MILLS YAZMIN

Pop Art Bloomsbury Publishing
 What made pop art special? Readers can find out the answer to this question through the colorful, fun pages of this book, which highlights the major features and figures of pop art. Profiles of Andy Warhol, Roy Lichtenstein, Richard Hamilton, and more pop artists introduce readers to famous pop art works as well as major techniques each artist used. Then, they can put this knowledge to work in accompanying art projects inspired by the work of the pop artist in that chapter. From using newspaper to make a collage to using benday dots, young artists have a multitude of styles to learn from!

Pop Art Enslow Publishing

"In the future everyone will be famous for fifteen minutes," said Andy Warhol, who skyrocketed to fame as the artist who painted the Campbell's soup can. Warhol's paintings of everyday objects and his portraits of famous people helped define Pop Art. From sickly child to controversial artist, outlandish movie maker to celebrity publisher, Warhol's personality and eccentric style made him an icon of an era. In a fascinating story rich with quirky anecdotes and quotes, Carin T. Ford takes a candid look at the Pop Art movement and the many sides of the American legend known as the Prince of Pop.

American Pop Art
 Brighter Child
 Pop art accepted, symbolised, and acknowledged the growth of a new "popular culture." though many

Pop artists were active first in art events-such as Happenings, the theatre, music, and dance-pop itself soon was recognised as a style that transcended art on the canvas to include everyday life. The emerging mass-media culture-advertising, movies and television, consumer goods-would contribute a language and attitude to the new art as well as provide it with abundant subject matter.
Pop Art Univ of California Press

Presents an anthology of 94 critical articles on the American pop art phenomenon, including information on such pop artists as Warhol, Lichtenstein, Oldenburg, and Rosenquist.

Pop Art Roaring Forties Press

Artwork by Jim Dine, Jasper Johns, Roy Lichtenstein, Claes Oldenburg, Mel Ramos,

Pop Art Carson-Dellosa Publishing

"Pop Art burst onto the scene in the mid-20th century, filling the gray post-World War II years with life, color, and fun! Pop artists from Andy Warhol to David Hockney strived to make art accessible for everyone, celebrating the popular symbols of the modern age--from cars to hamburgers--in their work. In the process they changed the face of art forever."--

Lichtenstein in New York Black Dog Publishing

This volume provides a brief overview of the pop art movement, along with some of the artists who were notable in the field.

Pop Art and Design

Parkstone International Romero Britto brings the farm to life in an engaging and highly interactive new format! Children will love "coloring in" the unfinished scenes with vibrantly patterned pieces featuring Britto's bright palette. This bold, beautiful pop art book allows the reader to interact with each vibrant scene by completing Britto's art with their own choice of patterned piece. The 12 double-sided

pieces are safely housed in the book's back cover and covered with a sturdy paper bellyband.

Andy Warhol Yale

University Press

Coloring activities include: lips to color, swirling 60's patterns, dramatic pop art faces to color in, and soup cans to design.

Make It Pop! New York : Praeger

A global survey of Pop art that reassesses its roots, impact, and legacy This groundbreaking book surveys the concurrent engagements with the spirit of Pop throughout the world, from the frequently studied activity in the United States, England, and France to less well-known developments in Central and Eastern Europe, Latin America, Asia, Africa, and the Middle East. One of the first publications to examine Pop art with this global scope, *The World Goes Pop* explores the wide-ranging movements

that developed on different continents, such as Nouveau Réalisme, Neo Dada, New Figuration, and Spiritual Pop. This unique presentation offers the opportunity to compare how Pop art around the world differed due to geography, local traditions, and different cultures' social and political underpinnings. Fascinating essays touch upon key themes that factored into various Pop movements, including feminism, political representation, sexual politics, and seriality. A bold design and 200 striking illustrations showcase pieces by more than 60 artists, many of whose works have never been exhibited outside their home nations. The book also features a combined interview with a number of the living artists featured within, giving important insight into the thoughts and processes of Pop's international practitioners. *Pop Art U.S.A.-U.K* Penguin Group
On January 26, 1957, Richard Hamilton wrote a now-famous letter outlining his definition of what "Pop Art Is." This volume celebrates the fiftieth anniversary of Hamilton's prophetic

document, presenting the works of more than forty artists from his own generation of Pop artists (among them Hamilton himself, Robert Rauschenberg, Jasper Johns, and Andy Warhol) and from artists of subsequent generations who have contributed to the development and dissemination of Pop Art (Jeff Koons, Richard Prince, Mike Kelley, Damien Hirst, and others). A text by Greil Marcus, a photographic essay by Louise Lawler, and an interview with Robert Venturi and Denise Scott Brown by Dan Graham are included in the book, which illuminates the powerful, international impact of Pop Art throughout the second half of the 20th century. Pop represented a sudden and dramatic expansion of often-contradictory possibilities, and for this reason and others the concept of Pop remains vital in contemporary art. *Pop Art* Taschen
Tells about the pop art movement and some of the artists who produced it in the 1960s and after. *Pop Art* Yale University Press
Pop Art — an entirely new and defiantly American style of painting and sculpture — was all the

rage among the cultural cognoscenti in the turbulent 1960s, and New York City was the unquestioned epicenter of Pop Art. No artist embodies this groundbreaking movement more than Roy Lichtenstein, the only Pop Artist born in the city and whose life and experiences there inspired much of his most popular and iconic work. This book looks at Lichtenstein's life through the lens of New York City, taking the reader to the Manhattan that Lichtenstein knew, from the Prohibition era through the postwar era and countercultural revolution to the well-heeled iconoclasm of the 80s and 90s. It is a fascinating biography of a major but sometimes neglected trailblazer of 20th-century American art. **Pop Art** GRIN Verlag
"Everything is beautiful," raved Andy Warhol, in raptures at the glamour of modern life, consumer society, the world of the media and its stars. And in so saying, he was expressing the feelings of a generation who felt their age was dawning, an age of "love" and "freedom." In art, too, a new attitude

towards the present was making itself felt. Jasper Johns, Roy Lichtenstein, Claes Oldenburg, Robert Rauschenberg, James Rosenquist, Tom Wesselmann, Richard Hamilton and many other artists were discovering Marilyn Monroe, Elvis Presley, Coca Cola, comics, advertising, household appliances and food cans as an independent aesthetic reality. Popularity and triviality were no longer terms of abuse, but were central to a new understanding of an art whose aim was to break down the barriers between art and life. The author gives us a detailed account of the styles, themes and sources of Pop Art, investigating its development in different countries and providing biographies of its leading exponents.

Pop art Bloomsbury Publishing

Pop Art by the BBC's Alastair Sooke - an essential but snappy new guide to our favourite art movement Pop Art is the most important 20th-century art movement. It brought Modernism to the masses, making art sexy and fun with coke cans and comics. Today, in our age of selfies and social networking, we are still

living in a world defined by Pop. Full of brand new interviews and research, Sooke describes the great works by Warhol, Lichtenstein and other key figures, but also re-examines the movement for the 21st century and asks if it is still art? He reveals a global story, tracing Pop's surprising origins in 19th-century Paris to uncovering the forgotten female artists of the 1960s.

The Meaning and Purpose of Pop Art In Light of the Works of Andy Warhol and Roy Lichtenstein Hatje Cantz

An introduction to Pop art, with some of it's artists and their works.

The Pop Art Tradition - Responding to Mass-Culture Compass Point Books

This book offers a radically new perspective on the Pop Art creative dynamic that has been around since the 1950s. The book discusses the major contributors to the Pop/Mass-Culture Art tradition right up to the present, including a number of artists who have never previously been associated with so-called Pop Art but whose work showed a strong interest in mass-culture. The book reproduces, in colour and in great detail,

over 150 of the key works of the Pop/Mass-Culture Art tradition, allowing the reader to have a closer look and better understanding of these images.

Pop Art Carlton Publishing Group

Pop Art Book is a vibrant celebration of one of the twentieth century's most important and enduring art movements.

Showcasing pieces by major artists including Andy Warhol, Peter Blake, Roy Lichtenstein and Eduardo Paolozzi, as well as previously unheralded works by important figures such as Pauline Boty, one of the few female pop artists, this book is a must-have for anyone interested in modern art. A bold and exciting take on the movement, Pop Art Book explores Pop Art through themes including popular culture, consumerism, literature and politics. It is the first book on Pop Art to take an interactive approach to the subject, including stickers and pop-ups that encourage the reader to take a playful and creative attitude towards the movement. Combining visual excitement with substantial academic reflection, Pop Art Book provides a profound

insight into the historical background behind this kaleidoscopic art-form, relating the movement to the major events of the era such as the Cold War, the Civil Rights Movement

and the assassination of JFK. Accessibly written and great fun, this book offers an exciting way of learning to the uninitiated, as well as providing connoisseurs

with a new take on the movement. Pop Art Book is published in conjunction with major exhibitions supported by the Wolverhampton Art Gallery.
