It is important for an English speaker to choose the most suitable way to learn Arabic verbs. If he or she aims to be a specialist, another book would be a better choice. If the goal is to learn useful verbs and the way that Arabs use them, this book is the right choice. You may ask is it worth it to spend time learning Arabic verbs with such a book? Yes. Arabic literature spans more than fourteen centuries and reflects the change of time. But among parts of the language that have remained almost the same, there are the verbs. Arabs still use the same verbs to express themselves for vital actions as they did in 600: to go, to come, to eat, to drink, to speak, to live, to die, etc. Verbs can thus be an entry point to explore the language of the past.

Immediately before each sentence is spoken, you will hear the translation, so you will always understand what is being said. Unit 2 focuses solely on increasing your listening ability, which will improve your abilities to engage in dialogue with a native Arabic speaker. This chapter requires you to listen very carefully to nuances in the language. By Unit 3 you will already notice progress in your abilities to speak and understand Arabic. The spoken translation is followed by two repetitions in

Arabic at a completely natural speed. While you are learning to process naturally spoken Arabic, Units 3 and 4 will help you memorise new vocabulary and full sentences. In Unit 5 you can test yourself on how much you have learned. If you are having difficulties, we suggest you revisit the listening, speaking, or memorisation section of Units 1, 2 3 or 4, according to what you need more help with. We developed our audiobooks to enable you to learn without an eBook. This gives you the opportunity to advance your Arabic language skills anywhere whether you're on the go or waiting around. As the audiobook is neatly arranged into many sub-units, it is also very practical for educators to navigate and use in classrooms or any time sensitive learning environment.
