The Way of the Linguist Contemporary Books

The gripping first installment in New York Times bestselling author Tahereh Mafi's Shatter Me series. One touch is all it takes. One touch, and Juliette Ferrars can leave a fully grown man gasping for air. One touch, and she can kill. No one knows why Juliette has such incredible power. It feels like a curse, a burden that one person alone could never bear. But The Reestablishment sees it as a gift, sees her as an opportunity. An opportunity for a deadly weapon. Juliette has never fought for herself before. But when she's reunited with the one person who ever cared about her, she finds a strength she never knew she had. And don't miss Defy Me, the shocking fifth book in the Shatter Me series!

The Turkish Cookbook Cinius Yayınları

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

Korean Grammar in Use - Beginning (English ver.) (□□□) Lingo Wave

Mualla Atlamaz was born in Samsun. She graduated from "İktisadi ve Ticari İlimler Akademisi" (Academy of Commerce and Economics) in Istanbul. In U.S.A., she became a teacher of Foreign Service Institute Language School of the State Department. She has applied the F.S.I. method together with linguists for 3 years as a Turkish language instructor. For the following 10 years, she has worked as a Turkish teacher in Consulate of U.S.A. in Istanbul. She has also taught Turkish in summer courses of the Turkish-American Association T.A.U.A. for 15 years. For about 45 years she has worked as a private instructor to countless numbers of people of every nation and profession. The purpose of this book is to provide ample material for teaching the grammar rules of the Turkish language and their applications in daily conversations. This book employs an analytical approach to a wide variety of grammar rules. All suffixes being structured according to vowel harmony, are easily understandable. It also gives to the foreign students of Turkish a large number of appropriate exercises as a result of all these years' experiences. The dialogues enrich and enforce grammar rules applications in daily conversations. Each unit has drills and answers for a better understanding and learning of the chapter. Book2 English - French for Beginners John Benjamins Publishing

Annotation The three pocketbooks comprising the 'English Through Pictures Series' are the remarkable invention of I A Richards and Christine Gibson, who designed them to help the learner speak, read and write English in the quickest and clearest possible way -- through pictures. The authors have made a careful selection of the most widely useful English words, choosing those with the power to define other words, and have put them to work in key patterns that offer the learner the ability to communicate successfully in English. Book 1 contains a vocabulary of 250 such words, with an additional 500 developed in Book 2; these 750 words are then used in Book 3 to build a command of 1000 words which, by their defining power, hold the possibility of understanding as much as another 20,000 words of English. Throughout 'English Through Pictures', responsibility for learning is placed directly on the learner, who from the very start enjoys the ability to put essential words to work creating key sentence patterns where meaning is clearly shown in pictures. These simplified drawings allow learners to focus on the sentence and to enjoy growing confidence as they successfully take control of language, with the workbooks in Books 1 and 2 challenging and reinforcing their growing competence as both speakers and readers. Motivated and inspired, learners will soon find to their delight that fluent communication in English -- the common language of today's world -- lies well within their grasp. 'English Through Pictures' has already been used successfully by millions of learners in over forty countries.

This grammar of Modern Eastern Armenian gives a precise and explicit description of the Eastern Armenian language of the Republic of Armenia. It covers not only the normative tradition but, more importantly, also describes the colloquial language as it is used in Armenia today. With regard to methodological approach and terminology it fully meets the demands of modern general linguistics and typology. This grammar will be of interest not only to the specialised readership of descriptive and comparative linguists, of typologists and of armenologists, but to all those who would like to acquaint themselves with linguistic data from living Armenian. It will also be of use to students wishing to learn Modern Eastern Armenian and to lecturers in Modern Eastern Armenian language courses.
