Self-Care Simon and Schuster

What if one of the most effective tools you have to restore your health is not surgery or medications, but your own hands? Incredibly, your hands can heal you -- with the "energy medicine" of Pranic Healing. A powerful system that is rapidly increasing in popularity, Pranic Healing works with your own natural, vital energy -- which is also called prana -- to accelerate your body's innate self-healing ability. Amazingly easy to learn and apply, Pranic Healing uses a series of powerful but simple methods to generate energy, including non-touch hand movements; energetic hygiene, the practice of keeping your personal energy tank clean and full; breathing; and brief meditations. Using these unique techniques, you can identify, clear, and purify unhealthy, imbalanced energy and replace it with fresh energy that helps your body heal itself from a wide range of physical, psychological, and emotional symptoms and disorders. A self-healing guide for 24 ailments, including physical and sports injuries, chronic arthritis, irritable bowel syndrome, insomnia, hypertension, headaches, backaches, congestion and colds, menstrual cramps, even depression and stress-related disorders, is included. With step-by-step instructions, line drawings, and numerous real-life medical stories, *Your Hands Can Heal You* demonstrates and explains a revolutionary program that anyone can use to harness the energy of body, mind, and breath to produce health and facilitate repair. Personally trained by Grand Master Choa Kok Sui, who developed Pranic Healing, the authors, Master Co and Dr. Robins, provide the same detailed guidance in *Your Hands Can Heal You* as in the popular Pranic Healing workshops. Additionally,

they present, for the first time in any book, the Grandmaster's special modifications to the breathing practices that can dramatically increase your power and energy and rejuvenate and balance your physical, emotional, mental, and spiritual body. This exciting new mind-body health reference proves that you can heal yourself -- with your own two hands.

*Daoist Meridian Yoga* Simon and Schuster

A full-color, step-by-step guide to the simple two-point touch method of Jin Shin Jyutsu for quick relief from many common conditions and injuries • Details the 52 energy points of Jin Shin Jyutsu, called Safety Energy Locks (SELs), where energy is most likely to become blocked along the body's energy pathways and where it is also most easily released • Explains the sequence of points to hold and the appropriate finger mudras (positions) to address specific ailments, conditions, and injuries as well as stimulate the body's self-healing response and harmonize energy flow • Includes concise yet detailed instructions and clear illustrations of the energy points and sequences A gentle self-help method for harmonizing energy flow, strengthening the immune system, and stimulating the body's self-healing response, Jin Shin Jyutsu is an ancient Japanese healing art akin to an easier form of acupuncture. The system centers on the 52 Safety Energy Locks (SELs) of the body's energy pathways, points where energy tends to become stuck easily and thus can also be released easily, usually by holding just two energy points simultaneously. In this full-color guide to Jin Shin Jyutsu, complete with detailed step-by-step illustrations, experienced practitioner Tina Stümpfig explains how to hold the SEL points in easy sequences to address specific ailments, conditions, and injuries. She also details a variety of finger mudras (finger holds) that can serve as shortcuts for bringing awareness to and alleviating a number of issues, such as anxiety, insomnia, digestive problems, and back pains. The author

describes the major overarching energy flows of the body and shows how, when a pathway becomes blocked, the energy ceases to flow freely and stagnates. Initially the channel is only blocked locally, though in the long run a blockage creates imbalance along the entire energy pathway and can thus affect the whole body. Using Jin Shin Jyutsu to work with the SELs allows you to quickly and easily release these energetic blockages, both acute or chronic. The polarity of the energy flow in our hands--energy flowing out on the right, flowing in on the left--functions like a starter cable that reestablishes broken energy links. At the same time, conscious breathing allows us to deepen our cosmic awareness and understanding of issues connected to the SELs on the inner level. Whether you are facing allergies, exhaustion, pain, or inflammation, the healing touch of Jin Shin Jyutsu offers a simple self-help tool that can quickly alleviate and soothe symptoms, kickstart the healing process, and improve overall health.

Wah!'s new book and card deck *Self Care: Building a Smarter, Stronger, More Peaceful Self* shows you 56 things you can do for yourself to feel better, happier and more empowered in your life. Pick one activity and focus on it throughout the day. Do cards 1-14 to activate deep healing. Create your own self-care

sequence. Pick cards with friends and support one another. Wah! makes it easy to take better care of yourself. Based on the timetables, organs and corresponding emotions as described in Ayurveda (doshas) and Traditional Chinese Medicine (meridians), Wah! consolidates these ancient traditions and gives you simple ideas and inspirations to activate energy for healing. Tapping, meridian stimulation, hydration and humming are just a few of the things you will learn in this card deck and accompanying book.

*Dahnhak Kigong* University of Hawaii Press

Nick Ortner, founder of the Tapping World Summit and best-selling filmmaker of *The Tapping Solution*, is at the forefront of a new healing movement. In his upcoming book, *The Tapping Solution*, he gives readers everything they need to successfully start using the powerful practice of tapping – or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy meridians of the body, practitioners tap on specific points while focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping's proven success in healing such a variety of problems, Ortner recommends to try it on any challenging issue. In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers' eyes to just how powerful this practice can be. Throughout the book, readers will see real-life stories of healing ranging from easing the pain of fibromyalgia to overcoming a fear of flying. The simple strategies Ortner outlines will help readers release their fears and clear the limiting beliefs that hold them back from creating the life they want.

For more than three decades, Donna Eden has been teaching people to understand the body as an energy system, to recognize their aches and pains as signals of energy imbalance, and to reclaim their natural healing capabilities. In her long-awaited new book, Donna speaks directly to women, showing them how they can work with energy to tackle the specific health challenges they face. She reveals that a woman can manage her hormones by managing her energies and also use energy medicine to treat a host of health issues. From PMS to menopause, from high blood pressure to depression, the book offers easy-to-follow solutions to women's health issues that traditional medicine often fails to provide. Blending a compassionate voice with a profound grasp of how the female body functions as an energy system, Eden presents what is sure to become a classic book on the subject of women's health.

**Do-In, Tao Yoga for Health and Energy** New World Library

"Each morning before getting out of bed, Dr. Yang practices a series of movements he has combined based on decades of experience. Follow along and learn how a unique combination of simple yog stretches, qigong movements, and acupuncture techniques can relieve energy stagnation (aiding those suffering from insomnia, back pain and low energy) and rejuvenate your entire body. All the exercises can be performed lying down or sitting, if preferred. Meridian qigong will quickly improve your general health, helping you to heal and preventing injuries"--

*Jin Shin Healing Touch* Best Life Media

Join millions of other self-healers and be part of a worldwide self-healing movement. Slap and stretch to rejuvenate your health.

Simple, spontaneous, free, and very effective! Sounds unbelievable? This is what *Heal Yourself Naturally Now* is all about. We all saw the purple spots on Michael Phelps' back during his swimming competition at the 2016 Olympics in Rio. As reported by CNN and Huffington Post, these purple spots are the results of a Chinese healing technique called "cupping," which keeps the athletes "injury free and speeds recovery." For centuries, based on the same principle, as stated in the oracle of Chinese Medicine, Yellow Emperor's Inner Canon, there exists a much more effective technique for self-healing: *PaidaLajin*. Over the last several years, *PaidaLajin* has been spread into 30-plus countries, healing millions of people from: -Chronic pain on the back, knee, neck, etc. -Immune disorders: diabetes, hypertension, tumor, insomnia, depression, arthritis, stroke sequelae, Alzheimer's, prostate issues, etc. -Acute illnesses: heart attack, stroke, stomach pain, menstrual pain, etc. -Gynecological issues: fibroids, cysts, anti-aging, weight management, etc. -Skin diseases: Psoriasis, lupus, herpes, Urticaria, etc. Trying this technique for yourself is the only way to find out. It takes no more than two weeks to witness its effectiveness. Don't just read this book. Try it. The results will astound you.

*I've Decided to Live 120 Years* Harper Collins

Daoyin, the traditional Chinese practice of guiding the qi and stretching the body is the forerunner of Qigong, the modern form of exercise that has swept through China and is making increasing inroads in the West. Like other Asian body practices, Daoyin focuses on the body as the main vehicle of attainment; sees health and spiritual transformation as one continuum leading to perfection or self-realization; and works intensely and consciously with the breath and with the conscious guiding of internal energies. This book explores the different forms of Daoyin in historical sequence, beginning with the early medical manuscripts of the Han dynasty, then moving into its religious adaptation in Highest Clarity Daoism. After examining the medieval Daoyin Scripture and ways of integrating the practice into Tang Daoist immortality, the work outlines late imperial forms and describes the transformation of the practice in the modern world. Presenting a rich crop of specific exercises together with historical context and comparative insights, *Chinese Healing Exercises* is valuable for both specialists and general readers. It provides historical depth and opens concrete details of

an important but as yet little-known health practice.

*The Emotion Code* Best Life Media

Integration of complementary and alternative medicine therapies (CAM) with conventional medicine is occurring in hospitals and physicians offices, health maintenance organizations (HMOs) are covering CAM therapies, insurance coverage for CAM is increasing, and integrative medicine centers and clinics are being established, many with close ties to medical schools and teaching hospitals. In determining what care to provide, the goal should be comprehensive care that uses the best scientific evidence available regarding benefits and harm, encourages a focus on healing, recognizes the importance of compassion and caring, emphasizes the centrality of relationship-based care, encourages patients to share in decision making about therapeutic options, and promotes choices in care that can include complementary therapies where appropriate. Numerous approaches to delivering integrative medicine have evolved. *Complementary and Alternative Medicine in the United States* identifies an urgent need for health systems research that focuses on identifying the elements of these models, the outcomes of care delivered in these models, and whether these models are cost-effective when compared to conventional practice settings. It outlines areas of research in convention and CAM therapies, ways of integrating these therapies, development of curriculum that provides further education to health professionals, and an amendment of the Dietary Supplement Health and Education Act to improve quality, accurate labeling, research into use of supplements, incentives for privately funded research into their efficacy, and consumer protection against all potential hazards.

**Meridian Exercise for Self-healing** Singing Dragon

Release your natural powers for healing, endurance, and longevity With this revolutionary guide, you will learn four simple and remarkably effective techniques to release your natural powers for healing. The methods—gentle movement, self-applied massage, breathing exercises, and meditation—are drawn from the ancient Chinese healing system of Qigong (Chi Kung) and are easily adaptable to every lifestyle. You can practice them almost anywhere—in the car, in line at the bank, at your desk, while walking, even in bed. Using these methods for as little as ten minutes a day can dramatically increase your endurance, vitality, and longevity. Self-care has never been so easy!

**The New Energy Anatomy** Best Life Media

The concept of self-care is, in fact, thousands of years old. This buzzword is rooted in a 2,500-year old Chinese philosophy. 'Yang sheng' means to nourish life – fostering your own health and wellbeing by nurturing body, mind and spirit. In this book, Katie Brindle teaches readers how to harness this powerful natural healing system to improve every aspect of their life. Yang Sheng fits and works brilliantly in modern life. Some of the techniques may seem unusual, but they are all simple, quick and effective. Even more appealing, a key principle of Chinese medicine is balance; that means not being perfect or excluding foods or having too many rules or pushing yourself to exhaustion with overwork or over-exercise. And so, Yang Sheng encourages you to have the green juice and the glass of wine, a full-on day at work and a night out dancing. For people who are overtired and overtaxed, stressed, lacking a sex drive, or who feel anxious or hopeless, the practice of Yang sheng restores balance. Our bodies are designed to self-heal – Yang Sheng knows the mechanics of how to activate this.

*Connect* National Academies Press

In this updated and expanded edition of her alternative-health classic, Eden shows readers how they can understand their body's energy systems to promote healing.

**Chinese Healing Exercises** Createspace Independent Publishing Platform

In *Qigong for Health and Vitality*, Michael Tse, a Qigong (pronounced chee-gong) master trained by some of China's finest Qigong practitioners, explains the philosophy and practice of Qigong, a form of Traditional Chinese Medicine that combines breathing, posture, and movement to generate internal energy, restore health, and promote a sense of well-being. *Qigong for Health and Vitality* is the first truly accessible, introductory guide to this three-thousand-year-old for Chinese healing. Michael Tse now teaches in London, and is adept at presenting Qigong's "secrets" to a Western audience. In this book, he presents the background and philosophy of Qigong, detailing its amazing benefits for stress reduction and in the treatment of such chronic conditions as backache, hypertension, insomnia, asthma, arthritis, and headache. In clear text, and with the help of more than one hundred photographs, he provides step-by-step instructions for two types of Qigong exercises: those that improve balance,

flexibility, strength, and circulation (especially good for anyone who sits all day in an office or car); and those that derive from tai chi chaun and are learned as a short "moving program" that increases internal energy (chi) and can be used to treat specific health problems. In addition, Michael Ise explains how to use special Qigong meditation exercises to relax and recharge the body's energy and to enhance its natural ability to heal itself. Qigong, as taught by Master Tse, is easy and fun to learn and will lead to immediate and long-lasting health benefits.

**The Five Simple Steps to Emotional Healing** Healing Society  
Reduce Pain and Enhance Your Well-being With Simple Chinese Healing Exercises Improve your health and longevity with 88 easy-to-learn exercises.
