The Whirlwind War
Philomel Books

CMH Publication 70-30.
Edited by Frank N.
Schubert and TheresaL.
Kraus. Discusses the

United States Army's role in the Persian Gulf War from August 1990 to February 1991. Shows the various strands that came together to produce the army of the 1990s and how that army in turn performed under fire and in the glare of world attention. Retains a sense of immediacy in its approach. Contains maps which were carefully researched and compiled as original documents in their own right. Includes an index.

An NBC Today Show Book Club Pick! *A Seventeen Magazine Best YA Book of 2018!* *A Kirkus Best YA Fantasy Book of the Year* *A We Need Diverse Books 2018 Must-Read* "Epic thrills, heart-punching romance, and a marvel of a hero" -- Adam Silvera, New York Times-bestselling author of *They Both Die at the End* The people of Uztar have long looked to the sky with hope and wonder. Nothing in their world is more revered than the birds of prey and no one more honored

than the falconers who call them to their fists. Brysen strives to be a great falconer—while his twin sister, Kylee, rejects her ancient gifts for the sport and wishes to be free of falconry. She's nearly made it out, too, but a war is rolling toward their home in the Six Villages, and no bird or falconer will be safe. Together the twins must journey into the treacherous mountains to trap the Ghost Eagle, the greatest of the Uztari birds and a solitary killer. Brysen goes for the boy

he loves and the glory he's long craved, and Kylee to atone for her past and to protect her brother's future. But both are hunted by those who seek one thing: power. In this first young-adult fantasy novel in a trilogy, Alex London launches a soaring saga about the memories that haunt us, the histories that hunt us, and the bonds of blood between us.

Martin's Griffin

NATIONAL BESTSELLER •
From the author of *The River*: In this "end-of-the-

world novel more like a rapturous beginning" (San Francisco Chronicle), Hig somehow survived the flu pandemic that killed everyone he knows. His gripping story is "an ode to friendship between two men...the strong bond between a human and a dog, and a reminder of what is worth living for" (Minneapolis Star-Tribune). Hig's wife is gone, his friends are dead, and he lives in the hangar of a small abandoned airport with his dog, Jasper, and a mercurial, gun-toting

misanthrope named Bangley. But when a random transmission beams through the radio of his 1956 Cessna, the voice ignites a hope deep inside him that a better life exists outside their tightly controlled perimeter. Risking everything, he flies past his point of no return and follows its static-broken trail, only to find something that is both better and worse than anything he could ever hope for.

Blood Meridian

Anna Babic Robbins, dubbed "The Rose Of The Adriatic" by pilgrims to her village, leaves her home bound for America. She is to deliver secrets concerning the fate of the world to a Chicago priest who will shepherd mankind to prepare to hear God speak. Four women travel to Las Vegas, and while there, snow begins to fall during triple digit heat. They soon learn that the non-accumulating snowfall is a worldwide phenomenon—a universal sign from God preceding

the gift of a permanent sign inexplicable by earthly standards. With the culmination of these miraculous events, all their paths intersect, and God will reveal His plans to each soul on earth. Will mankind listen?
Never Will I Die Dare Empire Vietnam, 1963. Sixteen thousand American servicemen are "advising" the military and government. Among them are Ellsworth Miser and Clovis Robeson, two army investigators trying to track down the female

Communist assassin who has been hunting American officers. Trawling the boulevards of Saigon with her comrade accomplices, she catches the Americans off-guard with a single pistol shot, then rides off on the back of a scooter. Play the Red Queen is a thriller set in the besieged capital of a new nation on the eve of the coup that would bring down the Diem regime. It is about the laws of war and the lawlessness of war, about allies who are less than supportive and enemies

who command grudging respect even as they strive to effect lethal revenge—and about two GI cops in the cauldron of a civil war stoked red hot by revolution.

An American in the Basement Vintage 25th ANNIVERSARY EDITION • From the bestselling author of *The Passenger* and the Pulitzer Prize-winning novel *The Road*: an epic novel of the violence and depravity that attended America's westward expansion, brilliantly subverting the

conventions of the Western novel and the mythology of the Wild West. Based on historical events that took place on the Texas-Mexico border in the 1850s, *Blood Meridian* traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving. 9-Nov Tor Nightfire
The New York Times bestselling author of the *Maisie Dobbs* series turns her prodigious talents to this World War I standalone novel, a lyrical drama of love struggling to survive in a damaged, fractured world. By July 1914, the ties between Kezia Marchant and Thea Brissenden, friends since girlhood, have become strained—by Thea's passionate embrace of women's suffrage, and by the imminent marriage of Kezia to Thea's brother,

Tom, who runs the family farm. When Kezia and Tom wed just a month before war is declared between Britain and Germany, Thea's gift to Kezia is a book on household management—a veiled criticism of the bride's prosaic life to come. Yet when Tom enlists to fight for his country and Thea is drawn reluctantly onto the battlefield, the farm becomes Kezia's responsibility. Each must find a way to endure the ensuing cataclysm and turmoil. As Tom marches

to the front lines, and Kezia battles to keep her ordered life from unraveling, they hide their despair in letters and cards filled with stories woven to bring comfort. Even Tom's fellow soldiers in the trenches enter and find solace in the dream world of Kezia's mouth-watering, albeit imaginary meals. But will well-intended lies and self-deception be of use when they come face to face with the enemy? Published to coincide with the centennial of the Great War, *The Care and*

Management of Lies paints a poignant picture of love and friendship strained by the pain of separation and the brutal chaos of battle. Ultimately, it raises profound questions about conflict, belief, and love that echo in our own time. **Red, White & Royal Blue** Sarabande Books There's no pain, no theatrical agony. No screaming, no shouting. The kill shot is catastrophic and conclusive. I slump silently on to my knees and topple forward, head

first, into the dirt. The lads have seen enough death to assume mine is instantaneous. The lights are out. That's him gone. Toby Gutteridge was only 24 when he was shot through the neck while operating behind enemy lines in Afghanistan. He survived despite not breathing for at least 20 minutes. Back in the UK, doctors recommended that his life support machine be switched off, but with the defiant spirit that would define his recovery, Toby pulled through. Now

quadriplegic, capable of movement only with his head, Toby has rebuilt his life. His is an extraordinary story of survival against overwhelming odds, and of the power of the human spirit to overcome extreme adversity. Brutally honest and authentic, he builds a compelling picture of the type of person produced by the Special Forces system, and tells of how one split second changed the course of his life forever. Powerful and inspiring, *Never Will I Die*

is a universal story about our search for purpose, and explores what extreme experience teaches us about what truly matters.

From the bestselling, award-winning author of *The Buddha in the Attic* and *The Swimmers*, this commanding debut novel paints a portrait of the Japanese American incarceration camps that is both a haunting evocation of a family in wartime and a resonant lesson for our times. On a

sunny day in Berkeley, California, in 1942, a woman sees a sign in a post office window, returns to her home, and matter-of-factly begins to pack her family's possessions. Like thousands of other Japanese Americans they have been reclassified, virtually overnight, as enemy aliens and are about to be uprooted from their home and sent to a dusty incarceration camp in the Utah desert. In this lean and devastatingly evocative first novel, Julie Otsuka tells their story

from five flawlessly realized points of view and conveys the exact emotional texture of their experience: the thin-walled barracks and barbed-wire fences, the omnipresent fear and loneliness, the unheralded feats of heroism. When the Emperor Was Divine is a work of enormous power that makes a shameful episode of our history as immediate as today's headlines.

"Privileged Syd and his proxy, Knox, are thrown together to overthrow the system"--*Guardian* Farrar, Straus and Giroux (BYR)
Don't miss Evermore, the first book in Alyson Noël's #1 New York Times bestselling The Immortals series. Enter an enchanting new world where true love never dies. . . After a horrible accident claimed the lives of her family, sixteen-year-old Ever Bloom can see people's auras, hear their thoughts, and know someone's entire life story

by touching them. Going out of her way to avoid human contact and suppress her abilities, she has been branded a freak at her new high school—but everything changes when she meets Damen Auguste. Damen is gorgeous, exotic and wealthy. He's the only one who can silence the noise and random energy in her head—wielding a magic so intense, it's as though he can peer straight into her soul. As Ever is drawn deeper into his enticing world of secrets and mystery, she's left with

more questions than answers. And she has no idea just who he really is—or what he is. The only thing she knows to be true is that she's falling deeply and helplessly in love with him.

The incredible story of denial, deceit, and deception that ultimately cost Navy pilot Captain Michael Scott Speicher his life is exposed in this military tell-all. Asserting that years of information has been intentionally

kept from an American public, the book reveals that, contrary to reports, Speicher survived after he ejected from his stricken F/A-18 Hornet on the first night of the Persian Gulf War. Protected by a Bedouin tribal group, he evaded Saddam's capture for nearly four years. In that time he was repeatedly promised by an American intelligence asset that a deal for his repatriation would be worked out but it never was. Speicher was left behind. After Saddam Hussein captured him,

Speicher spent the next eight years in a secret Baghdad prison and being moved around in secret to avoid an American task force looking for him, and before he was killed after the United States invaded Iraq in March 2003.

Author Amy Waters

Yarsinske, a former naval intelligence officer and a veteran investigator and author, presents her fascinating case after years of research.

The dynamic story of the life and times of five Marine corporals and sergeants, men at the front lines of the war in Iraq First extended account of the Marine experience fighting the Iraq insurgency from the grunt's perspective Author interviewed charismatic and controversial Marine

Gen. James N. "Mad Dog" Mattis, a legendary Marine commander revered by the grunts and gives new details about the battle for Fallujah A sometimes harrowing, often humorous, and occasionally tragic look at the Marine Corps from the inside out in its struggle with the insurgency in Iraq. Drawing from personal experience in the confusing, deadly conflict currently being fought in the streets and back alleys of Iraqi towns and villages, Danelo focuses on the young

Marine leaders--corporals and sergeants--whose job it is to take even younger Marines into battle, close with and destroy an elusive enemy, and bring their boys back home again. Sadly, there are losses, but true to the Marine Corps spirit, they soldier on, earning their blood stripes the only way they know how--the hard way.

0°, 0° Soho Crime Mothers Over Nangarhar is an unusual and powerful war narrative, focusing less on the front lines of combat and more

on the home front, a perspective our American cultural canon has largely ignored after 222 years at war. In her stunning poetry debut, Pamela Hart concentrates on the fears and psychological battles suffered by parents, lovers, and friends during a soldier's absence and return home, if indeed there's a return. With honest grit and compassionate imagination, Hart describes her own experience having a son overseas, incorporating lyric meditations,

photography, news articles, support group meetings, family interviews, oral histories, and classic literature to construct a documentary-style narrative very much situated in the now. Blending reality with absurdism and guided openly by a Calvino kind of logic, Hart reveals to us a crucial American point of view.

Top Dog Tor Nightfire "Todd Robert Petersen is crazy-talented, and the wild, weird, hilarious stories of *It Needs to Look Like We Tried* are just

what's called for in these bizarre, frightening times." —Richard Russo, author of *Empire Falls* and *Trajectory* A domino chain of failures draws Todd Robert Petersen's characters together in these interconnected stories, despite hopes, dreams, and their best-laid plans Everyone has a dream, an idea, a goal. But what happens when those desires are thwarted, when dreams and goals fall apart? In *It Needs to Look Like We Tried*, Todd Robert

Petersen explores the ways in which our failures work on the lives of others, weaving an intricate web of interconnected stories. A fastidious man takes a detour on the way to his father's wedding and kicks off a series of events that ricochets from the bride to her real estate clients; to a crazed former homeowner and his sister-in-law's reality TV lover; to a hoarding family whose lives are wrecked by their appearance on the second-rate show. Their daughter decides to

escape the gravity of her tiny town with the help of her boyfriend who has a not-quite-legal plan to scrape together enough money to fund their departure. On their way across the country, these star-crossed lovers encounter our fastidious man, and the Rube Goldberg machine of life continues. Their fling has petered out, and they are driving home, whatever home is left after walking away from everything they abandoned months before.
