"[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes" (Vice). A book as powerful and influential as Rebecca Solnit's *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. "One of the best books of the 21st century." —The Guardian "No writer has better understood the mix of fear and possibility, peril and exuberance that's marked this new millennium." —Bill McKibben, *New York Times*-bestselling author of *Falter* "An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways." —The New Yorker

The "dazzling" and essential portrayal of 1960s America from the author of *South and West* and *The Year of Magical Thinking* (The *New York Times*). Capturing the tumultuous landscape of the

United States, and in particular California, during a pivotal era of social change, the first work of nonfiction from one of American literature's most distinctive prose stylists is a modern classic. In twenty razor-sharp essays that redefined the art of journalism, National Book Award-winning author Joan Didion reports on a society gripped by a deep generational divide, from the "misplaced children" dropping acid in San Francisco's Haight-Ashbury district to Hollywood legend John Wayne filming his first picture after a bout with cancer. She paints indelible portraits of reclusive billionaire Howard Hughes and folk singer Joan Baez, "a personality before she was entirely a person," and takes readers on eye-opening journeys to Death Valley, Hawaii, and Las Vegas, "the most extreme and allegorical of American settlements." First published in 1968, *Slouching Towards Bethlehem* has been heralded by the *New York Times Book Review* as "a rare display of some of the best prose written today in this country" and named to *Time* magazine's list of the one hundred best and most influential nonfiction books. It is the definitive account of a terrifying and transformative decade in American history whose discordant reverberations continue to sound a half-century later.

In his *Nautilus* Award-winning classic *Touching Spirit Bear*, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscoll in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. *Touching Spirit Bear* is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

A richly illustrated look at some of the most important photobooks of the 20th century France experienced a golden age of photobook production from the late 1920s through the 1950s. Avant-garde experiments in photography, text, design, and printing, within the context of a growing modernist publishing scene, contributed to an outpouring of brilliantly designed books. *Making Strange* offers a detailed examination of photobook innovation in France, exploring seminal publications by Brassai, Henri Cartier-Bresson, Robert Frank, Pierre Jahan, William Klein, and Germaine Krull. Kim Sichel argues that these books both held a mirror to their time and created an unprecedented modernist visual language. Sichel provides an engaging analysis through the lens of materiality, emphasizing the photobook as an object with which the viewer interacts haptically as well as visually. Rich in historical context and beautifully illustrated, *Making Strange* reasserts the role of French photobooks in the history of modern art.

In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.

Over four hundred years after it was first published, *Romeo and Juliet* remains one of Shakespeare's most famous and most frequently performed plays. During the late 1500s many playwrights loved to base their plays off of Italian stories, and Shakespeare was no different; he was heavily influenced by the Italian tale "The Goodly History of the True and Constant Love of Romeo and Juliet." Today *Romeo and Juliet* continues to spread its influence within literature and performing arts. It has been adapted into 24 operas, numerous films, a ballet, and has also been referenced in law. The play has entertained generations with its romance, deception, revenge, sword-fighting, creative verse, comedic relief, and tragic fate. The prologue lays before us the fate of our star-crossed lovers: two Italian households have a long, ongoing vendetta against each other, kept under control only by Prince Escalus, the ruler of Verona. Romeo meets with his friends Benvolio and Mercutio after having his heart broken by Rosaline. Encouraged to find love elsewhere, Mercutio sneaks him into one of Capulet's masked parties, where he encounters

Juliet, Capulet's daughter. This is the beginning of a love affair that is destined to end in tragedy. This Standard Ebooks edition is based on William George Clark and William Aldis Wright's 1887 Victoria edition, which is taken from the Globe edition. Few works of scholarship have so comprehensively recast an existing debate as Chinua Achebe's essay on Joseph Conrad's *Heart of Darkness*. Achebe – a highly distinguished Nigerian novelist and university teacher – looked with fresh eyes at a novel that was set in Africa, but in which Africans appear only as onlookers or as indistinguishable "savages". Dismissing the prevailing portrayal of Joseph Conrad as a liberal hero whose anti-imperialist views insulated him from significant criticism, Achebe re-cast the Polish author as a "bloody racist" in an analysis so cogent it changed the way in which his discipline looked not only at Conrad, but also at all works with settings indicative of racial conflict. The creative contribution of Achebe's essay lies in delving far beneath the surface of Conrad's novel; he not only generated new and highly influential hypotheses about the author's modes of thought and motivations, but also redefined the entire debate over *Heart of Darkness*. Just because the novel had been accepted into the "canon", and now falls into the class of "permanent literature", Achebe says, does not mean we should not question it closely – or criticize its author.

"Remarkable . . . deeply inventive . . . Thorton has imagined Argentina truly; his inspired fable troubles and feeds our own intriguing imagining."—Los Angeles Times *Imagining Argentina* is set in the dark days of the late 1970's, when thousands of Argentineans disappeared without a trace into the general's prison cells and torture chambers. When Carlos Ruweda's wife is suddenly taken from him, he discovers a magical gift: In waking dreams, he had clear visions of the fates of "the disappeared." But he cannot "imagine" what has happened to his own wife. Driven to near madness, his mind cannot be taken away: imagination, stories, and the mystical secrets of the human spirit. Praise for *Imagining Argentina* "A harrowing, brilliant novel."—The New Yorker "A powerful new novel . . . Thorton seems to have wedded his study of such writers as Borges and Marquez with thy his own instinctive gift for metaphor, and in doing so, created his own brand of magical realism"—The New York Times "Imagining Argentina is a slim volume filled with beautiful writing. It is an exciting adventure story. It is a haunting love story. And it is a story for all time."—Detroit Free Press "The writing is crystalline, the metaphors compelling . . . Its central theme is universal."—The Philadelphia Inquirer "In a time when much North American fiction is contained by crabbed realism, Thorton takes for his material one of the bleaker recent instances of human cruelty, sees in it the enduring nobility of the human spirit and imagines a book that celebrates that spirit."—The Washington Post Book World "A powerful first novel and a manifesto for the memorializing power of literature."—The New York Times Book Review "A profoundly hopeful book."—The Cleveland Plain Dealer

Few recent writers have been as interested in the cross-over between texts and visual art as Italo Calvino (1923-85). Involved for most of his life in the publishing industry, he took as much interest in the visual as in the textual aspects of his own and

other writers' books. In this volume twenty international Calvino experts, including Barengi, Battistini, Belpoliti, Hofstadter, Ricci, Scarpa and others, consider the many facets of the interplay between the visual and textual in Calvino's works, from the use of colours in his fiction to the influence of cartoons, from the graphic qualities of the book covers themselves to the significance of photography and landscape in his fiction and non-fiction. The volume is appropriately illustrated with images evoked by Calvino's major texts.

A President Obama "O" Book Club pick Raised in South Carolina and New York, Woodson always felt halfway home in each place. In vivid poems, she shares what it was like to grow up as an African American in the 1960s and 1970s, living with the remnants of Jim Crow and her growing awareness of the Civil Rights movement. A Holocaust survivor's surprising and thought-provoking study of forgiveness, justice, compassion, and human responsibility, featuring contributions from the Dalai Lama, Harry Wu, Cynthia Ozick, Primo Levi, and more. You are a prisoner in a concentration camp. A dying Nazi soldier asks for your forgiveness. What would you do? While imprisoned in a Nazi concentration camp, Simon Wiesenthal was taken one day from his work detail to the bedside of a dying member of the SS. Haunted by the crimes in which he had participated, the soldier wanted to confess to—and obtain absolution from—a Jew. Faced with the choice between compassion and justice, silence and truth, Wiesenthal said nothing. But even years after the war had ended, he wondered: Had he done the right thing? What would you have done in his place? In this important book, fifty-three distinguished men and women respond to Wiesenthal's questions. They are theologians, political leaders, writers, jurists, psychiatrists, human rights activists, Holocaust survivors, and victims of attempted genocides in Bosnia, Cambodia, China and Tibet. Their responses, as varied as their experiences of the world, remind us that Wiesenthal's questions are not limited to events of the past.
