[No Place Like Here](#) National Geographic Books

A groundbreaking look at the NSA surveillance scandal, from the reporter who broke the story, Glenn Greenwald, star of Citizenfour, the Academy Award-winning documentary on Edward Snowden In May 2013, Glenn Greenwald set out for Hong Kong to meet an anonymous source who claimed to have astonishing evidence of pervasive government spying and insisted on communicating only through heavily encrypted channels. That source turned out to be the 29-year-old NSA contractor and whistleblower Edward Snowden, and his revelations about the agency's widespread, systemic overreach proved to be some of the most explosive and consequential news in recent history, triggering a fierce debate over national security and information privacy. As the arguments rage on and the government considers various proposals for reform, it is clear that we have yet to see the full impact of Snowden's disclosures. Now for the first time, Greenwald fits all the pieces together, recounting his high-intensity ten-day trip to Hong Kong, examining the broader implications of the surveillance detailed in his reporting for The Guardian, and revealing fresh information on the NSA's unprecedented abuse of power with never-before-seen documents entrusted to him by Snowden himself. Going beyond NSA specifics, Greenwald also takes on the establishment media, excoriating their habitual avoidance of adversarial reporting on the government and their failure to serve the interests of the people. Finally, he asks what it means both for individuals and for a nation's political health when a government pries so invasively into the private lives of its citizens—and considers what safeguards and forms of oversight are necessary to protect democracy in the digital age. Coming at a landmark moment in American history, No Place to Hide is a fearless, incisive, and essential contribution to our understanding of the U.S. surveillance state.

*Quiet and Peaceable Life* Harper Collins

Evangelicals, argues Wells, have largely lost the truth that God also stands outside all human experience, that he still summons sinners to repentance and belief regardless of their self-image, and that he calls his church to stand fast in his truth against the blandishments of the modern world.

[No Place Like Home](#) Farrar, Straus and Giroux

In its mood and subject matter, Content reflects recent shifts in geo-politics, particularly since 9-11. The book's content follows Koolhaas's expanding interests, mixing architecture with politics, history, technology, and sociology. Topics are arranged according to geography.

**Bullshit Jobs** Blink

"Southern charm oozes off the page"\* of this sexy and poignant novel about family, friendships, and first romance—from Jaye Robin Brown, the critically acclaimed author of Georgia Peaches and Other Forbidden Fruit. It's Jandy Nelson's The Sky Is Everywhere meets Sarah Dessen's This Lullaby. Amber Vaughn is a good girl. She sings solos at church, babysits her nephew after school, and spends Friday nights hanging out at her best friend Devon's house. But when she learns about an audition at a prestigious arts school, Amber decides that her dream—to sing on bigger stages—could also be her ticket to a new life. Devon's older brother, Will, helps Amber prepare for her one chance to try out. The more time Will and Amber spend together, the more complicated their relationship becomes. . . and Amber starts to wonder if she's such a good girl, after all. Then, in an afternoon, the bottom drops out of her family's world—and Amber is faced with an impossible choice between her promise as an artist and the people she loves. Amber always thought she knew what a good girl would do. But between right and wrong, there's a whole world of possibilities. \*Kirkus

*Citizen* Harper Collins

The epic story of how a few disorganized and politically naive Kansans, realizing they were unfairly under attack, rolled up their sleeves, went looking for fights and ended up making friends in one of the country's most hostile states.

*Citizens of the Sea* Columbia University Press

In this refreshing, reader-friendly, and colorfully illustrated book about the ocean, renowned marine scientist Knowlton presents an overview of the hundreds of species that have been discovered in the past decade.

**Citizens of No Place** David R. Godine Publisher

Cowslip Grove seems like the perfect place to raise a family until the children start disappearing. Nobody looks for the children because nobody can remember them. Nobody except Levi and

Kat. Now they must figure out what terrible presence is taking the children and fight it to save the missing kids, before the whole town disappears.

**Homesick for Another World** Harper Collins

NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NEW YORK TIMES BESTSELLER • In this beautifully written masterwork, the Pulitzer Prize-winner and bestselling author of Caste chronicles one of the great untold stories of American history: the decades-long migration of black citizens who fled the South for northern and western cities, in search of a better life. From 1915 to 1970, this exodus of almost six million people changed the face of America. Wilkerson compares this epic migration to the migrations of other peoples in history. She interviewed more than a thousand people, and gained access to new data and official records, to write this definitive and vividly dramatic account of how these American journeys unfolded, altering our cities, our country, and ourselves. With stunning historical detail, Wilkerson tells this story through the lives of three unique individuals: Ida Mae Gladney, who in 1937 left sharecropping and prejudice in Mississippi for Chicago, where she achieved quiet blue-collar success and, in old age, voted for Barack Obama when he ran for an Illinois Senate seat; sharp and quick-tempered George Starling, who in 1945 fled Florida for Harlem, where he endangered his job fighting for civil rights, saw his family fall, and finally found peace in God; and Robert Foster, who left Louisiana in 1953 to pursue a medical career, the personal physician to Ray Charles as part of a glitteringly successful medical career, which allowed him to purchase a grand home where he often threw exuberant parties. Wilkerson brilliantly captures their first treacherous and exhausting cross-country trips by car and train and their new lives in colonies that grew into ghettos, as well as how they changed these cities with southern food, faith, and culture and improved them with discipline, drive, and hard work. Both a riveting microcosm and a major assessment, *The Warmth of Other Suns* is a bold, remarkable, and riveting work, a superb account of an "unrecognized immigration" within our own land. Through the breadth of its narrative, the beauty of the writing, the depth of its research, and the fullness of the people and lives portrayed herein, this book is destined to become a classic.

*No Place for Monsters* Random House Books for Young Readers  
A modern-day classic. This highly acclaimed adventure series about two friends desperate to save their doomed city has captivated kids and teachers alike for almost fifteen years and has sold over 3.5 MILLION copies! The city of Ember was built as a last refuge for the human race. Two hundred years later, the great lamps that light the city are beginning to flicker. **There's No Place Like Home...for sex education** Simon and Schuster

A New York Times Notable Book of 2020 A Bloomberg Best Non-Fiction Book of 2020 A Behavioral Scientist Notable Book of 2020 A Human Behavior & Evolution Society Must-Read Popular Evolution Book of 2020 A bold, epic account of how the co-evolution of psychology and culture created the peculiar Western mind that has profoundly shaped the modern world. Perhaps you are WEIRD: raised in a society that is Western, Educated, Industrialized, Rich, and Democratic. If so, you're rather psychologically peculiar. Unlike much of the world today, and most people who have ever lived, WEIRD people are highly individualistic, self-obsessed, control-oriented, nonconformist, and analytical. They focus on themselves—their attributes, accomplishments, and aspirations—over their relationships and social roles. How did WEIRD populations become so psychologically distinct? What role did these psychological differences play in the industrial revolution and the global expansion of Europe during the last few centuries? In *The WEIRDest People in the World*, Joseph Henrich draws on cutting-edge research in anthropology, psychology, economics, and evolutionary biology to explore these questions and more. He

illuminates the origins and evolution of family structures, marriage, and religion, and the profound impact these cultural transformations had on human psychology. Mapping these shifts through ancient history and late antiquity, Henrich reveals that the most fundamental institutions of kinship and marriage changed dramatically under pressure from the Roman Catholic Church. It was these changes that gave rise to the WEIRD psychology that would coevolve with impersonal markets, occupational specialization, and free competition—laying the foundation for the modern world. Provocative and engaging in both its broad scope and its surprising details, *The WEIRDest People in the World* explores how culture, institutions, and psychology shape one another, and explains what this means for both our most personal sense of who we are as individuals and also the large-scale social, political, and economic forces that drive human history. Includes black-and-white illustrations.

*The City of Ember* HarperCollins UK

A New York Times Book Review Notable Book of 2017 An electrifying first collection from one of the most exciting short story writers of our time "I can't recall the last time I laughed this hard at a book. Simultaneously, I'm shocked and scandalized. She's brilliant, this young woman." —David Sedaris Ottessa Moshfegh's debut novel *Eileen* was one of the literary events of 2015. Garlanded with critical acclaim, it was named a book of the year by *The Washington Post* and the *San Francisco Chronicle*, nominated for a National Book Critics Circle Award, short-listed for the Man Booker Prize, and won the PEN/Hemingway Award for debut fiction. But as many critics noted, Moshfegh is particularly held in awe for her short stories. *Homesick for Another World* is the rare case where an author's short story collection is if anything more anticipated than her novel. And for good reason. There's something eerily unsettling about Ottessa Moshfegh's stories, something almost dangerous, while also being delightful, and even laugh-out-loud funny. Her characters are all unsteady on their feet in one way or another; they all yearn for connection and betterment, though each in very different ways, but they are often tripped up by their own baser impulses and existential insecurities. *Homesick for Another World* is a master class in the varieties of self-deception across the gamut of individuals representing the human condition. But part of the unique quality of her voice, the echt Moshfeghian experience, is the way the grotesque and the outrageous are infused with tenderness and compassion. Moshfegh is our Flannery O'Connor, and *Homesick for Another World* is her *Everything That Rises Must Converge* or *A Good Man is Hard to Find*. The flesh is weak; the timber is crooked; people are cruel to each other, and stupid, and hurtful. But beauty comes from strange sources. And the dark energy surging through these stories is powerfully invigorating. We're in the hands of an author with a big mind, a big heart, blazing chops, and a political acuity that is needle-sharp. The needle hits the vein before we even feel the prick.

*The WEIRDest People in the World* Jaden Skye

"How to Win Friends and Influence People" is one of the first best-selling self-help books ever published. It can enable you to make friends quickly and easily, help you to win people to your way of thinking, increase your influence, your prestige, your ability to get things done, as well as enable you to win new clients, new customers. \_x000D\_ Twelve Things This Book Will Do For You: \_x000D\_ Get you out of a mental rut, give you new thoughts, new visions, new ambitions. \_x000D\_ Enable you to make friends quickly and easily. \_x000D\_ Increase your popularity. \_x000D\_ Help you to win people to your way of thinking. \_x000D\_ Increase your influence, your prestige, your ability to get things done. \_x000D\_ Enable you to win new clients, new customers. \_x000D\_ Increase your earning power. \_x000D\_ Make you a better salesman, a better executive. \_x000D\_ Help you to handle complaints, avoid arguments, keep your human contacts smooth and pleasant. \_x000D\_ Make you a better speaker, a more entertaining conversationalist. \_x000D\_ Make the principles of psychology easy for you to apply in your daily contacts. \_x000D\_ Help you to arouse enthusiasm among your associates. \_x000D\_ Dale Carnegie (1888-1955) was an American writer and lecturer and the developer of famous courses in self-improvement, salesmanship, corporate training, public speaking, and interpersonal skills. OF THE YEAR: The New Yorker, Boston Globe, The Atlantic, BuzzFeed, NPR, Los Angeles Times, Publishers Weekly, Slate, Time Out New York, Vulture, Refinery 29, and many more . . . A provocative meditation on race, Claudia Rankine's long-awaited follow up to her groundbreaking book *Don't Let Me Be Lonely: An American Lyric*. Claudia Rankine's bold new book recounts mounting racial aggressions in ongoing encounters in twenty-first-century daily life and in the media. Some of these encounters are slights, seeming slips of the tongue, and some are intentional offensives in the classroom, at the supermarket, at home, on the tennis court with Serena Williams and the soccer field with Zinedine Zidane, online, on TV-everywhere, all the time. The accumulative stresses come to bear on a person's ability to speak, perform, and stay alive. Our addressability is tied to the state of our belonging, Rankine argues, as are our assumptions and expectations of citizenship. In essay, image, and poetry, *Citizen* is a powerful testament to the individual and collective effects of racism in our contemporary, often named "post-race" society.

**No Place To Go** Revell

The impact of stop-and-frisk policing on a South Bronx community What's it like to be stopped and frisked by the police while walking home from the supermarket with your young children? How does it feel to receive a phone call from your fourteen-year-old son who is in the back of a squad car because he laughed at a police officer? How does a young person of color cope with being frisked several times a week since the age of 15? These are just some of the stories in *No Place on the Corner*, which draws on three years of intensive ethnographic fieldwork in the South Bronx before and after the landmark 2013 *Floyd v. City of New York* decision that ruled that the NYPD's controversial "stop and frisk" policing methods were a violation of rights. Through riveting interviews and with a humane eye, Jan Haldipur shows how a community endured this aggressive policing regime. Though the police mostly targeted younger men of color, Haldipur focuses on how everyone in the neighborhood—mothers, fathers, grandparents, brothers and sisters, even the district attorney's office—was affected by this intense policing regime and thus shows how this South Bronx community as a whole experienced this collective form of punishment. One of Haldipur's key insights is to demonstrate how police patrols effectively cleared the streets of residents and made public spaces feel off-limits or inaccessible to the people who lived there. In this way community members lost the very 'street corner' culture that has been a hallmark of urban spaces. This profound social consequence of aggressive policing effectively keeps neighbors out of one another's lives and deeply hurts a community's sense of

cohesion. *No Place on the Corner* makes it hard to ignore the widespread consequences of aggressive policing tactics in major cities across the United States.

**No Place Like Home** HarperCollins UK

While Americans often believe that owning a home serves as a tool for building stronger communities and crafting better citizens, this book argues that these long-standing beliefs about the public benefits of homeownership are deeply mischaracterized. As owning a home has emerged as the most important way to build wealth in the United States, it has also reshaped the way citizens become involved in their communities. Rather than engaging as public-spirited stewards of civic life, the book argues that homeowners often engage in local politics as a way to protect their property values. This civic engagement, the book argues, contributes to the politics of exclusion. It keeps particular citizens from gaining access to high-opportunity neighborhoods and reinforces patterns of residential segregation. It often marginalizes renters from participation in public life, and it equates property values with the common good. Through an analysis of the politics of homeownership, this book asks readers to reconsider the power of homeownership to strengthen citizenship and build better communities.--

**Animate Form** Harvard University Press

Rendered homeless by circumstances beyond his family's control, Dan is forced to move to Tent City, where he begins fighting for better conditions only to be targeted by an adversary who wants to destroy the impoverished region.

**The Warmth of Other Suns** DigiCat

**No Place I'd Rather Be** Wm. B. Eerdmans Publishing

Richard Rogers was born in Florence in 1933. He was educated in the UK and then at the Yale School of Architecture, where he met Norman Foster. Alongside his partners, he has been responsible for some of the most radical designs of the twentieth century, including the Pompidou Centre, the Millennium Dome, the

Bordeaux Law Courts, Leadenhall Tower and Lloyd's of London. He chaired the Urban Task Force, which pioneered the return to urban living in the UK, was chief architectural advisor to the Mayor of London, and has also advised the mayors of Barcelona and Paris. He is married to Ruth Rogers, chef and owner of the River Café in London. He was knighted in 1991 by Queen Elizabeth II, and made a life peer in 1996. He has been awarded the Légion d'Honneur, the Royal Institute of British Architects' Royal Gold Medal, and the Pritzker Prize, architecture's highest honour. Richard Brown is Research Director at Centre for London, the independent think tank for London. He was previously Strategy Director at London Legacy Development Corporation, Manager of the Mayor of London's Architecture and Urbanism Unit, and an urban regeneration researcher at the Audit Commission.

**A Biography of No Place** Penguin

John L. Ruth, a Mennonite storyteller/historian, captures the spirit of Old Order Mennonite and Amish groups in his essays, along with photographs, poetry, and quotations. If the "plain people" of North America are to be understood in terms of their own concerns, we must consider sympathetically their own expressions and the biblical cadences they echo. Having maintained, with the tolerance of their society, a simple life as "the quiet in the land," these folk still prize such passé virtues as modesty, humility, and obedience to God's will, as interpreted by a disciplined community of faith. Their values, difficult to appreciate in a world bemused by progress, are seldom if ever articulated, except as curiosities, in our mass media. --John L. Ruth, in *A Quiet and Peaceable Life*.

**No Place to Die (Murder in the Keys—Book #1)** Princeton Architectural Press

Crystal Clark arrives in Colorado's Yampa Valley amid the splendor of a high country June in 1892. After the death of her father, Crystal is relieved to be leaving the troubles of her Georgia life behind to visit her aunt Kate's cattle ranch. Despite being raised as a proper Southern belle, Crystal is determined to hold her own in this wild land—even if a certain handsome foreman doubts her abilities. Just when she thinks she's getting a handle on the constant male attention from the cowhands and the catty barbs from some of the local young women, tragedy strikes the ranch. Crystal will have to tap all of her resolve to save the ranch from a greedy neighboring landowner. Can she rise to the challenge? Or will she head back to Georgia defeated? Book one in the Heart of the West series, *No Place for a Lady* is full of adventure, romance, and the indomitable human spirit. Readers will fall in love with the Colorado setting and the spunky Southern belle who wants to claim it as her own.
