CLARK CASSIUS

The Draper and clothier Melbourne Books

"The book is a masterpiece....Mr. Morrison has achieved an astonishing success." -Pall Mall Gazette" "Since Daniel Defoe, no such consummate master of realistic fiction has arisen among us as Mr. Arthur Morrison. Hardly any praise could be too much for the imaginative power and artistic perfection and beauty of this picture of the depraved and loathsome phases of human life. There is all of Defoe's fidelity of realistic detail suffused with the light and warmth of a genius higher and purer than Defoe's." -Scotsman Not a page, line nor word is there in this story to modify its appalling, horrifying gruesomeness.....Its characters are guilty of an unmitigated wallowing through filth, bestiality and selfishness

so hard, that its like stands unrivaled in the annals of literature....Nothing at all approaching it in fearfulness has ever before been attempted." -The National Magazine "The power and art of the book are beyond question." -Hartford Courant "Indisputably one of the most interesting novels this year has produced....It deals with a well-known corner of the East End, not only with extraordinary faithfulness, which indeed is attainable to any one reasonably clear of cant and indolence, but also with a really artistic sense of effect....'A Child of the Jago' is one of those rare and satisfactory novels in which almost every sentence has its share in the entire design." -The Saturday Review of Politics, Literature, Science and Art "It is one of the most notable books of the year." -Chicago Daily News "We must credit Arthur Morrison, author of 'Tales of Mean Streets,' with being a powerful and picturesque writer, a keen observer, and an uncompromising realist....As a study of local conditions, this work is remarkable....The sun does sometimes

shine even in the Jago, and the sentiments of tender love from mother to child, and of human pity and sympathy, are not wholly foreign to life in the most degraded quarters of East London." -The Literary World "Told with great vigor and powerful simplicity." - Athenaeum "Mr. Morrison has given us, with unerring certainty of touch, a dull gray monotone of the daily struggles to be met with in honest poverty, and, by resisting every temptation to stage effect, has secured our sympathy for quite commonplace people." -The Atlantic Monthly "Mr. Morrison is known as the author of 'Tales of Mean Streets.' The new novel is in character like his former success, but is the result of more careful work." -Publishers Weekly "Powerful stories of life in the London slums, and the material for them was gathered while Mr. Morrison was acting as secretary for a charitable society, and so came into contact with the people and conditions which he describes." -San Francisco Daily Times "'A Child of the Jago' will prove one of the immediate and great success of the season." - Boston Times

A Child of the Jago Melbourne Books
The Hottest 100 is a national institution. For 30 years, triple j has held an annual countdown of its listeners' 100 favourite songs of the year, as voted by the public. It has evolved into the single most anticipated musical event of every year for millions of Australians. The Hottest 100 is so much more than music. It's beaches, barbeques, and bonfires. It's joy and despair, drama and debate, friendship and community. This book is a celebration of everything that makes the world's greatest musical democracy so damn iconic. Shoulda Been Higher is the definitive account of the Hottest 100 - a comedic chronicle and love letter. It's

the complete picture from Augie March to Ziggy Alberts, 'Amazing' to 'Zombie'.
Thayer School of Engineering Melbourne Books

Global Jazz: A Research and Information Guide is an annotated bibliography that explores the global impact of jazz, detailing the evolution of the African American musical tradition as it has been absorbed, transformed, and expanded across the world's historical, political, and social landscapes. With more than 1,300 annotated entries, this vast compilation covers a broad range of subjects, people, and geographic regions as they relate to interdisciplinary research in jazz studies. The result is a vivid demonstration of how cultures from every corner of the globe have situated jazz—often regarded as America's classical music—within and beyond their own musical traditions, creating new artistic forms in the process. Global Jazz: A Research and Information Guide presents jazz as a common musical language in a global landscape of diverse artistic expression.

The Bookman Melbourne Books
The Remarkable Mr Morrison delves into the life and musicality of James Morrison, one of Australia's most internationally acclaimed musicians. It follows not only his transformation from tearful primary school boy to supremely confident performer, but also explores the nature and development of his giftedness. James discovered his natural talent early and was playing international jazz festivals in his teens. He has a unique ability to play a variety of instruments to world-class standard, while maintaining an affable and effervescent approach to his multi-faceted life. In his spare time he drives fast cars, flies planes, loves boating, abseiling and gadgetry and has completed several triathlons, but above

all he is a musician par excellence. This book critically examines his qualities, both musical and personal, and his rise to the highest echelons of every jazz genre. The book has been written with the cooperation of James.

The Chinese Hsinhai Revolution

Routledge

A juicy piece of trivia is like a beautiful fresh cut of protein. It needs to be handled just right. Some fillets of trivia work well as a question, others are best posed as a 'Did you know'. Some have so much flesh on them that they are better served up as a whole story or essay. That is what you will find between these pages, a smorgasbord of trivia treats to feast upon. Like a buffet on a cruise ship, you can start at the beginning and work your way along, you can push in at any point for the one tasty treat that you want, or you can fill a small plate and come back over and over again. This is possibly the most complete book of Rock Trivia ever compiled and the morsels will astonish ... Did you know that in 2013 Chubby Checker sued Hewlett-Packard over a 99-cent app called the 'Chubby Checker' which allowed users to enter a man's shoe size to estimate the size of his penis? He claimed that the product would cause damage to his goodwill, tarnishing his image. Trivia with a twist? Did you know that Charles Manson co-wrote a song for the Beach Boys? Plus hundreds of questions to tease and expand the mind. "At last ... a rock trivia book that is not at all trivial! This is a remarkable collection of questions, facts, myths, stories, jokes, riddles and answers. Number one with a bullet!" - Brian Nankervis, ABC Radio and Rockwiz host. "This is the book that we music trivia nuts have been waiting for. Even if you think you know it all there'll be

something that surprises you. Read it from front to back or just dip into it when you need a trivia top up. I love it!" - Murray Cook, The Wiggles, The Soul Movers

Nomination of Herbert W.

Christenberry Melbourne Books

This is an intriguing memoir by Paulie Stewart, a much-loved rock singer, newspaper journalist and social activist whose life story spans an unusually broad swathe of modern Australian life... Written when Paulie was facing the risk of an early death due to drug and alcohol-induced liver failure, the book helped him to realise the extent to which his whole life, including his often self-destructive behaviour, were shaped by the teenage trauma of losing his brother Tony, the 21-year-old HSV7 newsman who was one of the Balibo Five murdered by Indonesian forces in East Timor in 1975. A long-term campaigner for East Timorese independence, Paulie is convinced that a chance encounter with a Timorese nun as he lay in what could have been his deathbed at the Austin Hospital in 2007 played a role in his almost miraculous rescue the next day by a liver transplant. This 'bad boy' of Australian rock and roll has since then devoted himself to social activism and community work ranging from fundraising for nuns who care for disabled children in Timor-Leste through to helping street kids and refugees get their own lives on track through new careers as musicians and performers. - Peter Wilson (former Australian Journalist of the Year)

Paulie Stewart Gavin Holman

This book follows Australian musician Kim Salmon, from bands The Scientists, Surrealists and Beasts of Bourbon, from childhood in Perth through his many bands, albums, tours, family upheavals,

triumphs and disappointments and examines the characters of the music business he collaborates with along the way.

House of Commons Debates, Official Report Melbourne Books

The Chinese Hsinhai Revolution explores and explains for the first time the important role of G. E. Morrison in great power diplomacy in China from the end of the Russo-Japanese War to the overthrow of the Qing Dynasty. The work is based on a wide range of multinational scholarly sources and in order to develop the context in which Morrison carried out his personal diplomacy and to delineate the many-sided story into which Morrison has to be placed, Woodhouse has in addition to mining the very rich Morrison collection, drawn upon British, Japanese and American personal and official materials.

Official Report of Debates, House of Commons Gavin Holman

A Melbourne sound that is at once both rakish and debonair. So what specifically is it about Melbourne that, according to the Sydney Morning Herald, it's able to support around 465 live music venues as compared to 453 in New York, 385 in Tokyo and 245 in London despite its population being a fraction of those major world cities? Despite the flaky weather, the footy and Netflix, Melbournians are committed to going out at night and in great numbers in heat or hail to listen to live music and to find those bands and singers they've heard on Spotify or discovered on Soundcloud.

Proceedings Routledge

9th edition, 2019. A comprehensive list of books, articles, theses and other material covering the brass band movement, its history, instruments and musicology; together with other related

topics (originally issued in book form in January 2009)

Astonishing Rock Trivia Melbourne Books

Of the many brass bands that have flourished in Britain and Ireland over the last 200 years very few have documented records covering their history. This directory is an attempt to collect together information about such bands and make it available to all. Over 19,600 bands are recorded here, with some 10,600 additional cross references for alternative or previous names. This volume supersedes the earlier "British Brass Bands - a Historical Directory" (2016) and includes some 1,400 bands from the island of Ireland. A separate work is in preparation covering brass bands beyond the British Isles. A separate appendix lists the brass bands in each county

Screaming Whispers

I'll Be Gone is not just the story of an accidental masterpiece, a song written by Mike Rudd and recorded by his seminal Australian band 'Spectrum' in 1969. It is also the story of a time of unprecedented political and cultural upheaval and promise both in Australia and the Western world. Most of all, I'll Be Gone is the story of a unique artist and his unerring artistic vision, often in the face of immense personal hardship and sorrow.

Brass Bands of the British Isles 1800-2018 - a historical directory

.This is the second book in the Stealing Home Series. Author Aric H. Morrison continues to take his readers on a very visceral journey through the various darker images associated with his life. Read along as he weaves his perspective, journey, lessons, and storytelling in this second true masterpiece in this remarkable series.
