Plato's Republic is one of the most well-known and widely discussed texts in the history of philosophy, but how might we get to the heart of this work today, 2500 years after it was originally composed? Alain Badiou invents a new genre in order to breathe fresh life into Plato's text and restore its universality. Rather than producing yet another critical commentary, he has retranslated the work from the original Greek and, by making various changes, adapted it for our times. In this innovative reimagining of a classic text, Badiou has removed all references specific to ancient Greek society, from the endless exchanges about the moral courage of poets to those political considerations that were only of interest to the aristocratic elite. On the other hand, Badiou has expanded the range of cultural references: here philosophy is firing on all cylinders, and Socrates and his companions are joined by Beckett, Pessoa, Freud and Hegel. They demonstrate the enduring nature of true philosophy, always ready to move with the times. Moreover, Badiou the dramatist has made the Socratic dialogue a true oratorical contest: in his version of the Republic, the interlocutors have more in mind than merely agreeing with the Master. They stand up to him, put him on the spot and thereby show thought in motion. Through this work of writing, scholarship and philosophy, we are able, for the first time, to read a version of Plato's text which is alive, stimulating and directly relevant to our world today.

Le Guide Musical IRPP

Proceedings and transactions of the Royal Society of Canada John Benjamins Publishing

This is a very interesting collection of topics that centers on critical methodologies and the central problems of medieval alterity.

RIBA Journal John Wiley & Sons

This volume explores and contextualizes the contributions of Gilles Paquet as a social scientist. A quintessential public intellectual, Gilles Paquet's long and multifaceted career has shown him to be a thinker of significant power and creativity. This self-described "homo hereticus"--always critical and sometimes controversial--has influenced scholars and policy makers in Canada and around the globe. The contributors reveal how his assessments of economics, politics, public administration, and education have stirred their minds and helped them make sense of the world around them. The volume also provides comments on Paquet's vision of governance, touching on concepts of which he has made extensive use: meso-analysis, social learning, and moral contracts.

Reports of Cases Argued and Determined in the Supreme Court of Louisiana and in the Superior Court of the Territory of Louisiana. [1809-1896] University of Ottawa Press

American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world. Published by the American Historical Association, it covers all areas of historical research.

ENSAYO BIOGRAFICO JUAN DE LA COSA SBL Press

The Danish scholar Jan Pinborg (1937-1982) made outstanding contributions to our understanding of medieval language study. The papers in this volume clearly demonstrate the

wealth of Pinborg's scholarly interests and the extent of his influence. Though centered on medieval theories of grammar and language, the collection ranges in time from the fourth century B.C. to the seventeenth century A.D.; theories of the pronoun, of mental language, of supposition, of figurative expressions and of mereology are among the topics discussed; and the papers deal with both humble anonymous teachers of grammar and with such well-known men as Aristotle, Plotinus, Augustine, Peter of Spain, Roger Bacon, Robert Kilwardby, Thomas Aquinas, Dante, William of Ockham, Domingo de Soto, and Suárez. The papers are in English, German, or French.

Plato's Republic BoD - Books on Demand Reprint of the original, first published in 1875.

The Legal News NYU Press

This book, The Author addresses the following issues: how and to what effect judicial action has changed since the adoption of the charter, both at the national level and in Quebec; how judges seek to reconcile particular groups claims with the sense of community integral to a free and democratic society; the implications of these and other developments for interest group advocacy, particular within parliament; and means of strengthening the voice of under represented groups within elected institutions.
