Market Leader

Pearson Longman
THE MOST COMPREHENSIVE COLLECTION OF PROBLEM-SOLVING TOOLS, GAMES AND TECHNIQUES USED BY BRAINSTORMERS, GAMECHANGERS AND TRAILBLAZERS. As working life becomes more complex, we are increasingly faced with problems which may at first seem insoluble. The Smart Solution Book is your guide to solving these problems, whatever their size. The Smart Solution Book explains each tool in detail - what it is, when and how to use it, its strengths and its

limitations. The tools range from quick fixes, which can be used by someone working alone, to large scale solutions which can be used by groups of 100 and more. You can also use the tools separately or in combination with each other.

- Frame problems so they can be solved
- Find a solution to even the most intractable problem
- Enjoy the process of problem solving, whether alone or in collaboration with others
- Become more creative in your thinking so that, over time, solutions begin to present themselves

The Smart Solution Book will change your way of thinking about business problems: apply the techniques and see the solutions unfold. “The essential

guide for any problem solving situation. Effective, practical and very accessible. Highly recommended.” Chris Garthwaite, CEO CGA Consulting “There isn't a single individual or organisation that could fail to benefit from the many practical approaches to problem-solving in this book. Everyone should read it!” Andrew Hilton, Managing Director, Corporate Training Partnerships Ltd “F. Durrenmatt says 'What concerns everyone, can only be solved by everyone' - and David's book is the practical guide to getting everyone fully engaged with a creative technique to solve any of your challenges.” Peter SchwanhTM ußer, Partner, papilio ag, Zurich

Making Pearson
Longman
Your project went off
without a hitch--but
somebody else got the
credit...You averted a
crisis brilliantly--but no
one noticed...You came
to the meeting with a
sensational idea--but it
was ignored until
someone else said the
same thing... HOW CAN
YOU GET CREDIT &
GET AHEAD? In her
extraordinary
international
bestseller, *You Just
Don't Understand*,
Deborah Tannen
transformed forever
the way we look at
intimate relationships
between women and
men. Now she turns
her keen ear and
observant eye toward
the workplace--where
the ways in which men
and women
communicate can
determine who gets

heard, who gets ahead, and what gets done. An instant classic, *Talking From 9 to 5* brilliantly explains women's and men's conversational rituals--and the language barriers we unintentionally erect in the business world. It is a unique and invaluable guide to recognizing the verbal power games and miscommunications that cause good work to be underappreciated or go unnoticed--an essential tool for promoting more positive and productive professional relationships among men and women.

English Unlimited

Harper Collins
From the author of New York Times bestseller *You're Wearing That?* this bestselling classic work

draws upon groundbreaking research by an acclaimed sociolinguist to show that women and men live in different worlds, made of different words. Women and men live in different worlds...made of different words. Spending nearly four years on the New York Times bestseller list, including eight months at number one, *You Just Don't Understand* is a true cultural and intellectual phenomenon. This is the book that brought gender differences in ways of speaking to the forefront of public awareness. With a rare combination of scientific insight and delightful, humorous writing, Tannen shows why women and men can walk away from the same conversation

with completely different impressions of what was said.

Studded with lively and entertaining examples of real conversations, this book gives you the tools to understand what went wrong -- and to find a common language in which to strengthen relationships at work and at home. A classic in the field of interpersonal relations, this book will change forever the way you approach conversations.

You Just Don't Understand Pearson Longman

One of the world's most beloved and bestselling writers takes his ultimate journey -- into the most intriguing and

intractable questions that science seeks to answer. In *A Walk in the Woods*, Bill Bryson trekked the Appalachian Trail -- well, most of it. In *In A Sunburned Country*, he confronted some of the most lethal wildlife Australia has to offer. Now, in his biggest book, he confronts his greatest challenge: to understand -- and, if possible, answer -- the oldest, biggest questions we have posed about the universe and ourselves. Taking as territory everything from the Big Bang to the rise of civilization, Bryson seeks to understand how we got from there being nothing at all to there being us. To that end, he has attached himself to a host of the world's most advanced

(and often obsessed) archaeologists, anthropologists, and mathematicians, travelling to their offices, laboratories, and field camps. He has read (or tried to read) their books, pestered them with questions, apprenticed himself to their powerful minds. A Short History of Nearly Everything is the record of this quest, and it is a sometimes profound, sometimes funny, and always supremely clear and entertaining adventure in the realms of human knowledge, as only Bill Bryson can render it. Science has never been more involving or entertaining.

Language Leader Coursebook and CD-ROM. Pearson English Language Teaching Practical Faster

Reading provides the basis for a reading improvement course lasting a total of 30 class hours and has proved popular with students and teachers in a variety of settings. Thirty passages covering a wide range of topics of general interest and accompanying exercises give practice in the reading skills needed at upper-intermediate and more advanced levels. Substantial increases in reading speed are usually attained with improvements in comprehension and vocabulary. The full answer key for self-checking also makes this useful for the student working alone.
