More and more multinational companies are deploying key employees around the globe to serve the increasing international business needs of the multinational, its global markets, and its customers. The ability to relocate employees quickly from one location to another, and the ability of those employees to quickly focus on the business objectives of the company once they are relocated, can often determine the success of a new regional operation or an entire global strategy. It is crucial for employers to avoid unexpected barriers or difficulties in the form of employment-related issues. This enormously valuable handbook is the ideal solution to such problems, both in the anticipation and in the event. With 32 chapters each written by local experts, it provides a practical, country-by-country guide to employee relocation issues among the world's most active or fast-developing economies. Each chapter offers a handy reference to relevant issues under each particular country's laws regarding employment status, compensation and benefits, related tax issues, and more. With its reliable guidance, both employers and employees can proceed confidently with their cross-border plans and commitments. The writers of each chapter answer important questions on a wide range of employment issues. Among the many relevant matters covered?in the same order in each chapter, for easy cross-reference?are the following: types of employment visas and related qualification requirements; expenses and time frame for obtaining visas; income taxation of foreign nationals; employer's tax withholding requirements; filing and reporting requirements; eligibility for employee or retirement benefits; continuation of home country benefits; wealth, capital, estate or death taxes; taxable presence of foreign corporate employers; vicarious liability for acts of employees; privacy laws relating to employees; employment termination provisions under local law; enforceability of non-competition and non-solicitation agreements; and protection of confidential or trade secret information. The Handbook has been meticulously produced under the auspices of member firms of the World Law Group, a leading network of 48 independent law firms located in most of the world's major commercial centers. A peerless source of information and guidance to employers in expatriate relocation planning, it will greatly help to foresee potential pitfalls and benefit from local advantages, so both employers and expatriate employees will be free to concentrate on the business goals at hand.

The Everyday Political Economy of Southeast Asia Routledge

In this book, leading scholars of EU law, judges, and practitioners unpack the judicial reasoning offered by the UK Advocates General in over forty cases at the Court of Justice, which have influenced the shape of EU law. The authors place the Opinions in the wider context of the EU legal order, and mix praise with critique in order to determine the true contribution of the UK Advocates General, before hearing the concluding reflections by the UK Advocates General themselves. The role of Advocates General at the Court of Justice of the European Union remains notoriously under-researched. With a few notable exceptions, not much ink has been spilled on analysing their contribution to the judicial discourse that emerges from the Court's Palais in Luxembourg. More generally, their impact on the shaping of EU law is only sporadically explored. This book fills the lacunae by offering an in-depth analysis of the way in which the UK Advocates General contributed to development of EU law during 47 years of the UK's membership of the EU. During their terms of office, Advocates General Jean-Pierre Warner (1973-1981), Gordon Slynn (1981-1988), Francis Jacobs (1988-2006), and Eleanor Sharpston (2006-2020) delivered over 1400 Opinions. This staggering contribution of the four individuals and their cabinets of legal secretaries was supplemented by an Opinion of a then Judge of the Court of First Instance, David Edward, who was called to act as an Advocate General in two joined cases in what is now the General Court. With the last UK Advocate General departing from the Court of Justice in September 2020, an important era has ended. With this watershed moment, it is apt to take a look back and critically analyse the contribution to development of EU law made by the UK Advocates General, and to elucidate the lasting impact they have had on the nature of EU law.
