Beyond the Veil Saqi

Convinced that the veil is a symbol of unjust male authority over women, in The Veil and the Male Elite, Moroccan feminist Fatima Mernissi aims to investigate the origins of the practice in the first Islamic community.

Beyond the Veil Indiana University Press

Is Islam compatible with democracy? Must fundamentalism win out in the Middle East, or will democracy ever be possible? In this now-classic book, Islamic sociologist Fatima Mernissi explores the ways in which progressive Muslims--defenders of democracy, feminists, and others trying to resist fundamentalism--must use the same sacred texts as Muslims who use them for violent ends, to prove different views. Updated with a new introduction by the author written in the wake of the September 11 terrorist attacks on the United States, Islam and Democracy serves as a guide to the players moving the pieces on the rather grim Muslim chessboard. It shines new light on the people behind today's terrorist acts and raises provocative questions about the possibilities for democracy and human rights in the Islamic world. Essential reading for anyone interested in the politics of the Middle East today, Islam and Democracy is as timely now as it was upon its initial, celebrated publication.

That the Blood Stay Pure traces the history and legacy of the commonwealth of Virginia's effort to maintain racial purity and its impact on the relations between African Americans and Native Americans. Arica L. Coleman tells the story of Virginia's racial purity campaign from the perspective of those who were disavowed or expelled from tribal communities due to their affiliation with people of African descent or because their physical attributes linked them to those of African ancestry. Coleman also explores the social consequences of the racial purity ethos for tribal communities that have refused to define Indian identity based on a denial of blackness. This rich interdisciplinary history, which includes contemporary case studies, addresses a neglected aspect of America's long

struggle with race and identity.

The Torn Veil Simon and Schuster

A NEW YORK TIMES NOTABLE BOOK "Explains powerfully how Muslim women are affected by the rise of fundamentalism."—Dan Rather In recent years, the expanding movement of militant Islam has changed the way millions think, behave, dress, and live, but nowhere has its impact been more powerfully felt than in its dramatic, often devastating effect on the lives of women. Award-winning journalist Jan Goodwin traveled through ten Islamic countries and interviewed hundreds of Muslim women, from professionals to peasants, from royalty to rebels. The result is an unforgettable journey into a world where women are confined, isolated, even killed for the sake of a "code of honor" created and zealously enforced by men. Price of Honor brings to life a world in which women have become pawns in a bitter power game, and gives readers a provocative look inside Muslim society today—in their own words.

Dominique Strauss-Kahn's arrest. Congressman Todd Akin's "legitimate" gaffe. The alleged rape crew of Steubenville, Ohio. Sexual violence has been so prominent in recent years that the feminist term "rape culture" has finally entered the mainstream. But what, exactly, is it? And how do we change it? In Asking for It, Kate Harding answers those questions in the same blunt, bullshit-free voice that's made her a powerhouse feminist blogger. Combining in-depth research with practical

knowledge, Asking for It makes the case that twenty-first century America—where it's estimated that out of every 100 rapes only 5 result in felony convictions—supports rapists more effectively than victims. Harding offers ideas and suggestions for addressing how we as a culture can take rape much more seriously without compromising the rights of the accused.

**The Veil And The Male Elite** Yale University Press

For anyone to say that no mysteries or secrets are contained within the Word of Yahweh (God), that the Torah is done away with, or that God's plan includes the destruction of the world, he is surely misinformed. So much is lost in translation and misunderstood within God's Word, even to the level of simple word definitions. The source of this problem is not returning to the foundations of Torah: understanding early church teachings, deciphering the Torah from its Hebraic roots and language, and recognizing God's language of mysteries, secrets, and parables, the very method used to reveal the New Testament to us. To learn the deeper and hidden teachings of the kingdom is to obtain access behind the veil into the Holy of Holies of the temple, the pattern of creation. Beyond the veil, the original intention of God's plan becomes clear: to restore creation with His people, who are called to be royal high priests, the temple, the garden, the New Jerusalem, the manifested sons of the kingdom, and the living Word of God. The access into the Holy of Holies is granted when the

living Torah is revealed with the correct understanding of it. Through revelation - an apocalypse, the removal of the veil - does one begin to comprehend God's divine plan of restoration of His glory. Step behind the veil and see the coming glory of our magnificent Creator. About the authors: Dr. Michael Petro is the founder of Forerunner Ministries International and Forerunner Television Productions. Michael has traveled extensively through the nations, where God has used him in miracles, signs and wonders to open blind eyes, deaf ears, and heal the paralyzed. Michael has raised up sons and daughters all around the world and has spearheaded numerous congregations and made disciples worldwide. His heart is to see God's children come into a face-to-face relationship with their LORD and KING Jesus and to see the Melchizedek priesthood put into position and be used in the final GLORY. **Do Muslim Women Need Saving?** Routledge

Do Muslim Women Need Saving? is an indictment of a mindset that has justified all manner of foreign interference, including military invasion, in the name of rescuing women from Islam. It offers a detailed, moving portrait of the actual experiences of ordinary Muslim women, and of the contingencies with which they live.

Access Behind the Veil: The Coming Glory - 2nd Edition Da Capo Lifelong Books

This "wonderful and enchanting" memoir tells the revelatory true story of one Muslim girl's life in her family's French Moroccan harem, set against the backdrop of World War II (The New York Times Book Review). "I was born in a harem in 1940 in Fez, Morocco..." So begins Fatima Mernissi in this illuminating narrative of a childhood behind the iron gates of a domestic harem. In *Dreams of Trespass*, Mernissi weaves her own memories with the dreams and memories of the women who surrounded her in the courtyard of her youth -- women who, without access to the world outside, recreated it from sheer imagination. A beautifully written account of a girl confronting the mysteries of time and place, gender and sex, *Dreams of Trespass* illuminates what it was like to be a modern Muslim woman in a place steeped in tradition.

Women in Islam First Edition Design Publishing

In this book, Jonathan Holloway explores the early lives and careers of economist Abram Harris Jr., sociologist E. Franklin Frazier, and political scientist Ralph Bunche--three black scholars who taught at Howard University during the New Deal and, together, formed the leading edge of American social science radicalism. Harris, Frazier, and Bunche represented the vanguard of the young black radical intellectual-activists who dared to criticize the NAACP for its cautious civil rights agenda and saw in the turmoil of the Great Depression an opportunity to advocate class-based solutions to what were commonly considered racial problems. Despite the broader approach they called for, both their advocates and their detractors had difficulty seeing them as anything but "black intellectuals" speaking on "black issues." A social and intellectual history of the trio, of Howard University, and of black Washington, *Confronting the Veil* investigates the effects of racialized thinking on Harris, Frazier, Bunche, and others who wanted to think "beyond race--who envisioned a workers' movement that would eliminate racial divisiveness and who used social science to demonstrate the ways in which race is constructed by social phenomena. Ultimately, the book sheds new light on how people have used race to constrain the possibilities of radical politics and social science thinking.

The Life Beyond the Veil Princeton University Press

Diane Goble had a near-death experience in 1971 and received specific information to bring back with her to share with others. For the past 35 years she has been involved in the field of death and dying as a spiritual counselor and hospice volunteer, and is the author of several books, a blog "Let's talk about death and dying..." and a major NDE web site since 1996, *BeyondtheVeil.net*. She created a training course to teach paraprofessionals to be Transition Guides for those who are getting ready to leave their bodies and return to their spiritual home according to their own beliefs. Her message is that we don't die, only our bodies die but we don't need them any more. Our soul consciousness existed before we were born into a body and continues beyond the death of our body. We are beautiful spiritual beings of light on an eternal journey and shedding our skin is part of our spiritual growth and the evolution of consciousness. In "Beyond the Veil: Our Journey Home," Goble

condensed her Transition Guide Training Program into this handbook for caregivers and patients. It offers a simple, non-denominational method of meditation and guided imagery practice to help us remember who we really are while still in our body. "By practicing to die consciously before we die physically," she says, "we are prepared and aware of what's happening when we find ourselves out of our body no matter how it died. This book is for every one because we are all, after all, going to make our transition one day, but it is especially germane to anyone who has received a terminal diagnosis and for adult children caring for their aging parents. It will help you and your family to have the conversations you need to have about end of life care and your last wishes. It will help the person leaving reconcile this life and prepare for a peaceful transition on their own terms. You'll find information about palliative and hospice care, final arrangements, and Death With Dignity laws. You'll delve into the subject of near-death experiences and the current research into the survival of consciousness, and the ancient mysteries that gave birth to our understanding of death and the afterlife. This is no ordinary book and it is guaranteed to change your life!

Beggars...Outcasts...Homeless Such were the forgotten, uneducated children in China when the Spirit of God fell upon their humble orphanage, the Adullam Home. The boys spent days in powerful meetings, praying and praising God. The Life Beyond the Veil Simon and Schuster

The Middle East has long been something of a mystery to Westerners, and in particular, the sexual mores of the region continue to fascinate. Arabs are often described as being in a state of Islam-induced sexual anxiety and young Muslims' frustrations are said to be exacerbated by increasing exposure to the licentiousness of the West. Here, Middle East expert John R. Bradley sets out to uncover the truth about sex in countries like Egypt, Syria, Morocco and Yemen. Among many startling revelations, Bradley reports on how "temporary" Islamic marriages allow for illicit sex in the theocracies of Iran and Saudi Arabia; "child brides" that are sold off to older Arab men according to ancient tribal traditions; the hypocrisy that undermines publicized crackdowns on the thriving sex industry in the Persian Gulf; and how, despite widespread denial, homosexuality is still deeply ingrained in the region's social fabric. Richly detailed and nuanced, *Behind the Veil of Vice* sheds light on a taboo subject and unravels widely held myths about the region. In the process, Bradley also delivers an important message about our own society's contradictions.
