, reigned as uncrowned queen of the masses, and was struck down by cancer. When her desperate but foxy husband brings Europe's leading embalmer to Eva's deathbed to make her immortal, the fantastical comedy begins. "Finally, this is the novel I always wanted to read." —Gabriel Garcia Marquez Gunnar's Daughter Northwestern University Press "Good readers will find something that can be found only in great literature, the kind written by real poets, a literature that dares to venture into the dark with open eyes and that keeps its eyes open no matter what The literature of the twenty-first century will belong to Neuman and a few of his blood brothers."--Roberto Bolaño Playful, philosophizing, and gloriously unpredictable, Andrés Neuman's short stories consider love, lechery, history, mortality, family secrets, therapy, Borges, mysterious underwear, translators, and storytelling itself. Here a relationship turns on a line drawn in the sand an analyst treats a patient

who believeshe'sthe real analyst; a discovery in a secondhand shop takes on a cruel significance; a man decides to go to work naked one day. In these small scenes and brief moments Neuman confounds our expectations with dazzling sleight of hand. With a variety of forms and styles, Neuman opens up the possibilities for fiction, calling to mind other greats of Latin American letters, such as Cortázar, Bolaño, and Bioy Casares. Intellectually stimulating and told with a voice that is wry, questioning, sometimes mordantly funny, yet always generously humane, *The Things We Don't Do* confirms Neuman's place as one of the most dynamic authors writing today. Andrés Neuman was born in Buenos Aires, and grew up and lives in Spain. He was included in *Granta's* "Young Spanish-language Novelists" issue and is the author of almost twenty works, two of which-- *Traveler of the Century* and *Talking to Ourselves*-- have been translated into English. *Traveler of the Century* won the Alfaguara Prize and the National Critics Prize, and was longlisted for the 2013 Best Translated

book award, and shortlisted for the 2013 Independent Foreign Fiction Prize and the 2014 International IMPAC Dublin Literary Award. Nick Caistor is a prolific British translator and journalist, best known for his translations of Spanish and Portuguese literature. He is a past winner of the Valle-Inclán Prize for translation and is a regular contributor to BBC Radio 4, Times Literary Supplement, and the Guardian. Lorenza Garcia has lived for extended periods in Spain, France, and Iceland. Since 2007, she has translated over a dozen novels and works of non-fiction from French and Spanish.

A kaleidoscopic, fast-paced tour of Latin America from one of the Spanish-speaking world's most outstanding writers. Lamenting not having more time to get to know each of the nineteen countries he visits after winning the prestigious Premio Alfaguara, Andrés Neuman begins to suspect that world travel consists mostly of "not seeing." But then he realizes that the fleeting nature of his trip provides him with a unique opportunity:

touring and comparing every country of Latin America in a single stroke. Neuman writes on the move, generating a kinetic work that is at once puckish and poetic, aphoristic and brimming with curiosity. Even so-called non-places—airports, hotels, taxis—are turned into powerful symbols full of meaning. A dual Argentine-Spanish citizen, he incisively explores cultural identity and nationality, immigration and globalization, history and language, and turbulent current events. Above all, Neuman investigates the artistic lifeblood of Latin America, tackling with gusto not only literary heavyweights such as Bolaño, Vargas Llosa, Lorca, and Galeano, but also an emerging generation of authors and filmmakers whose impact is now making ripples worldwide. Eye-opening and charmingly offbeat, *How to Travel without Seeing: Dispatches from the New Latin America* is essential reading for anyone interested in the past, present, and future of the Americas. *Pubblicazioni della Specola Vaticana* University of Chicago Press
In 1798, the armies of the

French Revolution tried to transform Rome from the capital of the Papal States to a Jacobin Republic. For the next two decades, Rome was the subject of power struggles between the forces of the Empire and the Papacy, while Romans endured the unsuccessful efforts of Napoleon's best and brightest to pull the ancient city into the modern world. Against this historical backdrop, Nicassio weaves together an absorbing social, cultural, and political history of Rome and its people. Based on primary sources and incorporating two centuries of Italian, French, and international research, her work reveals what life was like for Romans in the age of Napoleon. "A remarkable book that wonderfully vivifies an understudied era in the history of Rome. . . . This book will engage anyone interested in early modern cities, the relationship between religion and daily life, and the history of the city of Rome."—*Journal of Modern History* "An engaging account of Tosca's Rome. . . . Nicassio provides a fluent introduction to her subject."—*History Today* "Meticulously researched, drawing on a host of

original manuscripts, memoirs, personal letters, and secondary sources, enabling [Nicassio] to bring her story to life.”—History

Looking can be an act of empathy or aggression. It can provoke desire or express it. And from the blurry, edgeless world we inhabit as infants to the landscape of screens we grow into, looking can define us. In *The Story of Looking*, filmmaker and writer Mark Cousins takes us on a lightning-bright tour--in words and images--through how our looking selves develop over the course of a lifetime, and the ways that looking has changed through the centuries. From great works of art to tourist photographs, from

cityscapes to cinema, through science and protest, propaganda and refusals to look, the false mirrors and great visionaries of looking, this book illuminates how we construct as well as receive the things we see. Brilliant and eclectic, *The Story of Looking* is a photo album and an art gallery, a road movie and a visual grammar: once you've read it, you'll never see things the same way again.

Dante Alighieri's *Divine Comedy* has, despite its enormous popularity and importance, often stymied readers with its multitudinous characters, references, and themes. But until the publication in 2007 of Guy Raffa's guide to the *Inferno*, students lacked a suitable resource to help them navigate Dante's underworld. With this new guide to the entire *Divine Comedy*, Raffa provides readers—experts in the Middle Ages and Renaissance, Dante neophytes, and everyone in between—with a map of the entire poem, from the lowest circle of Hell to the highest sphere of Paradise. Based on Raffa's original research and his

many years of teaching the poem to undergraduates, *The Complete Dante Worlds* charts a simultaneously geographical and textual journey, canto by canto, region by region, adhering closely to the path taken by Dante himself through Hell, Purgatory, and Paradise. This invaluable reference also features study questions, illustrations of the realms, and regional summaries. Interpreting Dante's poem and his sources, Raffa fashions detailed entries on each character encountered as well as on many significant historical, religious, and cultural allusions.

The Temple of

Iconoclasts Verba Mundi

The first historical novel by the Nobel Prize-winning author of *Kristin Lavransdatter* A Penguin Classic More than a decade before writing *Kristin Lavransdatter*, the trilogy about fourteenth-century Norway that won her the Nobel Prize, Sigrid Undset published *Gunnar's Daughter*, a brief, swiftly moving tale about a more violent period of her country's history, the Saga Age. Set in Norway and Iceland at the beginning of the eleventh century, *Gunnar's Daughter* is the

story of the beautiful, spoiled Vigdis Gunnarsdatter, who is raped by the man she had wanted to love. A woman of courage and intelligence, Vigdis is toughened by adversity. Alone she raises the child conceived in violence, repeatedly defending her autonomy in a world governed by men. Alone she rebuilds her life and restores her family's honor—until an unremitting social code propels her to take the action that again destroys her happiness. First published in 1909, *Gunnar's Daughter* was in part a response to the rise of nationalism and Norway's search for a national identity in its Viking past. But unlike most of the Viking-inspired art of its period, *Gunnar's Daughter* is not a historical romance. It is a skillful conversation between two historical moments about questions as troublesome in Undset's own time—and in ours—as they were in the Saga Age: rape and revenge, civil and domestic violence, troubled marriages, and children made victims of their parents' problems.

By Antonio Tabucchi, one

of the most renowned voices in European literature and the foremost Italian writer of his generation, *The Woman of Porto Pim* is made up of enchanting, hallucinatory fragments that take place on the Azores Islands off the coast of Portugal. Told by a visiting Italian writer unearthing legends, relics and histories of the inhabitants, the tales shed light on a local restaurant proprietress's impossible love with an Azorean fisherman during WWII, a dazzling whaling expedition of eras past, shipwrecks both metaphorical and real, and a playful look at humankind from the perspective of a whale. Motel Chronicles reveals the fast-moving and sometimes surprising world of the man behind the plays that have made Sam Shepard a living legend in the theater. Shepard chronicles his own life birth in Illinois, childhood memories of Guam, Pasadena and rural Southern California, adventures as ranch hand, waiter, rock musician, dramatist and film actor. Scenes from

this book form the basis of his play *Superstitions*, and of the film (directed by Wim Wenders) *Paris, Texas*, winner of the Golden Palm Award at the 1984 Cannes Film Festival. ". . . essential reading. A scrapbook of short stories, autobiographical reveries, poetry and photographs, *Motel Chronicles* is full of verbal delights, as well as insights into its author's entire canon. Whether Mr. Shepard is reminiscing about his parents or daydreaming about cherished movies and cars of his youth, he speaks in pungent and ethereal language that remakes our West. Read in conjunction with the plays, *Motel Chronicles* also helps demystify the origins of Mr. Shepard's psychological obsessions and desolate frontier iconography."—Frank Rich, *New York Times* "If plays were put in time capsules, future generations would get a sharp-toothed profile of life in the U.S. in the past decade and half from the works of Sam Shepard."—*Time* "Sam Shepard is a shaman—a New World shaman. Sam is as American as peyote, magic mushrooms, Rock and Roll, and medicine bundles."—Jack Gelber

Sam Shepard (1943) is a playwright, actor, author, screen writer and director whose work is performed on and off Broadway and in other theaters across the country. The Complete

Danteworlds Macmillan Work is constantly reshaped by technological progress. New ways of production are adopted, markets expand, and societies evolve. But some changes provoke more attention than others, in part due to the vast uncertainty involved in making predictions about the future. The 2019 World Development Report will study how the nature of work is changing as a result of advances in technology today. Technological progress disrupts existing systems. A new social contract is needed to smooth the transition and guard

against rising inequality. Significant investments in human capital throughout a person's lifecycle are vital to this effort. If workers are to stay competitive against machines they need to train or retool existing skills. A social protection system that includes a minimum basic level of protection for workers and citizens can complement new forms of employment. Improved private sector policies to encourage startup activity and competition can help countries compete in the digital age. Governments also need to ensure that firms pay their fair share of taxes, in part to fund this new social contract. The 2019 World Development Report presents an analysis of these issues based upon the available evidence. [Catalogo astrografico, 1900.0](#) Argentine Literature Demetrio Rota, a garbage collector from Buenos Aires, sleeps in the afternoons and assembles puzzles at night before leaving for work. His daily life is mediocre and he keeps his balance through sheer exhaustion. However, through the puzzles, Demetrio inspects and sorts through his own

memories. At the end of the journey through his history, the present seems to devour him, until he's left with only the emptiness of himself and his daily misery. A parable of memory and deterioration, Andrés Neuman's *Bariloche* juxtaposes the astonished memories of youth with a skeptical conscience; the impossible idealization of nature or first love with the moral and physical suffocation of the big city; being uprooted with returning to one's origins, with a language fascinated by both lyricism and rotteness. *Motel Chronicles* Northwestern University Press Will works of the imagination ever regain the power they once had to challenge and mould society and the individual? This was the question posed by Edgar Wind's influential Reith Lectures delivered in 1960 and later expanded into his book *Art and Anarchy*. The book examines the various forces that have fashioned the modern view of the art, from mechanization and fear of intellect to connoisseurship and--perhaps the fundamental weakness of our age--the

dispassionate acceptance of art. In the course of his discussion, Wind surveyed a wide range of topics in the history of painting, literature, music, and the plastic arts from the Renaissance to modern times.

Before leaving home he had engaged to send back dispatches to La Stampa; after appearing there, his "letters from India" were collected and issued posthumously as *Verso la cuna del mondo* (1917), now published in English for the first time. The extent of Gozzano's travels - to Ceylon, Goa, Agra, Jaipur - makes one wonder how the writer was able to visit all or even most of the places he so vividly describes.

World Development

Report 2019 Macmillan Critically acclaimed, prize-winning author Andrés Neuman's *Fracture* is an ambitious literary novel set against Japan's 2011

nuclear accident in a cross-cultural story about how every society remembers and forgets its catastrophes. Mr. Yoshie Watanabe, a former electronics company executive and a survivor of the atomic bomb, has always lived like a fugitive from his own memories. He's spent decades traveling the world, making a life in different languages, only to find himself home again, living in Tokyo in his old age. On the afternoon of March 11, 2011, Watanabe, like millions of others, is stunned by powerful tremors. A massive earthquake has struck to the north, triggering the Fukushima nuclear disaster—and a stirring of the collective past. As the catastrophe unfolds, Watanabe's mind, too, undergoes a tectonic shift. With his native land yet again under nuclear threat, he braces himself to make the most surprising decision of his nomadic life. Meanwhile,

four women who have known him intimately at various points in time narrate their stories to a strangely obsessive Argentinian journalist. Their memories, colored by their respective cultures and describing different ways of loving, trace sociopolitical maps of Paris, New York, Buenos Aires, and Madrid over the course of the twentieth century. The result is a metalingual, border-defying constellation of fractures in life and nature—proof that nothing happens in only one place, that every human event reverberates to the ends of the earth. With unwavering empathy and bittersweet humor, and facing some of the most urgent environmental concerns of our time, Andrés Neuman's *Fracture* is a powerful novel about the resilience of humankind, and the beauty that can emerge from broken things.
