Baby dragon debutantes. Territory challenges. Dragon battles. When will the chaos end?Dragon Sage Elizabeth Darcy longs for life to return to normal, at least as normal as it could be for a

Blue Order officer who lives with more household dragons than most small villages. Having two sisters and an infant dragon to present as debutantes to the Order, make 'normal' difficult. The fine ladies-she-dragons one and all-of the Cotillion Board make it impossible. Sir Fitzwilliam Darcy, Knight of the Pendragon Order never envisioned his oath to 'protect and serve the interests of the Blue Order and dragonkind' would demand immediate action. But only a Keeper can defend Pemberley's territory against threats far too big for a baby dragon to manage. Threats against the Pendragon Accords themselves. And only the one closest to her can protect the Dragon Sage from the sinister forces menacing the Order, possibly from within its own ranks. Can Darcy and

Elizabeth ensure the Cotillion strengthens the Order rather than laying the groundwork for its demise? Meryton meets Pern in a fantastical regency romp bound to delight readers of Jane Austen and Anne McCaffrey alike. Book 8 of Jane Austen's Dragons

*Dragonkeeper WaterBrook*

The fantastic land of Amara is recovering from years of war inflicted on its citizens by outside forces—as well as from the spiritual apathy corroding the Amaran's hearts. With Kale and her father serving as dragon keepers for Paladin, the dragon populace has exploded. It's a peaceful, exciting time of rebuilding. And yet, an insidious, unseen evil lurks just

beneath the surface of the idyllic countryside. Truth has never been more important, nor so difficult to discern. As Kale and her father are busy hatching, bonding, and releasing the younger generation of dragons as helpers throughout the kingdom, the light wizard has little time to develop her skills. Her husband, Sir Bardon—despite physical limitations resulting from his bout with the stakes disease—has become a leader, serving on the governing board under Paladin. When Kale and Bardon set aside their daily responsibilities to join meech dragons Regidor and Gilda on a quest to find a hidden meech colony, they encounter sinister forces. Their world is under attack by a secret enemy... can they overcome the ominous peril they can't even see? Prepare to experience

breathtaking adventure and mind-blowing fantasy as never before in this dazzling, beautifully-crafted conclusion to Donita K. Paul's popular DragonKeeper Chronicles fantasy series. *Bronze Bird Tower Yearling*  
The acclaimed New York Times bestselling author of Dragon Keeper returns with a second enthralling tale of dragons and humans, adventure and discovery, love and freedom Centuries had passed since dragons last roamed the war-torn world of the Rain Wild River. But as peace once again settled upon the land, a lost generation of sea serpents—ancient, half-starved, and weary—returned to cocoon, certain that they would be reborn as the beautiful and powerful dragons of legend. But their arduous journey exacted a heavy

toll, and the proud serpents emerged as sickly, half-formed beasts, unable to fly or hunt . . . or thrive. For years now they have been trapped on a swampy riverbank between forest and river, hungry and barely alive, reliant on humans to provide for them. With their survival at stake, fifteen dragons—among them the wise golden Mercor, the haughty and dazzling silver-blue queen Sintara, and the delicate copper beauty Relpda—have set off on a dangerous trek into the unknown, up the Rain Wild River, in hopes of rediscovering the ancient Elderling city of Kelsingra, the lost haven for dragons and Elderlings alike. The dragons are accompanied by a disparate group of human keepers, rejects from Rain Wild society. They, too, yearn to find

Kelsingra and create a home of their own, one in which they may make their own rules and decide their own fate. But is Kelsingra real or merely a fragment of a glorified past buried deep in the dragons' shared memories? No map exists to guide them, and the noble creatures find their ancient recollections of little use in a land changed by generations of flooding and seismic chaos. As the dragons, the humans—including the strong and defiant Rain Wild girl Thymara; the wealthy dragon scholar and Trader's wife, Alise; and her companion, the urbane Sedric—and their magical supply barge, captained by the gruff Leftrin, forge their way ever deeper into uncharted wilderness, human and beast alike discover they are changing in

mysterious and dangerous ways. While the bonds between them solidify, starvation, flashfloods, and predators will imperil them all. But dragons and humans soon learn that the most savage threats come from within their own company . . . and not all of them may survive. Returning to the territory of her beloved Liveship Traders and Tawny Man trilogies, New York Times bestselling author Robin Hobb creates a lush and ultimately triumphant tale set in an

imaginative world of magic and wonder as compelling and emotionally resonant as our own.
