Le Petit Chose (1868), translated into English as Little Good-For-Nothing and Little What's-His-Name (1898, Jane Minot Sedgwick), is an autobiographical memoir by French author Alphonse Daudet. The novel recounts Daudet's early years from childhood, through boarding school, and finally to Paris and his first successes as an author. It was Daudet's first published, though not first written, work.

This book, which is in French, derives from a detailed empirical study of the Komo, a population of some 60,000 hunter-gatherers in Zaire. Dr de Mahieu builds a new theory of ritual practice on to his description and analysis of circumcision rituals among the Komo, and draws important comparisons between the significance of these rituals to the actual participants and to wider Komo society and beliefs.

En pleine congruence avec l'ambition du Groupe Européen pour l'Administration Publique d'encourager les échanges interculturels, ce livre constitue une entreprise originale, mi-anglophone mi-francophone. Cet ouvrage issu du Congrès du GEAP 2010 a pour objet de combler un déplorable fossé et de donner une visibilité internationale au « cas français ». Dès lors ce livre, en 18 chapitres rédigés en français par une équipe interdisciplinaire (politistes, sociologues, historiens, socio-historiens, juristes) avec plus de 150 pages en anglais et une vaste bibliographie unifiée, entend offrir à tous les spécialistes de l'administration publique de par le monde un point d'accès unique au plus récent état des savoirs sur l'administration en France - ce pays où le mot État s'écrit avec un E majuscule.

=====
==== In full compliance with the ambition of the European Group for Public Administration to encourage cross-cultural exchanges, this book is a genuinely original undertaking. It is a hybrid Anglophone-Francophone product. This book from EGPA 2010 Conference purpose to bridge a regrettable gap and to give international visibility to the "French case". Thus, this book, in 18 chapters written in French by an interdisciplinary team (political scientists, sociologists, historians, sociohistorians, jurists) with more than 150 pages in English and a vast unified bibliography, offers to all students of public administration in the world a unique entry gate to the latest state of the art of administrative studies in France - this country where the State is to be spelled with a capital S.

The texts collected in this volume unveil the practice and the methods of the translators and scholars who contributed to the reemergence of Yiddish in contemporary Canada. Each of the personalities discussed enlarged the historical position and interpreted various aspects of the Yiddish language in Montreal that until recently remained obscure or inaccessible. -- Les textes rassemblés dans ce volume tentent de lever le voile sur la démarche et les méthodes des traducteurs et chercheurs qui ont contribué à la réémergence du yiddish dans le Canada contemporain. Ces traducteurs et chercheurs ont élargi l'assise historique et interprété de nombreux aspects de la langue yiddish à Montréal, aspects qui jusque-là demeuraient obscurs et inaccessibles.

Most monumental buildings of France's global empire – such as the famous Saigon and Hanoi Opera Houses – were built in South and Southeast Asia. Much of this architecture, and the history of who built it and how, has been overlooked. The Architecture of Empire considers the large-scale public architecture associated with French imperialism in seventeenth- and eighteenth-century India, Siam, and Vietnam, and nineteenth- and twentieth-century Indochina, the largest colony France ever administered in Asia. Offering a sweeping panorama of the buildings of France's colonial project, this is the first study to encompass the architecture of both the ancien régime and modern empires, from the founding of the French trading company in the seventeenth century to the independence and nationalist movements of the mid-twentieth century. Gauvin Bailey places particular emphasis on the human factor: the people who commissioned, built, and

lived in these buildings. Almost all of these architects, both Europeans and non-Europeans, have remained unknown beyond – at best – their surnames. Through extensive archival research, this book reconstructs their lives, providing vital background for the buildings themselves. Much more than in the French empire of the Western Hemisphere, the buildings in this book adapt to indigenous styles, regardless of whether they were designed and built by European or non-European architects. The Architecture of Empire provides a unique, comprehensive study of structures that rank among the most fascinating examples of intercultural exchange in the history of global empires.

Euro-Librarianship focuses on strategies for working toward cooperation between libraries throughout Europe and the United States to provide the best access and information to research materials as possible. Chapters by several authors in their original languages (with English abstracts) give this book a unique international appeal. Common difficulties such as fiscal constraints and rising book and serial prices are discussed. Stressing enhanced communication and shared responsibilities, this new volume helps bring libraries of all countries closer to the resource sharing capabilities that allow scholars and researchers much wider access to information than is available today. In this timely new book, many of the papers that were presented at the Second Western European Specialists (WESS) International Conference are brought together to be read and studied by everyone.
