<u>ROSA HICKS</u>		Volume XVI in this well-received annual series contains an up-to-date survey of gender issues in modern Judaism. It includes original essays on Orthodox Judaism and feminism, American Jewish women, female rabbis, the impact of feminism on rabbinic study, masculinity, Jewish women in the Third Reich, and gender and military service.
<i>I Will Bear Witness, Volume 2</i> Yale University Press		<i>Ich will Zeugnis ablegen bis zum letzten</i> Aufbau Taschenbuch Verlag Gmbh
A monumental work of history that captures the last days of the Third Reich as never before. Swansong 1945 chronicles the end of Nazi Germany through more than 1,000 extracts from letters, diaries, and autobiographical accounts, written by civilians and soldiers alike. Together, they present a panoramic view of four tumultuous days that fateful spring: Hitler's birthday on April 20, American and Soviet troops meeting at the Elbe on April 25, Hitler's suicide on April 30, and the German surrender on May 8. An extraordinary account of suffering and survival, Swansong 1945 brings to vivid life the end of World War II in Europe.		An examination of what can be learned by looking at the journals and diaries of Jews living during the Holocaust. What are the effects of radical oppression on the human psyche? What happens to the inner self of the powerless and traumatized victim, especially during times of widespread horror? In this bold and deeply penetrating book, Amos Goldberg addresses diary writing by Jews under Nazi persecution. Throughout Europe, in towns, villages, ghettos, forests, hideouts, concentration and labor camps, and even in extermination camps, Jews of all ages and of all cultural backgrounds described in writing what befell them. Goldberg claims that diary and memoir writing was perhaps the most important literary genre for Jews during World War II. Goldberg considers the act of writing in radical situations as he looks at diaries from little-known victims as well as from brilliant diarists such as Chaim Kaplan and Victor Kemperer. Goldberg contends that only against the background of powerlessness and inner destruction can Jewish responses and resistance during the Holocaust gain their proper meaning. "This is a book that deserves to be read well beyond Holocaust studies. Goldberg's theoretical insights into "life stories" and his readings of law, language and what he calls the "epistemological grey zone" . . . provide a stunning antidote to our unthinking treatment of survivors as celebrities (as opposed to just people who have suffered terrible things) and to the ubiquity of commemorative platitudes." —Times Higher Education "Every decade or so, an exceptional volume is born. Provocative and inspiring, historian Goldberg's volume is one such work in the field of Holocaust studies. . . . Highly recommended." —Choice "Amos Goldberg's Trauma in First Person: Diary Writing During the Holocaust is an important and thought-provoking book not only on reading Holocaust diaries, but also on what that reading can tell us about the extent of the destruction committed against Jews during the Holocaust." —Reading Religion "Amos Goldberg's work offers an innovative approach to the subject matter of Holocaust diaries and challenges well-established views in the whole field of Holocaust studies. This is a comprehensive discussion of the phenomenon of Jewish diary writing during the Holocaust and after." —Guy Miron. Author of The Waning of Emancipation: Jewish History, Memory, and the Rise of Fascism in Germany, France, and Hungary "This is an important contribution to trauma studies and a powerful critique of those who use the "crisis" paradigm to study the Holocaust." —Dovile Budryt, Georgia Gwinnett College, Holocaust and Genocide Studies
<i>Tagebücher</i> Psychology Press		German Memory Contests Oxford University Press
"The rapid and radical transformations of the Nazi Era challenged the ways German Jews experienced space and time, two of the most fundamental characteristics of human existence. In Space and Time under Persecution, Guy Miron documents how German Jews came to terms with the harsh challenges of persecution-from social exclusion, economic decline, and relocation to confiscation of their homes, forced labor, and deportation to death in the east-by rethinking their experiences in spatial and temporal terms. Miron first explores the strategies and practices German Jews used to accommodate their shrinking access to public space, in turn reinventing traditional Jewish space and ideas of home. He then turns to how German Jews redesigned the annual calendar, came to terms with the ever-growing need to wait for nearly everything, and developed new interpretations of the past. Miron's insightful analysis reveals how these tactics expressed both the continuous attachment of Jews to key elements of German bourgeois life as well as their struggle to maintain Jewish agency and express Jewish defiance under Nazi persecution"--		"Facing the Nazi Past reflects on the most important developments and debates affecting the way united Germany remembers its past today. This timely account is set to provoke fresh discussion of this dramatic historical period."--Jacket.
<i>The People's State</i> Camden House		<i>Germany and America</i> Vintage
What was life really like for East Germans, effectively imprisoned behind the Iron Curtain? The headline stories of Cold War spies and surveillance by the secret police, of political repression and corruption, do not tell the whole story. After the unification of Germany in 1990 many East Germans remembered their lives as interesting, varied, and full of educational, career, and leisure opportunities: in many ways "perfectly ordinary lives." Using the rich resources of the newly-opened GDR archives, Mary Fulbrook investigates these conflicting narratives. She explores the transformation of East German society from the ruins of Hitler's Third Reich to a modernizing industrial state. She examines changing conceptions of normality within an authoritarian political system, and provides extraordinary insights into the ways in which individuals perceived their rights and actively sought to shape their own lives. Replacing the simplistic black-and-white concept of "totalitarianism" by the notion of a "participatory dictatorship," this book seeks to reinstate the East German people as actors in their own history.		Den jødiske professor Victor Klemperers (1881-1960) dagbogsoptegnelser fra perioden 1933-1945, hvori han beskriver livet i Nazityskland, de gradvise forandringer i hverdagslivet, nettet der strammes om den jødiske befolkningsgruppe, og hvordan han og hans kone på mirakuløs vis overlever.

Originally published: Germany: S. Fischer Verlag.		Jacob and Esau is a profound new account of two millennia of Jewish European history that, for the first time, integrates the cosmopolitan narrative of the Jewish diaspora with that of traditional Jews and Jewish culture. Malachi Haim Hacohen uses the biblical story of the rival twins, Jacob and Esau, and its subsequent retelling by Christians and Jews throughout the ages as a lens through which to illuminate changing Jewish-Christian relations and the opening and closing of opportunities for Jewish life in Europe. Jacob and Esau tells a new history of a people accustomed for over two-and-a-half millennia to forming relationships, real and imagined, with successive empires but eagerly adapting, in modernity, to the nation-state, and experimenting with both assimilation and Jewish nationalism. In rewriting this history via Jacob and Esau, the book charts two divergent but intersecting Jewish histories that together represent the plurality of Jewish European cultures.

"In its cool, lucid style and power of observation," said The New York Times, "it is the best written, most evocative, most observant record of daily life in the Third Reich." I
<i>Ich will Zeugnis ablegen bis zum letzten</i> Berghahn Books		
Since unification in 1990, Germany has seen a boom in the confrontation with memory, evident in a sharp increase in novels, films, autobiographies, and other forms of public discourse that engage with the long-term effects of National Socialism across generations. Taking issue with the concept of "Vergangenheitsbewältigung," or coming to terms with the Nazi past, which after 1945 guided nearly all debate on the topic, the contributors to this volume view contemporary German culture through the more dynamic concept of "memory contests," which sees all forms of memory, public or private, as ongoing processes of negotiating identity in the present. Touching on gender, generations, memory and postmemory, trauma theory, ethnicity, historiography, and family narrative, the contributions offer a comprehensive picture of current German memory debates, in so doing shedding light on the struggle to construct a German identity mindful of but not wholly defined by the horrors of National Socialism and the Holocaust. Contributors: Peter Fritzsche, Anne Fuchs, Elizabeth Boa, Stefan Willer, Chloe E. M. Paver, Matthias Fiedler, J. J. Long, Dagmar C. G. Lorenz, Cathy S. Gelbin, Jennifer E. Michaels, Mary Cosgrove, Andrew Plowman, Roger Woods. Anne Fuchs is Professor of modern German literature and Georg Grote is Lecturer in German history, both at University College Dublin. Mary Cosgrove is Lecturer in German at the University of Edinburgh.

Will Bear Witness is a work of literature as well as a revelation of the day-by-day horror of the Nazi years. A Dresden Jew, a veteran of World War I, a man of letters and historian of great sophistication, Klemperer recognized the danger of Hitler as early as 1933. His diaries, written in secrecy, provide a vivid account of everyday life in Hitler's Germany. What makes this book so remarkable, aside from its literary distinction, is Klemperer's preoccupation with the thoughts and actions of ordinary Germans: Berger the greengrocer, who was given Klemperer's house ("anti-Hitlerist, but of course pleased at the good exchange"), the fishmonger, the baker, the much-visited dentist. All offer their thoughts and theories on the progress of the war: Will England hold out? Who listens to Goebbels? How much longer will it last? This symphony of voices is ordered by the brilliant, grumbling Klemperer, struggling to complete his work on eighteenth-century France while documenting the ever-tightening Nazi grip. He loses first his professorship and then his car, his phone, his house, even his typewriter, and is forced to move into a Jews' House (the last step before the camps), put his cat to death (Jews may not own pets), and suffer countless other indignities. Despite the danger his diaries would pose if discovered, Klemperer sees it as his duty to record events. "I continue to write," he notes in 1941 after a terrifying run-in with the police. "This is my heroics. I want to bear witness, precise witness, until the very end." When a neighbor remarks that, in his isolation, Klemperer will not be able to cover the main events of the war, he writes: "It's not the big things that are important, but the everyday life of tyranny, which may be forgotten. A thousand mosquito bites are worse than a blow on the head. I observe, I note, the mosquito bites." This book covers the years from 1933 to 1941. Volume Two, from 1941 to 1945, will be published in 1999.

Swansong 1945: A Collective Diary of the Last Days of the Third Reich

Destined to take its place alongside The Diary of Anne Frank and Elie Wiesel's Night as one of the great classics of the Holocaust, I Will Bear Witness is a timeless work of literature, the most eloquent and acute testament to have emerged from Hitler's Germany. Volume Two begins in 1942, the year the Final Solution was formally proposed, and carries us through to the Allied bombing of Dresden and Germany's defeat.

Holocaust vs. Popular Culture debates and deconstructs the binary responses to the representation of the Holocaust in European and non-European forms of Popular Culture. The binary is defined in terms of "incompatibility" between the Holocaust and Popular Culture on the one hand and the "universalization" of the Holocaust memory through Popular Culture on the other. The book does emphasize the anti-representation argument. Nevertheless, the authors make a case for a productive understanding of "Holocaust Popular Culture" as contributing to the expansion of Holocaust studies as well as cultural studies in the transnational context. The book theorizes Popular Culture in broad terms and highlights the diversity of Holocaust Popular Culture mainly but not exclusively produced in the twenty-first century. This interdisciplinary collection covers a wide variety of Popular Culture genres including language, literature, films, television shows, soap operas, music, dance, social media, advertisements, comics, graphic novels, videogames, and museums. It studies the (mis)representation of the Holocaust trauma, not only across genres but also across nations (Western and Asian) and generations (from testimonial remembrance to post-memory). This book will be of interest to students and scholars from a wide range of disciplines and subjects, including Popular Culture, Holocaust studies, cultural studies, genocide studies, postcolonial and transnational studies, media and film studies, visual culture, games studies, race and ethnicity studies, memory studies, and Jewish studies.

Ich will Zeugnis ablegen bis zum letzten : Tagebücher 1933 - 1945. [5]. Tagebücher 1942

A New York Times bestseller, this landmark biography of Hitler puts an emphasis on the man himself: his personality, his temperament, and his beliefs. Volker Ullrich's Hitler, the first in a two-volume biography, has changed the way scholars and laypeople alike understand the man who has become the personification of evil. Drawing on previously unseen papers and new scholarly research, Ullrich charts Hitler's life from his childhood through his experiences in the First World War and his subsequent rise as a far-right leader. Focusing on the personality behind the policies, Ullrich creates a vivid portrait of a man and his megalomania, political skill, and horrifying worldview. Hitler is an essential historical biography with unsettling resonance in contemporary times. "[A] fascinating Shakespearean parable about how the confluence of circumstance, chance, a ruthless individual and the willful blindness of others can transform a country — and, in Hitler's case, lead to an unimaginable nightmare for the world." —Michiko Kakutani, The New York Times Winner of the Los Angeles Times Book Prize for Biography
