A practical framework to avoid burnout and keep great teachers teaching *Onward* tackles the problem of educator stress, and provides a practical framework for taking the burnout out of teaching. Stress is part of the job, but when 70 percent of teachers quit within their first five years because the stress is making them physically and mentally ill, things have gone too far. Unsurprisingly, these effects are highest in difficult-to-fill positions such as math, science, and foreign languages, and in urban areas and secondary classrooms—places where we need our teachers to be especially motivated and engaged. This book offers a path to resiliency to help teachers weather the storms and bounce back—and work toward banishing the rain for good. This actionable framework gives you concrete steps toward rediscovering yourself, your energy, and your passion for teaching. You'll learn how a simple shift in mindset can affect your outlook, and how taking care of yourself physically, mentally, and emotionally is one of the most important things you can do. The companion workbook helps you put the framework into action, streamlining your way toward renewal and strength. Cultivate resilience with a four-part framework based on 12 key habits: Uncover your true self, understand emotions, and use your energy where it counts; Adopt a mindful, story-telling approach to communication and community building; Keep learning, playing, and creating to create an environment of collective celebration; By cultivating resilience in schools, we help ensure that we are working in, teaching in, and leading organizations where every child thrives, and where the potential of every child is recognized and nurtured. *Onward* provides a step-by-step plan for reigniting that spark.

National Book Award Winner The red words painted on the trailer caused quite a buzz around town and before an hour was up, half of Antler was standing in line with two dollars clutched in hand to see the fattest boy in the world. Toby Wilson is having the toughest summer of his life. It's the summer his mother leaves for good; the summer his best friend's brother returns from Vietnam in a coffin. And the summer that Zachary Beaver, the fattest boy in the world, arrives in their sleepy Texas town. While it's a summer filled with heartache of every kind, it's also a summer of new friendships gained and old friendships renewed. And it's Zachary Beaver who turns the town of Antler upside down and leaves everyone, especially Toby, changed forever. With understated elegance, Kimberly Willis Holt tells a compelling coming-of-age story about a thirteen-year-old boy struggling to find himself in an imperfect world. At turns passionate and humorous, this extraordinary novel deals sensitively and candidly with obesity, war, and the true power of friendship. In *Troubled Ground*, Claude A. Clegg III revisits a violent episode in his hometown's history that made national headlines in the early twentieth century but disappeared from public consciousness over the decades. Moving swiftly between memory and history, between the personal and the political, Clegg offers insights into southern history, mob violence, and the formation of American race ideology while coming to terms on a personal level with the violence of the past. Three black men were killed in front of a crowd of thousands in Salisbury, North Carolina, in 1906, following the ax murder of a local white family for whom the men had worked. One of the lynchers was prosecuted for his role in the execution, the first conviction of its kind in North Carolina and one of the earliest in the country. Yet Clegg, an academic historian who grew up in Salisbury, had never heard of the case until 2002 and could not find anyone else familiar with the case. In this book, Clegg mines newspaper accounts and government records and links the victims of the 1906 case to a double-lynching in 1902, suggesting a complex history of lynching in the area while revealing the determination of the city to rid its history of a shameful and shocking chapter. The result is a multi-layered, deeply personal exploration of lynching and lynching prosecutions in the United States.
