The classroom has*

changed a lot since the likes of Vygotsky and Piaget published their work, but the teacher training hasn't. We are still, for the most part, teaching new teachers outdated learning

theories. But the tide is changing... Evidence based teaching practice is gaining momentum around the world, and rightly so. Today's teachers should be using strategies based on

scientific research not outdated and often disproved learning theories. "Evidence based Practice in Education" lays out some of the best education research-driven learning theories. It delves into how and why they work and advice on how you can implement them in your classroom. It guides you through Rosenshine's Principles of Instruction, Cognitive Load Theory, Metacognition and Dual Coding Theory. It is a must-read for all educators, from trainee

teachers, new teachers and even veteran teachers. Buy it now and upgrade your teaching!

Set up your writing block quickly and easily with a simple, research-based framework Schools need their writing instruction simplified. Most classrooms share writing

time with another subject, making it difficult for students to receive the direct writing instruction they need. Between the lack of time, increased gaps in writing skills, and inconsistent writing curriculum, teachers are struggling to bring their students up to grade level. Simplify Your Writing Instruction provides you with a classroom-tested framework that helps you set up your writing block within the limited time and resources you have. Step by step, this

practical guide shows you how to amplify your students' writing skills, employ simple feedback opportunities and interventions, streamline your lessons, use simple differentiation techniques to help reach students of all ability levels, and more. Author April Smith is a former teacher who has trained more than 50,000 K-12 educators on best practices for writing instruction. While in the classroom, she learned that having simple and consistent systems in place is critical.

Accordingly, none of the tasks and strategies will require you to create or prep anything complicated or time-consuming. In Simplify Your Writing Instruction, you will find easy-to-use checklists, implementation tasks, customizable templates, student writing samples, helpful tables and charts, and a simple spreadsheet that you can use to plan your lessons and modify your teaching to meet the needs of each writer. Be confident and supported in your writing instruction.

Simplify Your Writing Instruction will teach you how to: Implement the Simple Pre-Assessment Process in your classroom Encourage authentic writing practice at home Differentiate your lessons to reach your Special Education, ELL, and Gifted students Integrate grammar naturally and optimize student output after each lesson Split the writing process into efficient and effective 10- to 15-minute mini-lessons Make writing a priority by incorporating writing application into other

subjects Use a simple pre-assessment to get a better overall picture of what your students can do Utilize more complex strategies such as small group work and conferring Packed with expert advice and easy-to-follow strategies, Simplify Your Writing Instruction: A Framework for a Better Writing Block is a must-have resource for all K-12 educators and teachers in training.

How can we structure class time efficiently? How can we explain and lecture effectively? How can we help students master content? How can we make learning more real and lasting? In this revised and greatly expanded 2nd edition of *Inspiring Active Learning*, educators Merrill Harmin and Melanie Toth provide answers to our

fundamental teaching questions and show us how to transform our classrooms into communities of active, responsible learners. The authors present an array of research-based, teacher-tested strategies for managing our everyday responsibilities--from beginning a class to grading homework, from instructing large groups to promoting diligent seatwork, from motivating slackers to handling disrupters. These strategies focus on mutual respect, not

bossiness; collaboration, not isolation; commitment to learning, not fear of failure; and the dignity of all, not praise or rewards for a few. Regardless of our level of experience or the grade or subject we teach, the active-learning approach helps us\* Perform routine teaching tasks more easily.\* Discover a higher level of teaching success and personal satisfaction.\* Establish a class climate of full participation and cooperation.\* Prepare engaging lessons that keep students

productively involved.\* Encourage students to work energetically, willingly, and intelligently each day.\* Inspire all students, even the most challenging, to strive for excellence. With its detailed classroom examples and more than 250 practical strategies, *Inspiring Active Learning* is a comprehensive reference for solving almost any teaching problem.
