Wodehouse wrote some of the greatest comic masterpieces of all time. So, naturally, we find the same humor and wit in his letters. He offers hilarious accounts of living in England and France, the effects of prohibition, and how to deal with publishers. He even recounts cricket matches played while in a Nazi internment camp (Wodehouse wanted to show the stiff upper lip of the British in the toughest situations). Over the years, Wodehouse corresponded with relatives, friends, and some of the greatest figures of the twentieth century: Agatha Christie, Ira Gershwin, Evelyn Waugh, George Orwell, and Sir Arthur Conan Doyle. The letters are arranged chronologically with intersecting sections of biography written by Sophie Ratcliffe. This is the only book you will need to understand the man behind the characters. <i>America's Bomber Boys Who Fought the Air War Against Nazi Germany</i> KTAV Publishing House, Inc. Doing for music what Patricia Schultz—author of the phenomenal 1,000 Places to See Before You Die—does for travel, Tom Moon recommends 1,000 recordings guaranteed to give listeners the joy, the mystery, the revelation, the sheer fun of great music. This is a book both broad and deep, drawing from the diverse worlds of classical, jazz, rock, pop, blues, country, folk, musicals, hip-hop, world, opera, soundtracks, and more. It's arranged alphabetically by artist to create the kind of unexpected juxtapositions that break down genre bias and broaden listeners’ horizons— it makes every listener a seeker, actively pursuing new artists and new sounds, and reconfirming the greatness of the classics. Flanking J. S. Bach and his six entries, for example, are the little-known R&B singer Baby Huey and the '80s Rastafarian hard-core punk band Bad Brains. Farther down the list: The Band, Samuel Barber, Cecelia Bartoli, Count Basie, and Afropop star Waldemer Bastos. Each entry is passionately written, with expert listening notes, fascinating anecdotes, and the occasional perfect quote—"Your collection could be filled with nothing but music from Ray Charles," said Tom Waits, "and you'd have a completely balanced diet." Every entry identifies key tracks, additional works by the artist, and where to go next. And in the back, indexes and playlists for different moods and occasions. The ninety two islands of Seychelles have been called the pearls of the Indian Ocean, the islands, that time forgot, the last tropic paradise. They were visited regularly by pirates, and there are numerous legends of buried treasure. Sorcery is still practised in a population that is descended

basically from the African slaves of the French, who were the first settlers and later from slaves released there by the British. Contributions to the population and the language have been made by many races, by travellers, exiles, planters and treasure hunters. This book gives the history of the islands, describes them as they are today, and introduces a fascinating collection of local characters.

The story of Charles Haddon Spurgeon's life is nothing less than titanic. Within 2 years and 6 months of accepting the pastorate of the New Park Street Chapel as a boy of 19, the Sunday service grew from 242 to over 7,000 in attendance. What can account for the meteoric rise in popularity? Why did so many wish to hear his sermons? It is the same reason why one ought to

study the sermons of Spurgeon to this day: in a famished land of moralism, he preached the bread of Jesus Christ. Containing the first three volumes of the sixty-three volumes published from the Metropolitan Tabernacle pulpit, this book holds 164 sermons, 'as plump as a partridge, and as full of meat as an egg.' David A. Attebury is currently pursuing a Masters of Divinity from The Southern Baptist Theological Seminary in Louisville, Kentucky.
