A thirteen-year-old Jewish girl and her family abandoned their house in Amsterdam

and went into hiding in 1942, when Nazis occupied Holland. They and another family stayed cloistered in the "Secret Annex" of an old office building for the next two years, until their whereabouts were revealed to the Gestapo. They suffered starvation, boredom, the daily cruelties of living in tight quarters, and the ever-present prospect of discovery and death because they were cut

off from the outside world. Anne Frank kept a diary throughout this time, recording vivid recollections of her events. Her story is a fascinating meditation on human tenacity and weakness, as well as a riveting self-portrait of a sensitive and vibrant young woman whose promising future was sadly cut short. *The Diary of A Young Girl (Deluxe Hardbound Edition)* Corwin Press

In this Newbery

Honor book classic, young Sarah learns how to be brave even when the world is strange and new. In 1707, young Sarah Noble and her father traveled through the wilderness to build a new home for their family. "Keep up your courage, Sarah Noble," her mother had said, but Sarah found that it was not always easy to feel brave inside. The dark woods were full of animals and Indians, too,

and Sarah was only eight! The true story of Sarah's journey is inspiring. And as she cares for her father and befriends her Indian neighbors, she learns that to be afraid and to be brave is the greatest courage of all. The New York Times Book Review described this book as one "to be long remembered for its beautifully written simplicity and dignity."
