Warning! Anyone caught reading this notebook without my permission will be tossed in the bayou with a rabid snapping turtle! Seriously, I mean it! My name is Russell Weinwright and if you think you've got problems in middle school, try being a half kid, half algae swamp creature who's terrible at sports! It's not easy. I eat sunlight for lunch, I've got duck weed for hair, and I think a frog might be living in my tree trunk arm. I'm literally pond scum! Some kids call me Swamp Kid, but my best friends Charlotte and Preston keep me sane. I wish I could let you read this notebook to get the real scoop on being an eighth-grade outsider (please ignore the doodles and ketchup stains!), but things have gotten a little crazy lately. Men in black are spying on me, my science teacher might be an evil mastermind, and a hulking beast in the bayou may or may not be my super swamp mentor. Believe me, you don't wanna know! Turn back now! This is *The Secret Spiral of Swamp Kid* by writer and illustrator Kirk Scroggs, and you'll never look at middle school the same way again.

The Handbook of Business and Corruption  
Penguin

Dory Quillin, nineteen-years old, her white-blond hair ruffled by the gentle breezes of a June evening, lies dead in the parking lot of a lesbian bar. Her bewildered silver-blue eyes stare beseechingly into the mind and soul of the woman who kneels beside her: LAPD homicide detective Kate Delafield. The investigation is far from a simple matter. Kate uncovers shocking facts about the brief life of the murdered young lesbian. She finds her road to the killer obstructed by Dory's uncooperative, judgmental parents, the waning interest of her own partner, and most frustrating of all, the open hostility of women who should be her allies--the lesbians who frequent the Nightwood Bar. Kate's emotional equilibrium is further disturbed by her powerful attraction to one of those women, the enigmatic Andrea Ross. Who killed Dory Quillin? And why? Accompany Kate Delafield on her electrifying, emotional journey to the answer, an answer you will never forget. A Kate Delafield Mystery Series Book 2.

This, the first in-depth and comprehensive book-length study of the Russian neo-Kantian movement in English language, challenges the assumption of the isolation of neo-Kantianism to Germany. The present investigation demonstrates that neo-Kantianism had an international dimension by showing the emergence of a parallel movement in Imperial Russia spanning its emergence in the late 19th century to its gradual dissolution in the aftermath of the Bolshevik Revolution. The author presents a systematic portrait of the development of Russian neo-Kantianism starting with its rise as a philosophy of science. However, it was with the stream of young students returning to Imperial Russia after a period of study at German universities that the movement accelerated. More often than not, these enthusiastic, young philosophers returned home imbued with the neo-Kantianism of their respective but divergent host institutions. As a result, clashes were inevitable concerning the proper approach to philosophical issues as well as the very understanding of Kant's philosophy and his legacy for contemporary thought. In the end, the

broad promise of a Western-oriented neo-Kantianism could not withstand the pressures it confronted on all sides. *Russian Neo-Kantianism* MIT Press (MA) With a secondhand motorcycle, the support of a few powerful tribesmen and a good friend in the CIA, the unknown Hamid Karzai willed himself to power as the new hope of Afghanistan. Acclaimed journalist Bette Dam chronicles the astonishing rise of Afghanistan's U.S.-backed leader from obscurity to one of the most influential figures in the global war on terror. Following the 2001 toppling of the Taliban, a fragile Afghanistan was on the brink. Karzai, armed with a recipe for victory came within inches of helping the U.S. declare victory in the war on terror. But sentiments run high in post-9/11 America, and the desire for revenge derailed an early chance at peace. As U.S. troops leave Afghanistan, and power is handed to a new president, Karzai's legacy remains one of betrayal, mistrust, and missed opportunities.
