Everyone wants a great smile, but many patients are reluctant to talk to their dentists about their needs.

They may fear a high-pressure sales pitch for

expensive dental work or their own lack of understanding about the cost and impact of cosmetic procedures.

They may be frightened of having dental work done and unsure about the possibility of sedation or pain relief.

Worst of all, patients may receive conflicting information from their own dentists that cause them anxiety in seeking cosmetic dental help.

With so much conflicting information

out there about cosmetic dentistry, where do you turn for the facts? Smile!
