The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at

disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets

on the Internet and forever changed the way we shop and read.

love, a secret sister, and a summer she'll never forget. From the beloved author of Tweet Cute comes Emma Lord's *You Have a Match*, a hilarious and heartfelt novel of romance, sisterhood, and friendship... When Abby signs up for a DNA service, it's mainly to give her friend and secret love interest, Leo, a nudge. After all, she knows who she is already: Avid photographer. Injury-prone tree climber. Best friend to Leo and Connie...although ever since the B.E.I. (Big Embarrassing Incident) with Leo, things have been awkward on that front. But she didn't know she's a younger sister. When the DNA service reveals Abby has a secret sister, shimmery-haired Instagram star Savannah Tully, it's hard to believe they're from the same planet, never mind the same

parents — especially considering Savannah, queen of green smoothies, is only a year and a half older than Abby herself. The logical course of action? Meet up at summer camp (obviously) and figure out why Abby's parents gave Savvy up for adoption. But there are complications: Savvy is a rigid rule-follower and total narc. Leo is the camp's co-chef, putting Abby's growing feelings for him on blast. And her parents have a secret that threatens to unravel everything. But part of life is showing up, leaning in, and learning to fit all your awkward pieces together. Because sometimes, the hardest things can also be the best ones. "A YA contemporary set at summer camp? Count us in."

From Roger Rosenblatt, author of the bestsellers *Making Toast* and *Unless It Moves the Human Heart*, comes a moving meditation on the passages of grief, the solace of solitude, and the redemptive power of love In *Making Toast*, Roger Rosenblatt shared the story

of his family in the days and months after the death of his thirty-eight-year-old daughter, Amy. Now, in *Kayak Morning*, he offers a personal meditation on grief itself. “Everybody grieves,” he writes. From that terse, melancholy observation emerges a work of art that addresses the universal experience of loss. On a quiet Sunday morning, two and a half years after Amy’s death, Roger heads out in his kayak. He observes, “You can’t always make your way in the world by moving up. Or down, for that matter. Boats move laterally on water, which levels everything. It is one of the two great levelers.” Part elegy, part quest, *Kayak Morning* explores Roger’s years as a journalist, the comforts of literature, and the value of solitude, poignantly reminding us that

grief is not apart from life but encompasses it. In recalling to us what we have lost, grief by necessity resurrects what we have had.

Stand up paddling (SUP) is experiencing fast growth in the United States and around the world. It can be enjoyed on inland lakes and rivers, as well as on the ocean and in the surf—but most important, it’s fun and a great way to stay fit. *The Art of Stand Up Paddling* will include everything both new and not-so-new paddlers need to know—from buying a board and getting started on your local lake to paddling rivers and surfing ocean waves. This revised edition features a brand new chapter on SUP Yoga, which combines the passion of

Also included is a fascinating and controversial history of stand up paddling, which, although new to many, dates back hundreds of years to Peruvian fishermen, Venetian gondoliers, and Hawaiian beach boys. Chapters on surf-break etiquette, fitness, yoga, and the exhilarating potential for adventures on a stand up paddleboard makes this a complete resource for beginners and experienced paddlers alike.

As Polly's many relatives arrive for a family reunion during the Fourth of July holiday, a beloved friend goes missing on the Yellowstone River. In the summer of 1987 Ed Gillet achieved what no person has accomplished before or since, a solo crossing from California to Hawaii by kayak. Gillet, at the age of 36 an accomplished sailor and paddler, navigated by sextant and always knew his position within a few miles. Still, Gillet underestimated the abuse his body would take from the relentless, pounding, swells of the Pacific, and early into his voyage he was covered with salt water sores and found that he could find no comfortable position for sitting or sleeping. Along the way he endured a broken rudder, among other calamities, but at last reached Maui on his 63rd day

at sea, four days after his food had run out. Dave Shively brings Gillet's remarkable story to life in this gripping

narrative, based on exclusive access to Gillet's logs as well as interviews with the legendary paddler himself.
