Learn to make your own quiet place somewhere with this inspiring journey inside tranquil cabins and handmade homes, from the creators of the wildly popular Cabin Porn phenomenon. Cabin Porn began as an online project created by a group of friends to inspire their own homebuilding. It has grown into a global phenomenon, attracting thousands of submissions from

fellow cabin builders and a passionate audience of millions interested in simple, efficient homes and the beauty of nature. Cabin Porn: Inside invites readers into these handmade homes to discover rooms of warmth and simplicity, connected by the universal desire to bring a simple building to life in harmony with the land around it. Each of these tranquil getaways is a lesson in living simply and joyfully. Here you will find hundreds of examples of what makes a cabin: the small details that enable their dwellers to live pleasantly and sustainably, as well as the mistakes and adaptations that reveal what builders must learn while creating their own homes.

Perhaps most touching is the evidence that these homes have hosted charming and memorable evenings for the people who worked together to build them. Full of spellbinding spaces of warmth and ingenious simplicity, *Cabin Porn: Inside* is an invitation to the cabin of your dreams and to the serenity of a simpler life.

Island: The Complete Stories Die Gestalten Verlag-DGV

From short sailing trips with friends to longer cruises along coastlines or across the oceans, this book celebrates the nautical way of life. Since the dawn of time, exploring the world by boat has been seen as the pinnacle of freedom. And what may often have seemed an

impossible dream is now within reach, thanks to businesses offering boats for hire and specialist companies organizing trips that give people the opportunity to live that dream for a few weeks. *Sailing the Seas* will take readers on a series on adventures across the globe, from the coast of the US down to the Caribbean, through classic Mediterranean voyages and of trips in far-flung locations such as Thailand and French Polynesia. Presenting a fresh, younger side of sailing, this volume reveals the sights, sounds, tastes, and experiences that can be had on board a boat.

Stefan Huebbe is a professional designer, builder and owner of an internationally-renown houseboat company. In this book, he guides the technically-minded reader through the entire design and building process so that you are able to realize even the most complex houseboat project. Detailed design recommendations for small, mid-sized and large stationary or mobile houseboats are included throughout the book, as well as equations and guidelines, so that you can alter the designs according to your individual needs - or even create your own unique concept. In 340 pages, with over 450 detailed diagrams,

illustrations, photos and equations, you will learn everything you need to know about designing and building a houseboat, including topics such as: Investment and running costs Hull designs, materials, buoyancy and heeling stability Superstructure incl. structural and insulation calculations Floor plans Electricity incl. energy demand calculations Fresh water incl. design of a watermaker Waste water Heating solutions based on calculated heat losses Propulsion and steering Control and diagnostic requirements Safety requirements and features Maintenance and inspection Legal framework around houseboats and moorings Project management incl.

budgeting, scheduling and tendering
Construction site and management
Environmental considerations and zero-emission houseboat
How to use and apply complex equations
Tips and lessons learned over 14 years in the industry
Huebbe introduces all your options with regards to design, parts, materials and equipment, the advantages and disadvantages of each, as well as how to choose or calculate the most suitable solution for your project.
This book is a comprehensive and detailed source of technical knowledge for anyone interested in houseboats.
Whether you want to learn more about them, plan to build or

buy one, or even if you own a houseboat already, this book provides an invaluable insight into the amazing world of floating living spaces.

The cabin has become our third place, our hideaway where we can recharge our spirits and reconnect with ourselves, away from the restraints of society and the stress of the everyday. This book presents the best new cabin architecture and design. We all need to be somewhere else, just for a little while. The cabin is that somewhere else. They allow us to get into a different state of mind, one where we can just have a good time. Four walls and a roof and a weekend--these getaways free us from the distracting and unessential, and put us back in touch with nature and our own inner peace. In cabins,

we can savor solitude or share experiences with friends among mountains, rivers, woods, and wildlife.

The Hinterland explores architecture and design approaches to creating the refuges that refresh and revitalize amidst the beauty of nature.

Triumph at the falls

Down East Books

A tour de force from acclaimed author Alan Gratz (*Prisoner B-3087*), this timely -- and timeless -- novel tells the powerful story of three different children seeking refuge. A New York Times bestseller! JOSEF is a Jewish boy living in 1930s Nazi Germany. With the threat of concentration camps looming, he and his family board a ship bound for the other side of the world . .

.ISABEL is a Cuban girl in 1994. With riots and unrest plaguing her country, she and her family set out on a raft, hoping to find safety in America . . . MAHMOUD is a Syrian boy in 2015. With his homeland torn apart by violence and destruction, he and his family begin a long trek toward Europe . . . All three kids go on harrowing journeys in search of refuge. All will face unimaginable dangers -- from drownings to bombings to betrayals. But there is always the hope of tomorrow. And although Josef, Isabel, and Mahmoud are separated by continents and decades, shocking connections will tie their stories together in the end. This action-packed novel tackles topics both timely and

timeless: courage, survival, and the quest for home.

The Boys in the Boat
Grove/Atlantic, Inc.

On August 29, 2005, the worst natural disaster in the history of the United States devastated the city of New Orleans and the Gulf Coast of Louisiana and Mississippi. Like many others in America and around the world, Chris McLaughlin watched the tragedy of Katrina unfold on a television screen from the comfort of her living room on Cape Cod in Massachusetts. In the devastation afterwards, almost 2,000 people and an estimated 250,000 animals had perished. Miraculously, many pets did manage to survive. But in the months that followed

the hurricane, thousands of them were fending for themselves in the ruins of devastated neighborhoods. They roamed the streets in feral packs or struck out alone. Their plight triggered a grassroots rescue effort unlike any this country had ever seen, and while relief organizations such as the Red Cross were tending to the human survivors, and movie stars and celebrities were airlifting food and endorsing seven-figure checks, a much smaller and meagerly funded effort was underway to save the four-legged victims. With no prior experience in disaster response and no real grasp of the hell that awaited them, scores of animal lovers, including McLaughlin, made their way to the

Gulf Coast to help in any way they could. Including photos from four-time Pulitzer Prize-winning photojournalist Carol Guzy, *Mississippi Barking* spans the course of two years as McLaughlin and others ventured into the wreckage of the Gulf Coast to rescue the animals left behind. McLaughlin tells the moving stories of the people she met along the way, both those who lost everything to the hurricane and those working beside her rescuing and transporting animals away from the neglected, derelict conditions in which they barely survived. Within this story of tragedy and cruelty, suffering and ignorance, *Mississippi Barking* also bears

witness to selfless acts of bravery and compassion, and the beauty and heroics of those who risked everything to save the animals that could not save themselves.

Winds of Skilak

Lake Clark National
Park & Preserve
Nestled in thriving woodlands, overlooking bodies of water, or even exposed to the elements on a mountain's peak, architects are contending to create high-impact spaces on a small scale. Cabin Fever takes a broad look at remote retreats designed to make the most of their natural surroundings and illustrates why the call of the wild is louder than ever. A desire to escape the commotion

of the city without sacrificing creature comforts is something felt by many; especially in today's interconnected world. Featuring rustic timber cabins on stilts, mirrored pods in the woods, and otherworldly off-grid getaways, Cabin Fever showcases a new wave of modern hideaways, all remotely positioned and away from the hustle and bustle.

Sailing the Seas

Macmillan
Leaving behind friends, family, and life as they know it, the Wards embark on a journey into the Alaskan wilderness that will change them forever.

A Year in the National Parks

Faber & Faber
Many Were Held by the Sea tells the story of the crash of HMS

Otranto and HMS Kashmir off the coast of Scotland near the end of World War I. The two ships, former British passenger liners from the P&O Steamship Company, collided while ferrying hundreds of American soldiers from New York to various British ports. The narrative details the courage of the young men on board and the anguish of their relatives on the home front, ultimately building up to the disastrous conclusion. *Steamboats on the Colorado River, 1852-1916* Simon and Schuster

“Even readers who deem themselves confirmed landlubbers will warm to this charming memoir...[also] offers the fine local color of coastal North

Carolina.”—Publishers Weekly

When Louis Rubin was thirteen, he built a leaky little boat and paddled it out to the edge of the ship channel in Charleston, South Carolina, where he felt the inexorable pull of the water. In his sixties, dozens of boats later—sailboats, powerboats, inboards and outboards—the pull is as strong as ever. In the tradition established by Twain, Conrad, and Melville, *Small Craft Advisory* explores man’s longtime passion for boats. Louis Rubin examines the compulsion that has prompted him and countless other non-nautical persons to spend so much time, and no small portion of their incomes, on watercraft that they can use only

infrequently. As his new boat (a cabin cruiser made of wood on a workboat hull) is being built, Rubin tells of his past boats and numerous boating disasters, and draws a poignant comparison between his two passions: watercraft and the craft of writing. "A wistful meditation on risk-taking and a longing for a place where time never runs out."—The Washington Post Book World "If the point of reading a memoir is to meet a person who is truly good company, and maybe to have a little wisdom rub off at the same time, *Small Craft Advisory* is a book to read."—The New York Times Book Review "In describing the building of his boat he is describing the building of his life, reasserting

the shaping value of memory and imagination. [A] gracefully written contemplation."—Library Journal

Tolman Alaskan Skiffs Blue Star Press
In rhyming text the reader is introduced to all the different kinds of boats floating on rivers, lakes, oceans, and ponds.

Tiny House Die Gestalten Verlag
IN the early morning hours of April 15, 1912, the icy waters of the North Atlantic reverberated with the desperate screams of more than 1,500 men, women, and children—passengers of the once majestic liner Titanic. Then, as the ship sank to the ocean floor and the passengers slowly died from hypothermia, an even more awful

silence settled over the sea. The sights and sounds of that night would haunt each of the vessel's 705 survivors for the rest of their days. Although we think we know the story of Titanic—the famously luxurious and supposedly unsinkable ship that struck an iceberg on its maiden voyage from Britain to America—very little has been written about what happened to the survivors after the tragedy. How did they cope in the aftermath of this horrific event? How did they come to remember that night, a disaster that has been likened to the destruction of a small town? Drawing on a wealth of previously unpublished letters, memoirs, and diaries as well as interviews with survivors' family

members, award-winning journalist and author Andrew Wilson reveals how some used their experience to propel themselves on to fame, while others were so racked with guilt they spent the rest of their lives under the Titanic's shadow. Some reputations were destroyed, and some survivors were so psychologically damaged that they took their own lives in the years that followed. Andrew Wilson brings to life the colorful voices of many of those who lived to tell the tale, from famous survivors like Madeleine Astor (who became a bride, a widow, an heiress, and a mother all within a year), Lady Duff Gordon, and White Star Line chairman J. Bruce Ismay, to lesser known

second- and third-class passengers such as the Navratil brothers—who were traveling under assumed names because they were being abducted by their father. Today, one hundred years after that fateful voyage, *Shadow of the Titanic* adds an important new dimension to our understanding of this enduringly fascinating story.

Refugee Catapult
Here is the inspiring story of a man who overcame childhood polio to live an adventure-filled life as captain of Maine's most famous windjammer, the schooner *Adventure*, now a National Historic Landmark in Gloucester, Massachusetts. Captain Jim shares his adventures afloat, his

battles with bureaucracy, and even how he created one of Maine's most unusual restaurants.

Rock the Shack
Clarkson Potter
Jack and the butler stow away on a side-wheeler bound for California where they join the Gold Rush of 1849.

Boats Float! W. W. Norton & Company
For dreamers of escaping to a cozy cabin in the great outdoors, *Your Cabin in the Woods* is a classic work that not only makes this a reality, but also imparts a deeper appreciation of nature and homebuilding. Author Conrad E. Meinecke has been writing about living the simply life in the wilderness for over 70 years with *Your Cabin in the Woods*

and Cabin Craft and Outdoor Living. For the first time, these books are combined into a deluxe two-color vintage package. In prose both practical and inspirational, Meinecke details how to turn your cabin dream into a reality, such as choosing land, using tools, and the basics of construction. He provides hand-drawn floor plans for a variety of cabins, from a simple two-room to a more complex long house; the best way to build fireplaces, both indoors and out; and instructions for basic furniture, lighting, and other touches that make a cabin feel like home. Throughout are Meinecke's thoughts on ways to enjoy your new-found space, from hearty fireplace recipes to the types of wood

for a perfect fire and the beauty found in birdsong. Instructional as it may be, the book's enduring appeal owes in large part to its warmly engaging tone and firm belief in the restorative power of nature and the satisfaction of hard work. He writes, "Take full enjoyment in the building. Take time out to rest. Most city folks seem always to rush things through. Why? Lay off until tomorrow. Take an afternoon nap. Stop the clock for the weekend. Get off to an early start in the cool of tomorrow morning. You may be crowded in your work in town, but this should be your rest cure, your recreating." Treasure Island Library of Alexandria
SHORTLISTED FOR THE
PENDERYN MUSIC
BOOK PRIZERoots,

Radicals & Rockers: How Skiffle Changed the World is the first book to explore this phenomenon in depth - a meticulously researched and joyous account that explains how skiffle sparked a revolution that shaped pop music as we have come to know it. It's a story of jazz pilgrims and blues blowers, Teddy Boys and beatnik girls, coffee-bar bohemians and refugees from the McCarthyite witch-hunts. Billy traces how the guitar came to the forefront of music in the UK and led directly to the British Invasion of the US charts in the 1960s. Emerging from the trad-jazz clubs of the early '50s, skiffle was adopted by kids who growing up during the dreary, post-war rationing years. These

were Britain's first teenagers, looking for a music of their own in a pop culture dominated by crooners and mediated by a stuffy BBC. Lonnie Donegan hit the charts in 1956 with a version of 'Rock Island Line' and soon sales of guitars rocketed from 5,000 to 250,000 a year. Like punk rock that would flourish two decades later, skiffle was a do-it-yourself music. All you needed were three guitar chords and you could form a group, with mates playing tea-chest bass and washboard as a rhythm section.

On January 1 of 2016,
Stefanie Payne, a
creative professional
working at NASA

Headquarters, and Jonathan Irish, a photographer with National Geographic, left their lives in Washington, D.C. and hit the open road on an expedition to explore and document all 59 of America's national parks during the centennial celebration of the U.S. National Park Service - 59 parks in 52 weeks - the Greatest American Road Trip. Captured in more than 300,000 digital photographs, written stories, and videos shared by the national and international media, their project resulted in an incredible view of America's National Park System seen in its 100th year. 'A Year in the National Parks, The Greatest American Road Trip' is a gorgeous visual

journey through our cherished public lands, detailing a rich tapestry of what makes each park special, as seen along an epic journey to visit them all within one special celebratory year.

Many Were Held by the Sea Die Gestalten Verlag-DGV

This "impossible to forget" psychological thriller set in small town Iowa in the 1960s pits a detective struggling with his own demons against a mysterious outcast who may or may not be a serial killer (The Wall Street Journal) James Sallis meets Mindhunter in this stylish and atmospheric noir, a midcentury heartland gothic with abounding twists and a feverish conclusion. Local outcast Rigby Sellers

lives in squalor on a dilapidated houseboat moored on the Mississippi River. With only stolen mannequins and the river to keep him company, Rigby begins to spiral from the bizarre to the threatening. As a year of drought gives way to a season of squalls, a girl is found trembling on the side of the road, claiming her boyfriend was murdered. The townspeople of nearby Oscar turn their suspicions toward Sellers. Town sheriff Amos Fielding knows this crime is more than he can handle alone.

He calls on the regional marshal up in Minnesota, and detective Edward Ness arrives in Oscar to help him investigate the homicide and defuse the growing unrest. Ness, suffering his own demons, is determined to put his past behind him and solve the case. But soon more bodies are found. As Ness and Fielding uncover disturbing facts about Sellers, and a great storm floods the Mississippi, threatening the town, Oscar is pushed to a breaking point even Ness may not be able to prevent.
