Includes Atti della Giunta centrale di statistica, 1878-1880; Atti del Consiglio superiore di statistica, 1882-1939 and Atti della Commissione per la statistica giudiziaria e notarile, 1882/83-1908.

Operazione Drago Rosso - 2a parte (Segretissimo SAS) Penguin

This book deals with one of the earliest surviving "abbacus" treatises, one that is by far more orderly than any of the extant predecessors and is also the first to contain a presentation of algebra. The book contains an edition and an English translation of a manuscript from c. 1450. In addition, it features an extensive discussion of the contents of the treatise and its location within early abacus culture.

In *Killing Hope*, William Blum, author of the bestselling *Rogue State: A Guide to the World's Only Superpower*, provides a

devastating and comprehensive account of America's covert and overt military actions in the world, all the way from China in the 1940s to the invasion of Iraq in 2003 and - in this updated edition - beyond. Is the United States, as it likes to claim, a global force for democracy? *Killing Hope* shows the answer to this question to be a resounding 'no'.

La Rassegna nazionale University of Toronto Press

The hunt for Ernesto "Che" Guevara was one of the first successful U.S. Special Forces missions in history. Using government reports and documents, as well as eyewitness accounts, *Hunting Che* tells the untold story of how the infamous revolutionary was captured—a mission later duplicated in Afghanistan and Iraq. As one of the architects of the Cuban Revolution, Guevara had become famous for supporting and organizing similar insurgencies in Africa and Latin America. When he turned his attention to Bolivia in 1967, the Pentagon made a decision: Che had to be stopped. Major Ralph "Pappy" Shelton was called upon to lead the mission. Much was unknown about Che's force in Bolivia, and the

stakes were high. With a handpicked team of Green Berets, Shelton turned Bolivian peasants into a trained fighting and intelligence-gathering force. Hunting Che follows Shelton's American team and the newly formed Bolivian Rangers through the hunt to Che's eventual capture and execution. With the White House and the Pentagon monitoring every move, Shelton and his team helped prevent another Communist threat from taking root in the West. INCLUDES PHOTOS

Marco Bellocchio Guernica Editions
Reimagining the life of Italian poet Gabriela D'Annuzio, this play draws on D'Annuzio's beautifully crafted love letters to recreate a hidden family drama between mother and daughter. D'Annuzio, who achieved early fame in Italy for his rich and sensuous poems, has been reviled in the years since World War II for his allegiance with Mussolini and Fascism. As famous for his decadent

lifestyle and radical political views as for his poetry, this work finds inspiration in D'Annuzio's rich inner life.

Della fabbrica del mondo, di M. Francesco Alunno da Ferrara, libri dieci. Ne' quali si contengono le voci di Dante, del Petrarca, & del Boccaccio; che serueno per esprimere, e nello scriuere, & ne' ragionamenti ancora, tutti i concetti dell'huomo di qualunque cosa creata Courier Corporation

Examines the works of a noted Italian film director through a political lens, answering questions about subjectivity, objectivity and political commentary in modes of filmmaking.

Acta Ecclesiae Mediolanensis a S.

Carlo Card Edizioni Mondadori

A Cold War-era study of Latin American anarchism in action. Araiza Kokinis's study of the Uruguayan Anarchist Federation (FAU) broadens our understanding of the Cold War-era political landscape beyond the capitalism-communism and Old Left-New Left binaries that dominate the historiography of the epoch. Arguably the most impactful anarchist organization globally in the Cold War era, the FAU viewed everyday people as revolutionary protagonists and sought to develop a popular counter-subjectivity through accumulating experiences directly challenging the market and the state. The FAU argued that everyday people transformed into revolutionary subjects through the regular practice of collective direct action in labor unions, student organizations, and neighborhood councils. Their slogan was "create popular power," and their praxis differed from nationalist strains of Marxism at the time. The strategies and tactics promoted by FAU, ones in which everyday people took on roles as historical protagonists, offered the

largest threat to maintaining social order in Uruguay and thus spawned a military takeover of the state to dismantle and deflate their vibrant popular revolt. With less than 80 militants, FAU played a key role both sparking and networking popular protagonism in workplaces, neighborhoods, and on campuses. The FAU worked in coalition with the Communist Party (PCU), MLN-Tupamaros (MLN-T), and other Left organizations to support a unified Left project while simultaneously challenging hegemonic strategies, tactics, and discourses. Unlike other anarchist groups worldwide, which took to individualism and counterculture in response to Marxism's popularity throughout the sixties, the FAU embraced Third Worldism and a class struggle strategy that made them a relevant force amongst popular social movements. Throughout the constitutional dictatorship (1967-73), the Tendencia Combativa, a coalition of dissident labor unions spearheaded by FAU, controlled one-third of the nation's unions in some of the most lucrative industries, especially in the private sector. By the time of June 27, 1973, military coup, a majority of Uruguayan industrialists recognized organized labor as the most serious threat to national security. Moreover, communications between US Ambassador to Uruguay Ernest V. Siracusa and US Secretary of State Henry Kissinger, showed the dictatorship's primary concern was to repress the surging labor movement rather than confronting a waning Tupamaro guerrilla movement. The FAU's anarchist activism within this broader climate of worker revolt threw a wrench in the 1970s neoliberal experiments in Latin America that later migrated north to impoverish American workers from the 1980s until today.

A chunky, distinctive object of brilliant design in and of itself, Stylepedia is the first handy, cross-referenced desk guide to the kaleidoscope that is modern design. In hundreds of illustrated entries, Heller and Fili, the award-winning authors of Euro Deco and numerous other popular design titles, survey the designers, schools, and movements that comprise the practice today as well as take a fascinating glimpse back at some of the seminal early leaders. From the first Santa Claus to appear on a Coca-Cola bottle to the increasingly ubiquitous camouflage tee shirt, iconic everyday items of yesterday and today provide valuable inspiration to designers and design aficionados. As quirky as it is useful and positively packed with lavish color illustrations, this designer's design compendium is the only one of its kind.

Annali di statistica OR Books

Mexican novelist and historian Paco Ignacio Taibo II here captures the life and character of Che Guevara, the preeminent Latin-American revolutionary of the late twentieth century. The symbol of radical egalitarianism and the war against social injustice, Guevara was gunned down in the jungles of southeastern Bolivia in 1967, his death surrounded by questions that remain unanswered. In the years since he died, fascination with Che and his independent and pragmatic brand of Guerilla Marxism have become increasingly focused. Taibo, whose

extensive contacts in Latin American political activism gives him unprecedented access to hitherto untapped sources, probes Che's life with a storyteller's pen and an historian's judgment. Delving into vast archives to which few researchers have entry, Taibo investigates the mystery and myth surrounding Che's life, careers, and ideals.
