MCSE Windows Server and SQL Server 2012 Exam 70-410, 461 and 462 ExamFOCUS Study Notes and Review Questions Createspace Independent Publishing Platform

According to MS, a server administrator is responsible for the operations and management of an infrastructure of Windows Server 2012 servers in an enterprise environment. Exam 410 covers: - Installing and Configuring Windows Server 2012 - Introduction to Active Directory Domain Services - Managing Active Directory Domain Services Objects - Automating Active Directory Domain Services Administration - Implementing Networking Services - Implementing Local Storage - Implementing File and Print Services - Implementing Group Policy - Implementing Server Virtualization with Hyper-V One will very likely run SharePoint Server on Windows Server 2012. According to MS, exam 70-667 is all about configuring SharePoint Server 2010 while Exam 331 covers the new generation SharePoint Server 2013. This book gives you a kickstart on the SharePoint exams by covering the relevant installation topics. We give you knowledge information relevant to the exam specifications. To be able to succeed in the real exams, you'll need to apply your earned knowledge to the question scenarios. Many of the exam questions are written to be less straight forward. They tend to be framed within the context of short scenarios. The exams are not too difficult. However, coverage is very comprehensive - a wide range of topics are presented in the official topic lists. The exams do not ask you to answer hundreds of questions. In other words, only a small fraction of the official topics will be presented. This ExamFOCUS book focuses on the more difficult topics that will likely make a difference in exam results. The book is NOT intended to guide you through every single official topic. You should therefore use this book together with other reference books for the best possible preparation outcome.

MCSE Installing and Configuring Windows Server 2012 Exam 70-410 ExamFOCUS Study Notes and Review Questions Packt Publishing Ltd

By passing Exam 70-410: Installing and Configuring Windows Server 2012 which is intended to validate the initial implementation and configuration of the Windows Server 2012 core services, one can become a Microsoft Certified Solutions Associate (MCSA) on Windows Server 2012, or proceed to taking other exams and earn the solution expert MCSE title.
