Is Barbra Streisand a star? Is Bruce Springsteen a star? Is Sean Penn a star? Are any of the Hollywood players who endlessly complain about America (and make \$20 million per picture) and say that America is a racist, imperialist country a star? Ben Stein doesn't think so. He says that the men and women who wear the uniform of the United States of America and fight for our freedom while risking their lives for \$1,500 a month are the real stars. He

says the real stars are the ones who fight fires and fight crime and teach autistic children for modest wages. When Ben wrote this in an online essay not too long ago, it became one of the most widely circulated pieces in the history of the Internet. Likewise, when Ben said that he had no idea who Nick and Jessica were and wondered why they got so much media attention, but that he knew for sure that there was no harm in Americans wishing each other Merry Christmas or hanging Christmas wreaths, and that as a Jew, he did not feel at all offended by the celebration of Christmas, his column was circulated to millions. These columns have appeared in *The New York Times*, on CBS News, in *The American Spectator*, and on E! Online. Here, Ben has compiled them into a book of commentaries that will help you get your head on straight about what is important in our world today and what is nonsense. You will feel anger, joy, and sadness as you read these essays . . . and you are sure to learn something valuable from all of them.

This award-winning foreign correspondent's vivid account of Central Asia's recent history "reads like a novel but is the stuff of

hard-won journalism" (Gary Shteyngart, author of *Absurdistan*). Here are the stories of two revolutions, a massacre of unarmed civilians, a civil war, a drug-smuggling highway, brazen corruption schemes, contract hits, and larger-than-life characters who may be villains, heroes, or possibly both. *Restless Valley* is a gripping, contemporary chronicle of Central Asia from a veteran journalist with extensive experience in the region. Both Kyrgyzstan and Uzbekistan have struggled with the challenges of post-Soviet, independent statehood, and both became entangled in America's Afghan campaign when the United States built military bases within their borders. Meanwhile, the region was becoming a key smuggling hub for Afghanistan's booming heroin trade. Through the eyes of local participants—the powerful and the powerless—Shishkin reconstructs how Kyrgyzstan and Uzbekistan have ricocheted between extreme repression and democratic strivings; how alliances with the United States and Russia have brought mixed blessings; and how Stalin's legacy of ethnic gerrymandering continues to incite conflict today. "The weird, the strange, the corrupt, and the grand are all evident . . . [Shishkin] relentlessly pursues and then tells the stories of the most corrupt and powerful and also the most sincere and admirable characters who inhabit these mountains." —Ahmed Rashid, *The New York Review of Books*

Brave New Texas

South Texas rancher Buck Stabler has had enough. The International Small Arms Treaty, which has been passed by the U.S. Congress and has in effect nullified the 2nd Amendment rights of all Americans, poses a direct threat to Stabler and his fellow Texans. Homeland security tries to arrest Stabler at his ranch for violating the new anti-gun provisions, but instead Stabler kills the agents and escapes to Mexico. Buck and his organization use this incident to escalate their plan for Texas to secede from the union and form a new nation. But it doesn't come about without a price in blood. Enemies abound and ruthless drug cartels as well as loyal U.S. military contingents must be subdued in order for the new nation to become a reality. Throughout the action, however, Buck Stabler's newfound romance with the enchanting Mexican brothel proprietress, Mira Segura, develops into a strong and powerful love. The new nation is founded upon radical new concepts in economics, religion and philosophy and enters the new age ready to provide a brave new world for its' citizens.

In the fifth volume of this annual series, Robert G. Breene provides a comprehensive overview, analysis, and summary of the main political and economic trends and events in various portions of Latin America. Analyzing these developments within individual nations, their respective regions, and the world at

large, the yearbook offers a timely look at the relevant background and information necessary to understand the changing nature of politics in Latin America today. A new and threatening development, the nexus of organized international Marxist-Leninist activity and Islamic terrorism, is treated at length throughout much of the volume. In the foreword, the editor notes how the rise of international terrorism associated with radical Muslim thought has formed a nexus with the resurgence of the Hemispheric Left, thus calling into question whether the international left has really been transformed into free-enterprise democrats, as many have simplistically argued. The volume discusses the roots of a left-Muslim connection in the close association between the Sandinistas in Nicaragua and the Qaddafi regime in Libya as well as the training provided by Arab terrorists to their Latin American allies. For larger, more powerful states, the picture is more ambiguous. While the present-day ideological attitudes of former Marxist states and political entities cannot be known with absolute certainty, the materials assembled here cast doubt on the validity of hopeful assumptions of democratic political behavior in the conduct of foreign affairs. One example is an important treaty between post-Soviet Russia and China. The volume also documents the rise in Castro's fortunes with the strengthening of leftist power in Venezuela and Mexico, and the neutralization of Brazil through Castro's long-standing support for the presidency of the Marxist Lula da Silva. This is a reference volume with a point of view. Compact yet comprehensive, it is essential reading for political scientists, Latin America area specialists, and historians. Robert G. Breene, Jr. has been a fighter pilot, an experimental test pilot, a newspaper

correspondent in Central America, a professor of physics, and the owner and operator of a 600-head cattle ranch in Nevada. He is currently head of the Latin American News Service in San Antonio, Texas, from which much of this analysis was derived. *Interior, Environment, and Related Agencies Appropriations for 2016: Testimony of interested individuals and organizations: Public witnesses, March 18, 2015; American Indian*
