CAMERON GREYSON

Globalgothic Hong Kong University Press

This Companion explores the many ways in which the Gothic has dispersed in the twentieth and twenty-first centuries, and in particular how it has come to offer a focus for the tensions inherent in modernity. Fourteen essays by world-class experts show how the Gothic in numerous forms - including literature, film, television, and cyberspace - helps audiences both to distance themselves from and to deal with some of the key underlying problems of modern life. Topics discussed include the norms and shifting boundaries of sex and gender, the explosion of different forms of media and technology, the mixture of cultures across the western world, the problem of identity for the modern individual, what people continue to see as evil, and the very nature of modernity. Also including a chronology and guide to further reading, this volume offers a comprehensive account of the importance of Gothic to modern life and thought.

A fan's guide to the weirdest, scariest films from Asian masters.

[The Rough Guide to Thailand \(Travel Guide eBook\)](#) Crown Currency

This extraordinary book is an intimate portrait of Thailand's ladyboys: the men who have chosen to become women. Funny, passionate, angry and provocative, *Ladyboys* is a no-holds-barred look at the secret lives of Thailand's transsexual men. The book offers intimate details of the lives that they've never publicly revealed. They talk about the choices they've made, their relationships, families, frustrations and hopes. The stories include those of an exotic cabaret performer, a sex worker and even a Muay Thai boxing champion. *Ladyboys* will leave you amused, saddened, and entertained.

[The Rough Guide to Bangkok](#) Lonely Planet

Since Japanese horror sensations *The Ring* and *Audition* first terrified Western audiences at the turn of the millennium, there's been a growing appreciation of Asia as the hotbed of the world's best horror movies. Over the last decade, Japan, South Korea, Thailand, and Hong

Kong have all produced a steady stream of stylish supernatural thrillers and psychological chillers that have set new benchmarks for cinematic scares. Hollywood soon followed suit, producing high-profile remakes of films such as *The Ring*, *Dark Water*, *The Grudge*, and *The Eye*. With scores of Asian horror films now available to Western audiences, this guide helps viewers navigate the eclectic mix of vengeful spooks, yakuza zombies, feuding warlocks, and devilish dumplings, discussing the grand themes of Asian horror cinema and the distinctive national histories that give the films their special resonance. Tracing the long and noble tradition of horror stories in eastern cultures, it also delves into some of the folktales that have influenced this latest wave of shockers, paying tribute to classic Asian ghost films throughout the ages.

The Cambridge Companion to the Modern Gothic Samuel French Trade Tang and Wijaya present a range of new and established scholarly voices, including local activists directly involved in developments in Southeast Asia. This groundbreaking collection presents the current state of play and longstanding LGBTQ+ debates in this often-overlooked region of Asia. The diversity of both the subject and the region is reflected in the broad scope of topics addressed, from the impact of Japanese queer popular culture on queer Filipinos, to the politics of public toilets in Singapore, and the impact of digital governance on queer communities across ASEAN. Taken in combination, these investigations not only highlight the operations of queer politics in Southeast Asia, but also present a concrete basis to reflect on queer knowledge production in the region. A vital resource for students and scholars

of gender and sexuality in Southeast Asia, or any Queer or LGBTQ+ studies looking beyond the West.

Thai Cinema Bloomsbury Publishing Explore the Far East from the comfort of home through the cuisines of ten Asian countries, paired with movies by some of Asia's most visionary filmmakers. With Asian food and film blogger Celeste Heiter as your guide, and *Chopstick Cinema* as your culinary and cinematic passport, savor the delicacy of Vietnamese Crab-Filled Summer Rolls as you inhale the intoxicating Scent of Green Papaya; relive the bone-chilling saga of a haunted village over a steaming dish of Pad Thai; spend a contemplative evening on a serene lake in a floating Buddhist temple as you nibble on Korean Kim Bap and Mandu Dumplings; feast on Samosas and Chicken Vindaloo while cheering a rag-tag team of Indian locals in a cricket match against the British raj; or spend a summer in rural Cambodia to learn the true meaning of a simple bowl of rice. Based on her belief that anyone with basic cooking skills can prepare an authentic Asian meal using ingredients that are readily available at almost any well-stocked food market, Celeste has selected her favorite Asian dishes from among the hundreds of recipes featured on her *Chopstick Cinema* blog. The menu for each country is a collection of ten dishes: nibbles, cold and hot appetizers, soup, salad, noodles, main course, two side dishes, and dessert, along with a shopping guide and online sources for hard-to-find ingredients; followed by a review of Celeste's favorite film from each country, and recommendations for several alternate films. With a pair of chopsticks in one hand, and your remote control in the other, satisfy your appetite for Asian food and adventure that's sure

to be as memorable as the real thing. *The Traveler's Complete Guide to Chiang Mai and Northern Thailand* A. S. Barnes

One of the fastest growing and most internationally renowned cinemas in Southeast Asia is that of Thailand. In the first ever book devoted solely to this major centre of creative filmmaking, experts on contemporary and historic Thai film provide a timely overview and discussion of key films, directors and current movements in the region in a comprehensive encyclopaedia format. What many critics, analysts and scholars have retrospectively christened 'New Thai Cinema' began to take shape in the late 1990s when national film moved away from its position as lower-class and provincial entertainment and became a firm fixture in Bangkok multiplexes and festivals worldwide. This book will provide information on the influential figures behind the films - up to and succeeding the 1997 watershed film Dang Bireley's and Young Gangsters that began the breakaway movement - as well as detailing and explaining the traditions of popular and art-house genres specific to Thailand. Featuring contributions on Thai visionaries such as Apichatpong Weerasethakul and Wisit Sasanatieng and providing rare insight into early Thai cinema, this is an essential scholarly guide to a vibrant aspect of Southeast Asian cinema - its history, industry and aesthetic trends - for scholars and students alike.

A director reveals the original inspirations for his films, their history, his methods of work, and the problems of visual creativity

The Film Book ThingsAsian Press

Since 2005, Thailand has been in crisis, with unprecedented political instability and the worst political violence seen in the country in decades. In the aftermath of a military coup in 2006, Thailand's press freedom ranking plunged, while arrests for *lèse-majesté* have skyrocketed to levels unknown in the modern world. *Truth on Trial in Thailand* traces the 110-year trajectory of defamation-based laws in Thailand. The

most prominent of these is *lèse-majesté*, but defamation aspects also appear in laws on sedition and treason, the press and cinema, anti-communism, contempt of court, insulting of religion, as well as libel. This book makes the case that despite the appearance of growing democratization, authoritarian structures and urges still drive politics in Thailand; the long-term effects of defamation law adjudication has skewed the way that Thai society approaches and perceives "truth." Employing the work of Habermas, Foucault, Agamben, and Schmitt to construct an alternative framework to understand Thai history, Streckfuss contends that Thai history has become "suspended" since 1958, and repeatedly declining to face the truth of history has set the stage for an endless state of crisis. This book will be of interest to students and scholars of South East Asian politics, Asian history, and media and communication. David Streckfuss is an independent scholar who has lived in Thailand for more than 20 years. His work primarily concerns human rights, and political and cultural history.

Film Directors Manchester University Press

A Dictionary of Film Studies covers all aspects of its discipline as it is currently taught at undergraduate level. Offering exhaustive and authoritative coverage, this A-Z is written by experts in the field, and covers terms, concepts, debates, and movements in film theory and criticism; national, international, and transnational cinemas; film history, movements, and genres; film industry organizations and practices; and key technical terms and concepts. Since its first publication in 2012, the dictionary has been updated to incorporate over 40 new entries, including computer games

and film, disability, ecocinema, identity, portmanteau film, Practice as Research, and film in Vietnam. Moreover, numerous revisions have been made to existing entries to account for developments in the discipline, and changes to film institutions more generally. Indices of films and filmmakers mentioned in the text are included for easy access to relevant entries. The dictionary also has 13 feature articles on popular topics and terms, revised and informative bibliographies for most entries, and more than 100 web links to supplement the text.

Bangkok Guide Oxford University Press
In this detailed field guide, Mulder and Kloosterboer use 30 travel stories to explain exactly where even the smallest James Bond film scene was shot.

Truth on Trial in Thailand Maverick House

"Queer media is not one thing but an ensemble of at least four moving variables: history, gender and sexuality, geography, and medium. While many scholars would pinpoint the early 1990s as marking the emergence of a cinematic movement (dubbed by B. Ruby Rich, the "new queer cinema") in the United States, films and television programs that clearly spoke to LGBTQ themes and viewers existed at many different historical moments and in many different forms. Cross-dressing, same-sex attraction, comedic drag performance: at some points, for example in 1950s television, these were not undercurrents but very prominent aspects of mainstream cultural production. Addressing "history" not as dots on a progressive spectrum but as a uneven story of struggle, writers on queer cinema in this volume stress how that queer cinema did not appear

miraculously at one moment but describes currents throughout the century-long history of the medium. Likewise, while queer is an Anglophone term that has been widely circulated, it by no means names a unified or complete spectrum of sexuality and gender identity, just as the LGBTQ+ alphabet soup struggles to contain the distinctive histories, politics, and cultural productions of trans artists and genderqueer practices. Across the globe, media makers have interrogated identity and desire through the medium of cinema through rubrics that sometimes vigorously oppose the Western embrace of the pejorative term queer, instead foregrounding indigenous genders and sexualities, or those forged in the global South, or those seeking alternative epistemologies. Finally, while "cinema" is in our title, many scholars in this collection see that term as an encompassing one, referencing cinema and media in a convergent digital environment. The lively and dynamic conversations introduced here aspire to sustain further reflection as "queer cinema" shifts into new configurations"--

Queer Southeast Asia Penguin Group
Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that's built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller *Made to Stick*. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that Oreo cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine.

This tension can doom a change effort - but if it is overcome, change can come quickly. In *Switch*, the Heaths show how everyday people - employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results:

- The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients
- The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping
- The manager who transformed a lackadaisical customer-support team into service zealots by removing a standard tool of customer service

In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. *Switch* shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.

Ladyboys Bloomsbury Publishing

The English translation of this best-selling graphic novel tells the story of Nok, an old blind man who sells lottery tickets in Bangkok, as he decides to leave the city and return to his native village. Through reflections on contemporary Bangkok and flashbacks to his past, Nok reconstructs a journey through the slums of migrant workers, the rice fields of Isaan, the tourist villages of Ko Pha Ngan, and the Red Shirt protests of 2010. Based on a decade of anthropological research, *The*

King of Bangkok is a story of migration to the city, distant families in the countryside, economic development eroding the land, and violent political protest. Ultimately, it is a story about contemporary Thailand and how the waves of history lift, engulf, and crash against ordinary people.

Amélie Oxford University Press

"*Le Fabuleux destin d'Amélie Poulain*" was the surprise boxoffice success of 2001, with nine million spectators in France, and more than 30 million worldwide. The film turned Audrey Tautou into an international star, in her iconic role as Amélie, a naive French Parisian who devotes herself to mending the lives of the people around her. Shot on location in Paris, the film combines poetic and magical realism with stylish cinematography, original use of colour, state-of-the-art special effects, and an evocative soundtrack; together these have produced a popular film of universal appeal. Isabelle Vanderschelden examines the film's production within the French film industry. She analyzes the issues of genre and narrative that it presents so well. She looks in depth at the film's key scenes, as well as at Jeunet's distinctive visual style and cinematography and his use of digital technology. The national and international receptions of *Amélie* are explored to establish why the film has caught the public imagination and whether it marks a renewal in the cultural diversity and distinctive identity of the French film industry. This book will be essential reading for cinema lovers and students alike.
